FITZROY GATE

A STUNNING COLLECTION OF 4, 5 & 6 BEDROOM
FAMILY HOMES SET WITHIN A PRIVATE GATED
PARKLAND ESTATE ON THE RIVER THAMES

A RARE OPPORTUNITY

Fitzroy Gate is a collaboration between St James – part of the Berkeley Group – and Beechcroft Developments.

Fitzroy Gate will transform this seven acre site on the banks of the River Thames into a gated estate with Beechcroft converting the Grade II listed buildings into 15 two and three bedroom apartments and 8 mews houses. St James will create 39 stunning four, five and six bedroom houses, together with a care home for the elderly.

The beautifully restored grounds provide a private mature parkland setting, enclosed by the original estate walls set behind the refurbished entrance gates.

Less than a mile from Richmond and within easy access of Central London, Fitzroy Gate offers a rare opportunity to live in a gated community in West London.

THE ST JAMES DIFFERENCE

St James is a design conscious residential developer with a proven track record for delivering fantastic homes in amazing places, utilising world class architecture, cultural initiatives, landscape and interior design to create a unique sense of place.

St James prides itself on adding value through the design, quality of homes and level of service it provides to its customers.

ISLEWORTH HOUSE

This desirable riverside manor was built as a home for Edward Blore, George III's physician, in 1832. This grand building, known locally as The White House, is where the privileged from the King's court would be invited to visit on the weekend to admire its manicured lawns, on-site chapel and large stable block.

For a local pub offering a friendly atmosphere with all creature comforts - roaring fires, sofas and hearty pies - you cannot go wrong with a visit to The Crown in St Margaret's.

CAFÉ CULTURE

DESIGNED FOR LIFE

Buying a home is one of the most important decisions you will ever make. The qualities that make St James different means you can choose a new home from us with complete confidence. You can be safe in the knowledge that it is built to very high standards of design and quality, has low environmental impact and you will enjoy an exceptional customer experience.

CUSTOMER SERVICE IS OUR PRIORITY

We place the highest priority on customer service and will manage the whole moving process for you. Our Customer Care Teams will contact you shortly after you complete to ensure that everything in your new home is absolutely to your liking. Our homes also benefit from a ten year warranty, the first two years of which are covered by St James.

GREEN LIVING & SUSTAINABLE DEVELOPMENT IS TOP OF OUR AGENDA

As a company, we are committed to reducing energy, water and waste on our construction sites, in our offices and in the homes that we build. Almost all of our developments are built on brownfield land and we always take care to protect and enhance biodiversity and natural habitats. Our homes include features to encourage sustainable living such as dual-flush WCs, recycling bins and energy efficient white goods.

QUALITY AT THE HEART OF EVERYTHING WE DO

At St James, quality takes precedence, from choosing the right location and style of home, to the construction processes we practice, the materials we use and the specifications we put into our homes. For extra peace of mind, in addition to the 10 year warranty all new homes receive, St James operates a 2 year policy with dedicated Customer Service teams on hand 24 hours a day to deal with enquiries quickly and effectively.

UNPARALLELED CHOICE OF HOMES IN THE MOST SOUGHT AFTER LOCATIONS

As one of the UK's leading house builders, we are able to offer our customers an unrivalled choice of property location, size and type. From city penthouses to country retreats, modern studio apartments to traditional family homes, you will find the perfect home to match your requirements.

Our homes are also built in some of Britain's most desirable locations from market towns and rural villages to major towns and cities - we build in the locations you want to live.

A COMMITMENT TO CREATING SUSTAINABLE COMMUNITIES

St James's homes and developments are not just built for today. They are designed to enhance the neighbourhoods in which they are located. We achieve this through our commitment to excellence in design, sensitive landscaping, sympathetic restoration, and impeccable standards of sustainability.

We aim to address the needs not only of our customers but their neighbours and the broader community of which they are a part. It is a long-term view: we want to create exceptional places for people to live, work and relax in, and build communities that will thrive today and for years to come.

OVER THE PAST TEN YEARS, THE BERKELEY GROUP HAS TRANSFORMED ITS BUSINESS TO BECOME A LEADER IN SUSTAINABLE URBAN REGENERATION

Sustainability is a key part of the Berkeley ethos, and its companies including St James have made a long-term commitment to create sustainable, vibrant communities that enhance the surrounding area while minimising any adverse environmental impact. These values lie at the heart of Fitzroy Gate. This means lower running costs, as well as the satisfaction of living a 'more sustainable' lifestyle.

A COMMITMENT TO THE FUTURE

Over the years, The Berkeley Group has won many prestigious awards for the quality, design and sustainability of its developments. Our Vision is Berkeley's plan for the business, designed to raise standards higher still. Our goal is to be a world-class company creating successful, sustainable places where people aspire to live.

We take our responsibilities towards our customers, the environment, the workforce and the communities in which we work very seriously. Our plan for the business has five areas of focus: Customers, Homes, Places, Operations and Our People.

AN EXCEPTIONAL CUSTOMER EXPERIENCE

We aim to put customers at the heart of our decisions. Dedicated sales teams will provide exceptional service throughout the buying process, and teams will manage the customer relationship from exchange of contracts through to completion, delivery of the new home and after occupancy.

GREAT PLACES

We seek to create beautiful, successful places characterised by the quality of their design, external spaces, transport and access to jobs and amenities. These are places where people choose to live, work and spend their time and which directly encourage people's well-being and quality of life.

THE BERKELEY FOUNDATION

Berkeley takes social responsibility very seriously. In 2011 we set up The Berkeley Foundation, with the aim of supporting Britain's young people and their communities.

We do this through a number of partner charities that tackle some of the most pressing social problems affecting young people today, including homelessness and unemployment. The money raised comes part from the Berkeley Group, and also through the tireless and inventive efforts of our staff.

We have set a goal for The Berkeley Foundation to invest £10 million over the next five years to support young people and their communities. Every penny will be spent on charitable activities and worthy causes to ensure that maximum benefit is achieved.

HIGH QUALITY HOMES

When you buy a new home from Berkeley you can be safe in the knowledge that it is built to very high standards of design and quality and has low environmental impact. We meet specific space standards for new homes and aim to deliver a home which has fibre broadband infrastructure.

EFFICIENT AND CONSIDERATE OPERATIONS

We reduce the impact of the construction process on the local community by registering all of our sites with the Considerate Constructors Scheme. We set targets to reduce water, energy and waste. We work with our supply chain to ensure high quality services and materials are consistently provided.
