

ROYAL ARSENAL DEVELOPMENTS AND CONSTRUCTION COMPANY PRESENTS

Luxury living, every detail considered.

Luxurious apartments with private balconies, a residents' gym and underground parking.

COMPLETION

Q2 2030

WELCOME

Comfort, convenience and sophisticated design

Royal Arsenal Developments and Construction Company proudly presents its newest residential development, an impressive collection of contemporary homes bringing together luxurious interiors, modern architecture and an exceptional range of lifestyle amenities. With completion anticipated in Q2 2030, it's an exciting opportunity to secure an elegant home.

AT A GLANCE

Luxurious interiors	A private balcony in every home	Residents' fitness gym	Underground parking	Completion Q2 2030

THE RESIDENCES

Luxurious design in every apartment

Each residence showcases carefully considered interiors, stylish finishes and contemporary design touches that create a real sense of refinement. From the layouts to the finer details, every home is designed to work hard and look good doing it. They're made for professionals, couples, families and anyone looking for a quality residential investment.

PRIVATE BALCONIES

Your own outdoor retreat

Every apartment comes with its own private balcony, a place to get some fresh air, unwind after a busy day or create a personal retreat. Morning coffee, dinner outside or just a bit of quiet time, it's a valuable extension of your living space.

LIFESTYLE AMENITIES

Everything you need, right on site

Fitness gym and amenities

A dedicated residents' gym means you can keep up your routine without trekking to an outside facility. Along with the other communal amenities, it makes for a well-rounded place to live, with room to relax, stay active and get on with your day.

Underground parking

Dedicated underground parking gives residents a practical place to park and keeps the development tidy and well organised. If your household has a car, having parking on site is a real bonus.

SECURE YOUR NEW HOME

Completion anticipated Q2 2030

Luxurious interiors, private balconies, a residents' gym and underground parking make this much more than just a place to live. With completion scheduled for Q2 2030, now's the time to secure a home in a development built around how people want to live today.
