ROTTINGDEAN

CONTEMPORARY APARTMENTS, PENTHOUSE & HOUSES  
DESIGNED WITH VISION

Unique, cliff top location.  
Intelligently designed homes with sleek interiors and large open plan living spaces to maximise breathtaking panoramic views.

**In an increasingly rare and atmospheric cliff top location, AquaVista offers the opportunity to acquire an exceptional new home designed to take full advantage of its position and stand out from the crowd.**

### **AquaVista**

Just nine homes have been designed for this very special location offering a choice of apartment or three storey living. Six spacious 2 bedroom, 2 bathroom apartments, a superb 3 bedroom, 3 bathroom penthouse and two family 4 bedroom, 3 bathroom houses over three floors, each with sea views. A contemporary colour palette and detailed finishes complete the look throughout and include seamless designer kitchens and luxury bathrooms with lines that flow.

### **Apartments & Penthouse**

Each apartment has a spacious, open plan living area featuring an expanse of floor to ceiling windows and doors opening onto a sea facing terrace/balcony to capture the vista year round. The penthouse benefits from a large, full width terrace as well as a balcony to each bedroom. All apartments feature underfloor heating and a passenger lift gives easy access to all floors. Two apartments also benefit from an additional Study. Outside, electronic security gates open onto secure garage parking and space for visitor parking. In addition, there is a gated pedestrian entrance, video entry system, secure cycle store and communal landscaped gardens for the enjoyment of all owners.

### **Houses**

Each of the two houses benefits from an open plan living area and underfloor heating to the ground floor. Outside, both homes feature a west facing terrace and private garden with two car parking space to the front of each property.

### **Rottingdean village**

Nestled at the foot of the beautiful South Downs National Park, the charming and friendly village of Rottingdean centres around its picturesque pond and village green. It is home to quaint character pubs, restaurants, local produce shops, independent retailers, an annual fete and a popular spring music festival. In the nineteenth century the village became popular among artists, writers and politicians - counting Rudyard Kipling, among others, as a famous former resident - and it still retains its artsy feel today.

The landmark black 'Smock' windmill sits atop Beacon Hill nearby and mile upon mile of spectacular, rolling countryside provides the picture perfect backdrop. Settled beneath the chalk cliffs runs a promenade that will take you as far as the Marina and it is popular with walkers and cyclists alike.

### **Brighton and its Marina**

The buzz and bright lights of both Brighton Marina and the cosmopolitan City of Brighton and Hove are only moments up the coast to the west with an eclectic mix of quirky independent shops, hidden lanes and an historic promenade to a multitude of world-class restaurants, theatres, music venues, shopping and leisure facilities. The annual Brighton Festival and Brighton Fringe are internationally renowned featuring a vast array of music, theatre, dance, circus, art, film, literature, debate, outdoor and family events.

### **Getting around**

Coastal bus routes provide frequent services along the seafront and to all areas of the locality and for rail travellers, the City's mainline station provides excellent services to London in less than one hour with destinations to London Victoria, London Bridge and St Pancras International stations. The A27 at Falmer is approximately five miles away, giving fast access both east and west, and north to the A23/M23 and the national motorway network beyond.
