Home is at the heart of an independent lifestyle

We provide you with an independent lifestyle and all the time you need to enjoy your freedom to the full in your retirement years, with peace of mind, comfort and security.

Your apartment is completely self-contained with its own front door, providing you with privacy and peace and quiet when you want it. When you fancy some company you'll find the Owners' Lounge a popular and relaxed meeting place.

Our Lodges are conveniently located for the shops, services and local amenities you'll need to pursue your chosen lifestyle. You can enjoy outings, visits and holidays, knowing that your home is secure.

To ensure you have the time to enjoy your new lifestyle, all communal maintenance and upkeep of the development is taken care of. All those irritating, time consuming jobs like window cleaning – and even the gardening – are now someone else's problem. You can just relax.

The safety and security features in your apartment, along with all the maintenance, running costs and upkeep of the communal areas, including the lift, are covered by a single, monthly Management Charge, so you can budget with confidence.

Your free time is yours to enjoy and spend as you wish, with friends, neighbours, family or just by yourself.

"A month after moving in, I fulfilled a lifelong dream to visit the Taj Mahal in India. Free from the responsibilities of a large house and the worries of living alone, I have been able to embrace my retirement."

Mrs Winter, Dean Lodge

An ideal location, close to all you need

An outstanding development of 44 one and two bedroom retirement apartments located in the suburban village of Timperley in Altrincham, just seven miles southwest of Manchester.

St Johns Lodge is ideally situated for daily amenities in the village centre and is aided by the Metro link, a regular tram providing journeys into the city centre, where you can indulge in stylish independent shopping, fine dining or visit one of the many attractions.

St Johns Lodge is surrounded by an established residential community in Thorley Lane, only a 500 metre walk to the village centre where local high street convenience stores offer daily essentials. An abundance of coffee shops provide the opportunity for afternoon tea with loved ones and independent retailers provide everything you need on your doorstep. Since 1983, Timperley has hosted the Timperley Country Fair every year during September at Lark Hill, which is ideally located next to St Johns Lodge. The event itself offers a craft show, Timperley Horticultural Society Flower and Vegetable Show and stalls offering homemade produce to purchase, along with entertainment throughout the day.

With Manchester home to the famous venue The Lowry you will never be short of art and cultural experiences in the City Centre. Great days out in Manchester include the Manchester Ship Canal Cruise – a six hour trip that is awe inspiring, relaxing and promises to be a North West trip to remember, while Manchester Museum provides everything

for natural history enthusiasts and The Bridgewater Hall, an international concert venue caters for a variety of music tastes.

Leisurely walks can be enjoyed at Wythenshawe Park, located less than two miles north from St Johns Lodge. This beautiful park is set in 109 hectares of open parkland in South Manchester, with historic and ornamental woodlands, herbaceous borders, formal bedding, open grassland and beautiful wildflower meadows to enjoy. The park is steeped in history with three Grade II Listed buildings located within the park to explore: North Lodge, the Statue of Oliver Cromwell and Wythenshawe Hall, providing a leisurely day out or picnic with the family.

Avid golfers are spoilt by being within easy reach of The Altrincham Golf Club just one mile from this prestigious development, where an 18 hole course set in attractive surroundings can be found. Timperley is well served by public transport links, with a bus stop located outside of St Johns Lodge and the M56 linking Cheshire and Greater Manchester can be easily reached. For journeys further afield Timperley is served by Manchester International Airport catering for both domestic and international journeys, enabling you to travel when you wish.

Home is at the heart of your retirement

From talking to our Customers, we know what we build is equally as important as where we build.

We always make sure our developments are well located for the local shops or town centre and essential amenities, including local transport. In addition, each development is individually designed to blend comfortably with neighbouring properties, and be a home you'll be proud to live in.

We use the very latest construction materials, fixtures and fittings, for maximum energy efficiency and low utility bills. Communal areas are attractively decorated and furnished in a comfortable, contemporary style, and always kept immaculately clean.

Your own apartment can be furnished and decorated however you wish, although structural alterations may need approval.

A great deal of importance is placed on the communal gardens, providing a welcome retreat for you, your family and friends. Our developments also benefit from a Guest Suite for the comfort and convenience of your family and friends to stay over when visiting, and a lift to all floors so heavy shopping isn't a chore.

The beautifully furnished Owners' Lounge is another popular feature of our developments and provides the perfect venue for entertaining, participating in activities organised by your Lodge Manager or just relaxing with a book. Whether you want privacy or companionship, the choice is yours at a Churchill Retirement Living development.

"Chadwick Lodge has been built in the perfect location... It is close to local amenities which are accessible by bus and easy for family and friends to get to when they visit."

