

MY HOME DESIGN SERVICE

*Now you can have the chance to design your very own showhome. Taking the stress out of moving, Berkeley's My Home Design\* service, means you can walk straight into your fully furnished new home.*

*How it works*

We want to make moving as convenient and time-efficient as possible, so that you have more time for everything else.

When you have reserved your new home and placed your deposit, we will arrange for a private consultation with an Alexander James Interiors designer, either at Taplow Riverside Information Centre or in the comfort of your home.

Your interior designer can help you design your entire home or select rooms, it's completely up to you. If you want to start from scratch your interior designer can suggest all furnishings and fittings that you can purchase, with no hidden costs or mark ups.

If you have furniture that you love, perhaps a timeless classic or family heirloom, your interior designer can take your existing furniture and design your new house using all the comforts that you already own.

When it's time to move, we will take everything from your old house and move it to your new home, fully set up, for you to settle straight in. No packing, no unpacking. Just time to relax and enjoy.

\*Terms and conditions apply, please ask a Sales Consultant for more details.
