## Tincklers Fold

---

Introducing a limited collection of just seven 4 & 5 bedroom expertly and artistically crafted houses, located in the picturesque village of Ecclestone, Lancashire.

# Tincklers Fold Eccleston

Set against the dramatic backdrop of the West Pennine Moors, Tincklers Fold presents a unique opportunity to experience the charm of village life with the convenience of excellent local amenities.

## Sports and Leisure

Eccleston is very proud of its resident sporting hero Bradley Wiggins. As such, there is a host of sporting and leisure facilities within a 6 miles radius, including Charnock Richard Golf Club, Chorley Cycling Club, Chorley Tennis Club, Eccleston Cricket Club, Eccleston Pool and Spa, Eccleston Village Recreation Ground, Euxton Park Golf Centre, Gymworks (Euxton), Lavender Hotels Leisure Club, Mawdesley Tennis Club and Yarrow Valley Golf Club.

The Eccleston to Dalton Quick Hill Figure Eight is a popular cycle route, and with so many scenic paths through beautiful woodland and countryside, cycling, walking and jogging will never be dull, especially as exercise can always end in one of the local pubs "The Farmers Arms" or "The Brown Cow" which flank Eccleston Village.

Set in the South Lancashire countryside, Tincklers Fold is located on the outskirts of the historic English village of Eccleston.

Situated near the River Yarrow, and mentioned in the Domesday Book, Eccleston has enjoyed its peaceful agricultural heritage. Heskin Farmers market continues to thrive to this day with its local products and trades attracting visitors from near and far.

Eccleston's strong links with the textile industry can also be seen in the local manor houses and halls, which remain in use to this day. In particular the "Old Mill" now known as "Bygone Times" is now a cherished hidden gem, specialising in curios and antiques.

Astley Hall Museum and Art Gallery is another popular destination, promoting a busy social calendar throughout the year, with historical productions, picnics and the famous "Chorley Flower Show".

The village is situated close to the M61, M65 and M6. Plus with rail links from Croston and Euxton Lane Stations, this bespoke development provides commutable access to the North West region.

Tincklers Fold truly offers you the best of both worlds.

# The Westchurch Specification

Inspired by the Arts and Crafts movement, Tincklers Fold is a collection of contemporary homes that recall traditional building forms and craftsmanship. Our properties embrace both classic architectural design and high specification open plan living to fulfil modern living requirements.

“The Arts and Crafts movement was an English design movement beginning in the late 19th century and spanning around 40 years. With respect to the built form, the movement celebrated simple, traditional designs, the use of natural materials as well as a return to individual craftsmanship.”

Our collection of homes take inspiration from an era. With their steep rooflines, our properties are individually styled with a mix of brickwork and render, stone heads and cills and extensive glazing. The hanging tile detail and finials also typical of the period.

Each property benefits from landscaped gardens as well as an impressive block paved driveway. The oak effect composite front door is matched by the up and over double garage door giving a stylish finish to the property.

Our new homes are decorated in neutral colours and benefit from large family living spaces. The design of our open plan kitchen and family room with our choice of bi-fold doors maximise the light, space and flow of the entire ground floor. Our Nolte kitchens are both modern and practical, with a sophisticated design completing a dynamic living space. The combination of Neff appliances, stainless steel finishes, quality work surfaces and tiling delivers a statement kitchen in which to live or entertain.

All bathrooms and en-suites feature Rocca sanitary ware complete with chrome fixtures and our favoured Cementi wall tiles give a contemporary feel to the rooms.

Our homes are constructed with energy efficiency and economy in mind, incorporating environmentally friendly features such as efficient heating systems, double glazed windows, high levels of wall and loft insulation and well-designed ventilation systems.

Should you reserve early enough in the build process, you will be able to choose from a good range of flooring, fixtures and fittings. All of our homes benefit from a 10 year Premier Guarantee warranty, giving you peace of mind from day one.