Mr and Mrs Cannon, Chadwick Lodge

Home is at the heart of a safe and secure retirement

At all of our Lodges, we aim to provide you with complete peace of mind, so you can relax and enjoy your new lifestyle.

You will often meet up with your neighbours in a Churchill retirement development; there is a great sense of community which encourages friendships and social activity as well as being a huge reassurance at all times.

A 24 hour emergency Careline system is also provided via a discreet personal pendant alarm and shower room call point. In an emergency this system provides direct contact to either your Lodge Manager, when on duty, or a member of the Careline team, 24 hours a day, 365 days a year.

A camera entry system is installed and can be operated via a standard TV set from your apartment. This allows you to view a visitor before letting them in at the main entrance door simply by changing channels on your TV set.

An intruder alarm is fitted to the front door of every apartment and in ground floor apartments sensors are also fitted throughout.

Sophisticated fire and smoke detection systems are fitted in all apartments and throughout the communal areas. Both the intruder and fire alarm systems are connected to the Careline system.

And finally, but most importantly, there is the Lodge Manager, who is responsible for the effective and smooth running of the development. We hope you will come to see him or her as a neighbour you may call upon. You'll find them a great help, from answering day to day queries to keeping an eye on your apartment if you go away.

All the above security features are included in your monthly Management Charge, so they are always in place, providing you with peace of mind for a safe and secure retirement in your new apartment.

“My apartment is a lot easier to maintain than my previous home and of course you have the company of the other Owners.”

Mrs Wertheim, Abbots Lodge

Home is at the heart of your comfortable & convenient retirement

Our developments have been carefully designed to make life easier, leaving you free to enjoy your retirement.

There are two big differences between Churchill Retirement Living and the other retirement options. First of all, everything in your Churchill apartment is brand new – never been used with guarantees – and, secondly, because it is your own private apartment, it can be personalised to your taste – just how you like it. Just think of it as a brand new start!

We have taken care of the essential specifications. There's a winning combination of design and functionality in both the kitchen and shower room. Tiled and colour co-ordinated, they are specifically designed to be pleasing to the eye.

Kitchens are modern with colour co-ordinated worktops and built-in fridge and freezer. The oven is located at just the right height to save you bending down and there's a separate ceramic hob and extractor hood.

All apartments have a shower room with WC, with selected two bedroom apartments also having a separate cloakroom. The development is heated via communal air source heat pumps which use the natural energy within the air to a pump which provides heat and hot water to the development, including each individual apartment.

The system is very energy efficient and therefore reduces running costs as the pumps are able to produce more energy than they consume. This delivers a very efficient form of heating. Owners will benefit by having full control of their heating via thermostats and programmers whilst always having domestic hot water 'on-tap'. All this without having the worry of an individual boiler and its associated costs.

All apartments are inspected by our Customer Services Department to ensure they are handed over with an absolutely faultless standard of finish and quality. Typically our developments have the following comprehensive specification.

Please check with the Sales Consultants for details of your chosen apartment.

A well-managed community is at the heart of your retirement

It is our policy to be completely transparent when it comes to costs – nothing is hidden, there are no surprises, you will know exactly how much to budget for.

The actual monthly costs vary depending on the location and the type of apartment you choose, but at any time, our Sales Consultant will be able to give you an accurate figure for the specific home you are considering.

If you add up what it costs to live in your current home every month, that will give you a useful comparison when considering a move to Churchill Retirement Living. Your Sales Consultant will be happy to help you with this.

As with any other leasehold property, the Management Charge includes ground rent, plus a service charge, which includes all exterior maintenance and redecoration, and upkeep of communal areas (hallways, lifts, stairs, paths, driveways etc).

The Millstream Management Services Charge also includes many things you would have to pay for anyway: hot water in your own apartment, general heating, water and sewerage charges, buildings insurance and extras like window cleaning and garden maintenance. And it includes many of the things you would expect to pay extra for: the services of the full-time Lodge Manager, 24 hour Careline Monitoring, the furnishing, heating and cleaning of the Owners' Lounge, and more.

The Millstream Management Charge is competitive and there should not be any unexpected bills. Churchill also does not charge a transfer (exit) fee if you sell or sublet your property.

Accurate figures for individual apartments are supplied on a separate sheet, together with details of how the money is spent. Please ask for details.

Millstream Management Services

Millstream Management Services Ltd is an independent company, owned by Churchill Retirement Living. They oversee the smooth and efficient running of our developments, ensuring the building, communal areas and landscaped gardens are maintained to a high standard for many years to come.

They collect the Management Charge six-monthly, carefully select the Lodge Managers and administer the Lodge outgoings. A full breakdown of these costs is available on request at any time.

You will find full details and further information about Millstream Management Ltd on a separate leaflet, or on their website: millstreammanagement.co.uk.
