Please note: the house fronts directly onto the A31 Ringwood Road. This provides excellent, immediate road access but is a busy main route and can be audible from the front of the property, prospective purchasers are advised to view in person to appreciate the layout and sound levels.

This impressive and deceptively spacious family home is approached directly from the A31 Ringwood Road via remote-operated electric gates, opening onto a private frontage providing off-road parking for two vehicles. Steps rise to the contemporary front entrance door, leading into a bright and welcoming entrance hall with engineered herringbone LVT flooring flowing throughout the majority of the ground floor.

The ground floor accommodation centres around a beautifully appointed open-plan kitchen and living space, perfectly suited to modern family life and entertaining. The stylish kitchen is fitted with an attractive range of grey cabinetry complemented by marble-effect work surfaces and a central island with inset sink and additional storage. Integrated appliances include an oven, microwave, dishwasher and fridge/freezer. A rear door provides access to the garden, while an open archway connects seamlessly to the spacious living area. The dual-aspect living room enjoys excellent natural light and features a bespoke media wall with integrated storage and contemporary electric landscape fireplace, creating an attractive focal point.

A staircase leads down to a highly versatile basement level offering exceptional additional living space. Currently arranged as a large multi-purpose room, this area would suit a home office, gym, playroom, cinema room, guest accommodation or additional reception space. Patio doors open directly onto the lower terrace, while a separate utility room provides plumbing for laundry appliances, additional storage, the gas boiler and unvented hot water cylinder. Completing this level is a stylish shower room together with a further flexible room suitable for an office, hobby room or occasional guest bedroom.

The first floor hosts two generous double bedrooms, both benefiting from en-suite facilities. The principal bedroom enjoys attractive rear views across the garden towards the woodland backdrop and is complemented by a luxurious en-suite featuring a freestanding bath and walk-in shower. The second bedroom also benefits from a contemporary en-suite shower room. A beautifully finished family bathroom serves the remaining accommodation and comprises a four-piece suite including freestanding bath, walk-in shower, wash basin and WC.

The second floor provides two further double bedrooms, both featuring Velux windows, fitted storage within the eaves and ample space for growing families, guests or home working requirements.

Outside, the rear garden has been thoughtfully landscaped to create an attractive and private outdoor space. Marble-effect tiled terraces connect both the ground floor and basement levels to a lawned garden beyond, all enjoying a pleasant woodland backdrop.
