# A proud history

We want you to buy and move into your home with absolute confidence, so you can enjoy it fully from day one. From the moment the sale is agreed we will work with you to take care of every detail and keep you informed.

Ashford Homes has been building luxury homes of true character for over 25 years throughout the Wiltshire/Somerset region. We are well-known for creating developments that uphold local traditions and are a pleasure to live in.

Over recent years our build quality has been recognised with awards from both Wiltshire and B&NES building control bodies.

Our dedicated staff and sub-contractors are mostly local people. They take a real pride in their work and understand local materials and methods. Many have been working with the company for years, upholding the trades and traditions that Ashford Homes is proud to promote.

This generates a fantastic quality product but just to be absolutely sure we have rigorous quality controls that conform fully to all industry standards, including environment and safety.

All new homes come with a 10 year structural warranty provided by LABC, as well as a comprehensive and efficient aftercare service from our team. Nothing is more important to us than our customers.
