Bloom

Mews

Off the beaten path, a collection of 11 family houses in SE2.

May Bloom Mews is a select new development of family homes. Six of the houses offer four bedrooms and five homes have three bedrooms.

The stylish homes in a quiet mews like development have been designed with day-to-day practicalities in mind. The homes, all with allocated parking spaces boast an array of features for 2016 family living. Some homes have an additional shower room, some a home office, all a downstairs toilet.

Built in two short terraces, the homes create a tranquil retreat whilst still offering easy access to the range of transport links that connect May Bloom Mews with central London and the south east.

## Travel and connections

May Bloom Mews already has wonderful transport links to Central London and with the new Cross Rail station opening in Abbey Wood in 2017 the location will become even more desirable for great access to central London and the Kent Line links.

Abbey Wood's train station is approximately a 15- 20 minute walk from May Bloom Mews, bus services connect the development and the station. Alternatively, take the 99 Bus to Plumstead Station.

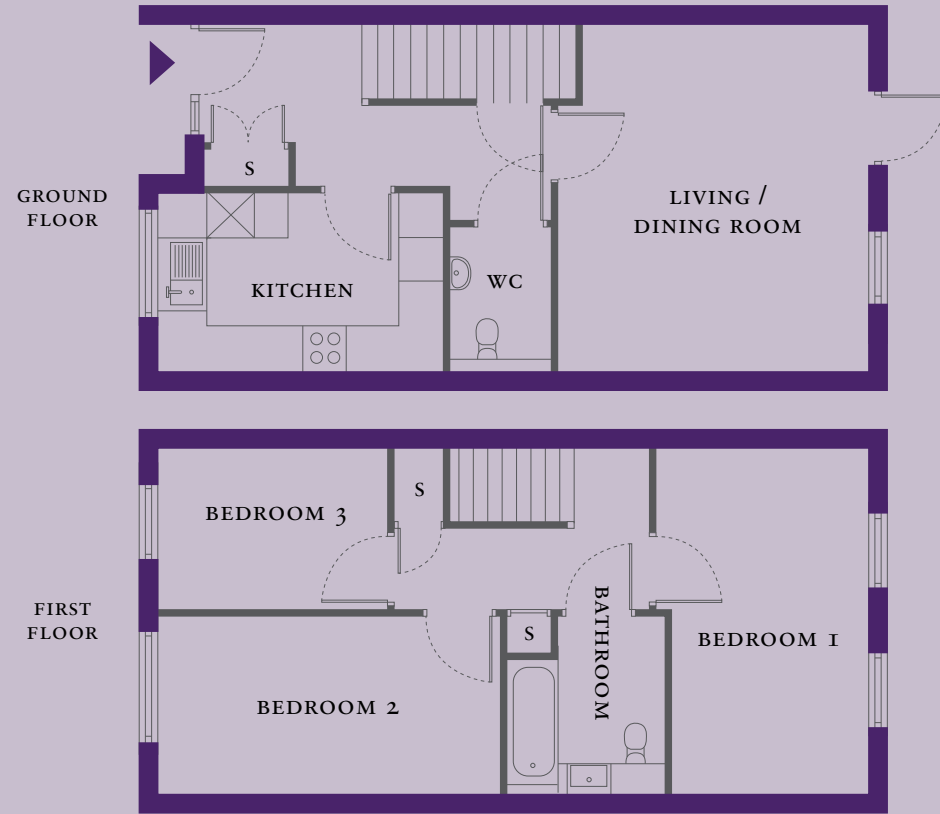

### CROSS RAIL TRAVEL TIMES\*

\*Times stated on Cross Rail website on 1.2.2016
