# Designed with you in mind

## From talking to our Customers, we know where we build is equally as important as what we build.

We ensure our developments are well located to the local shops or town centre and essential amenities, including local transport. Each development is individually designed to blend comfortably with neighbouring properties. A great deal of importance is placed on the communal gardens, providing a welcome retreat for you, your family and friends.

Our developments benefit from a Guest Suite for the comfort and convenience of your family and friends to stay over whilst visiting, a Laundry Room with all appliances at a raised height for easy access and a lift to all floors so even shopping isn't a chore.

A beautifully furnished Owners' Lounge is another popular feature of the development and provides the perfect venue for entertaining, participating in activities organised by your Lodge Manager or just relaxing with a book.

The Wellbeing Suite, providing health and beauty treatments on your doorstep, is another key benefit provided.

Whether you want privacy or companionship, the choice is yours at a Churchill Retirement Living development.

*“I am so happy here. My apartment is a lot easier to maintain than my previous home and of course you have the company of the other Owners. There are regular activities that take place in the Owners' Lounge giving everyone the opportunity to get together.”*

**Mrs Joan Wertheim**  
Abbots Lodge, Canterbury

**Safety and security in our developments is our priority. We want to provide you with the peace of mind to relax and enjoy your new lifestyle.**

A 24 hour emergency Careline system is provided via a discreet personal pendant alarm and bathroom call point. In an emergency this system provides direct contact to either your Lodge Manager, when on duty, or a member of the Careline team 24-hours a day, 365 days a year.

A camera entry system is installed and can be operated via a standard TV set from your apartment. This allows you to view a visitor before letting them in at the main entrance door simply by changing channels on your TV set.

An intruder alarm is fitted to the front door of every apartment and on the ground floor sensors are fitted throughout the apartments.

Sophisticated fire and smoke detection systems are fitted in all apartments and throughout the communal areas in the development.

Both the intruder and fire alarm systems are connected to the Careline system.

And finally, but most importantly, there is the Lodge Manager, who is responsible for the effective and smooth running of the development. We hope you will come to see him or her as a neighbour you may call upon. You'll find them a great help, from answering day to day queries to keeping an eye on your apartment if you go away, providing you with peace of mind for a safe and secure retirement in your new apartment.

*“I am so happy living here, I have made lots of new friends and never feel lonely. The Security is excellent and I feel so much safer than when I was living on my own. Our Lodge Manager is lovely and it's very reassuring to know that she is here to help and keep an eye on the development.”*

## Millstream Management

**We are proud to appoint Millstream Management Services Ltd to oversee the smooth and efficient running of our developments, ensuring the building, communal areas and landscaped gardens are maintained to a high standard for many years to come.**

Our joint commitment is to make life easier for you, so you can relax and enjoy your retirement. Millstream provides a professional and personal service to all Owners, allowing you and your family to relax in the knowledge that your development is being maintained to the standard you expect by a reputable company within the industry. Both Millstream and Churchill recognise that the managing agent is there to deliver a service to you as an Owner and not vice versa and Millstream deliver this through ensuring its staff are available to talk and more importantly listen to what you as Owners have to say about the way your development is run.

When living in a Churchill Retirement development you no longer have to worry about normal household upkeep and maintenance. Your visiting Lodge Manager, who we hope you will come to see as a friend or neighbour, will organise things such as window cleaning, building maintenance and gardening. Millstream will also take care of buildings insurance, water rates and the heating and lighting of the communal areas, whilst you'll be relaxing in the garden rather than tending to it. Cleaning of the communal areas is also taken care of, including the Guest Suite, so when you have friends or family to stay it's ready for them.

You will also have the benefit of being able to financially plan ahead with confidence. As with most managed developments there is one service charge\* that takes care of all the running and maintenance costs of the building including the emergency Careline system. We suggest that you take some time to complete the Potential Savings Calculator on the opposite page to get a clearer picture of the many benefits of choosing a Churchill Retirement development. Our Sales Consultant will take you through further details or answer any queries you have when you visit.

\*A specific breakdown of the service charge on an apartment at Steeple Lodge is available on a separate information fact sheet.
