AMARA PROPERTY

AMARA PROPERTY IS A PIONEER OF BESPOKE ARCHITECTURE, CHARACTERISED BY AN UNRIVALLED COMBINATION OF LUXURY DETAILING, DIVERSE DESIGN AND CUTTING-EDGE TECHNOLOGY.

Our design styles are virtually unlimited. In fact, the Amara designers pride themselves in not having a house style as this enables the design to be tailored to each bespoke development.

Focused on luxury developments we create exclusive residences in some of the most desirable locations in North and North West London. Our extensive range of expertise ensures that we remain at the fore front of luxury design.

ARIA, BEECH HILL, HADLEY WOOD
— FIRST IMPRESSION IS EVERYTHING

Like a soloist stands out in an opera, Aria was designed to be unique and individual. Fusing the old with the new, the grandeur of the double height glass entrance, linear brick detailing and long entrance drive, were all created to make this spectacular home exclusive.

Entertainment is a crucial part of the design at Aria. The basement leisure complex boasts a swimming pool, bar, steam sauna, gym, cinema and games room and a salon. The ability to host friends and family at home is a pleasure and Aria makes the experience unforgettable.

“PROUDLY ENTERTAIN IN YOUR NEW HOME”

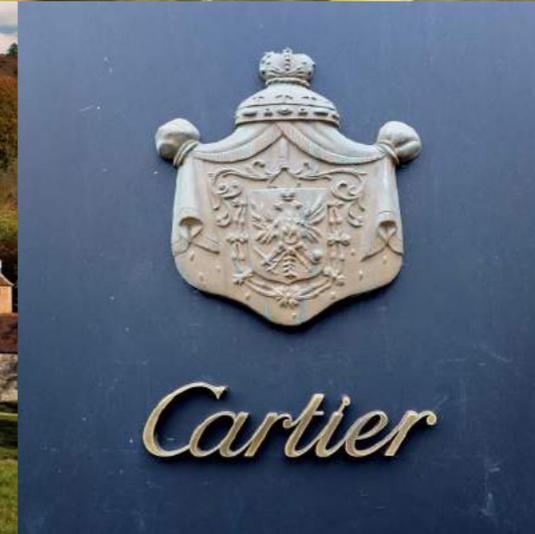

HADLEY WOOD AND IT'S PLAYGROUND

— LITERALLY SPOILS FOR CHOICE

Hadley Wood boasts a wealth of stylish restaurants, country houses and golf courses—combine this with the easy transport links into central London and you have the ultimate playground.

Nearby attractions include the Mary Beale Resturant, The Ferney Hill Tea Rooms, Trent Park and boutique shops to enjoy at your leisure.

Aria boast an array of bespoke interior detailing to make this home ever more spectacular. A custom-designed Italian chandelier over the family dining, grand elliptical staircase with crocodile print leather hand rail, customised lighting design and total home automation, make everyday living more enjoyable.

MODERN LUXURY WITH A CLASSIC TWIST

— ARIA COMBINES LUXURY MODERN LIVING WITH THE EXQUISITE CHARM OF MANY TRADITIONAL ELEMENTS

Liveable art can come in many forms. In Aria this is showcased by the Sea-flowers Chandelier, a bespoke lighting masterpiece by the legendary Italian designer Rocco Borghese. Established in Italy as traditional glassblowers for three generations, London-based Rocco has devoted himself to the art and science of chandelier creation for 35 years.

EXQUISITELY FINISHED
— BRINGING MODERN ART TO LIFE

Aria is designed with security in mind. The home has a front and rear gated entrance and is secured with video entry keypads, CCTV perimeter surveillance, internal security alarm and the owner's ability to manage and control the home from any off-site location.

www.amaraproperty.co.uk

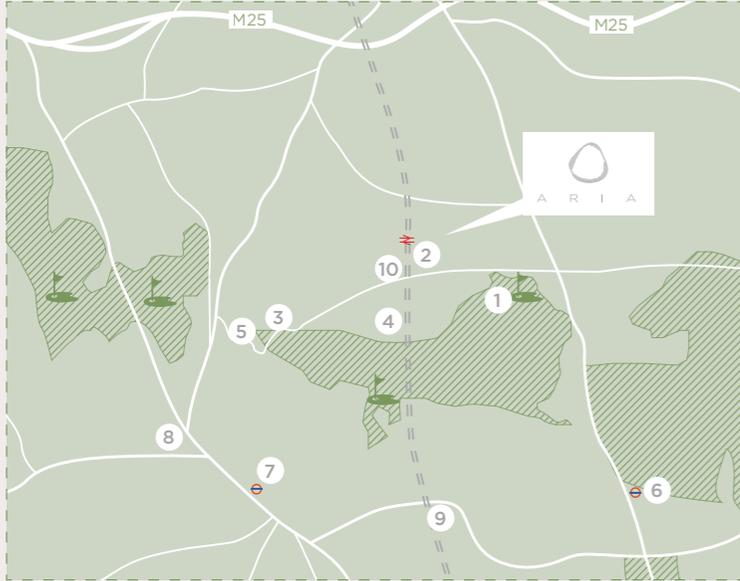

AUTOMATION & SECURITY — DESIGNED WITH YOUR SAFETY IN MIND

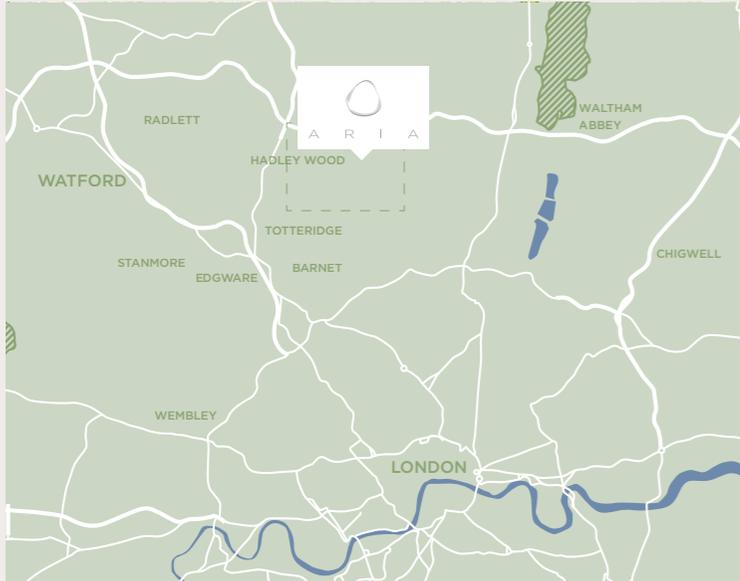

GIRA Control Panel

Aria is technologically advanced unlike any other home. The GIRA home automation system controls the lighting, heating, air-conditioning, music, home cinema, security and the video gate entry on one single panel. It is easy to use and can be connected to your smart phone or tablet.
