THE HEIGHT OF AMBITION

In the heart of London's regenerated Vauxhall, a new future is rising.

At its centre stands Keybridge, a stunning fusion of the capital's mansion blocks with elements of Manhattan architecture, all brought to life in Britain's famous brick. It's a bold and ambitious development that's destined to become the standout landmark in the capital's most exciting new neighbourhood.

This unique development includes 8 storey Keybridge House, and Keybridge Lofts, which at 37 storeys is the UK's tallest brick tower.

In total, Keybridge offers 441 new homes from studio to three bedrooms, as well as 37,000 sq ft of new commercial retail space.

Proudly standing apart, it's a place where heritage reaches new heights.

THE HEIGHT OF LUXURY

Everything you need to live the way you want. The ground floor of Keybridge Lofts hosts our stylish concierge lobby and mezzanine Keybridge Club Lounge, a place to work, relax and connect. In the basement you'll find the gym with swimming pool, sauna and steam room, for that essential daily workout and de-stress.

Step outside into the beautifully landscaped gardens with charming water features, leafy pathways and Tom Price's fascinating sculptures. Keybridge offers one acre of open space including communal gardens and an elegant new public square leading to the historic church nearby. Be inspired by a unique setting with a different perspective.

THE HEIGHT OF SOPHISTICATION

Keybridge's elegant brick façade fuses traditional materials with a cutting-edge context. Inside, the carefully crafted internal spaces feature the finest fixtures and fittings, with the latest connectivity. Choose from a range of contemporary colour palettes and interior styles, from cool utilitarian to softer minimalist.

Light and space are maximised, with generous ceiling heights and interior layouts designed to suit your lifestyle. For instant inspiration look outside and enjoy Keybridge's breathtaking views; pick out the capital's famous landmarks and trace the course of the Thames as it curves through central London.

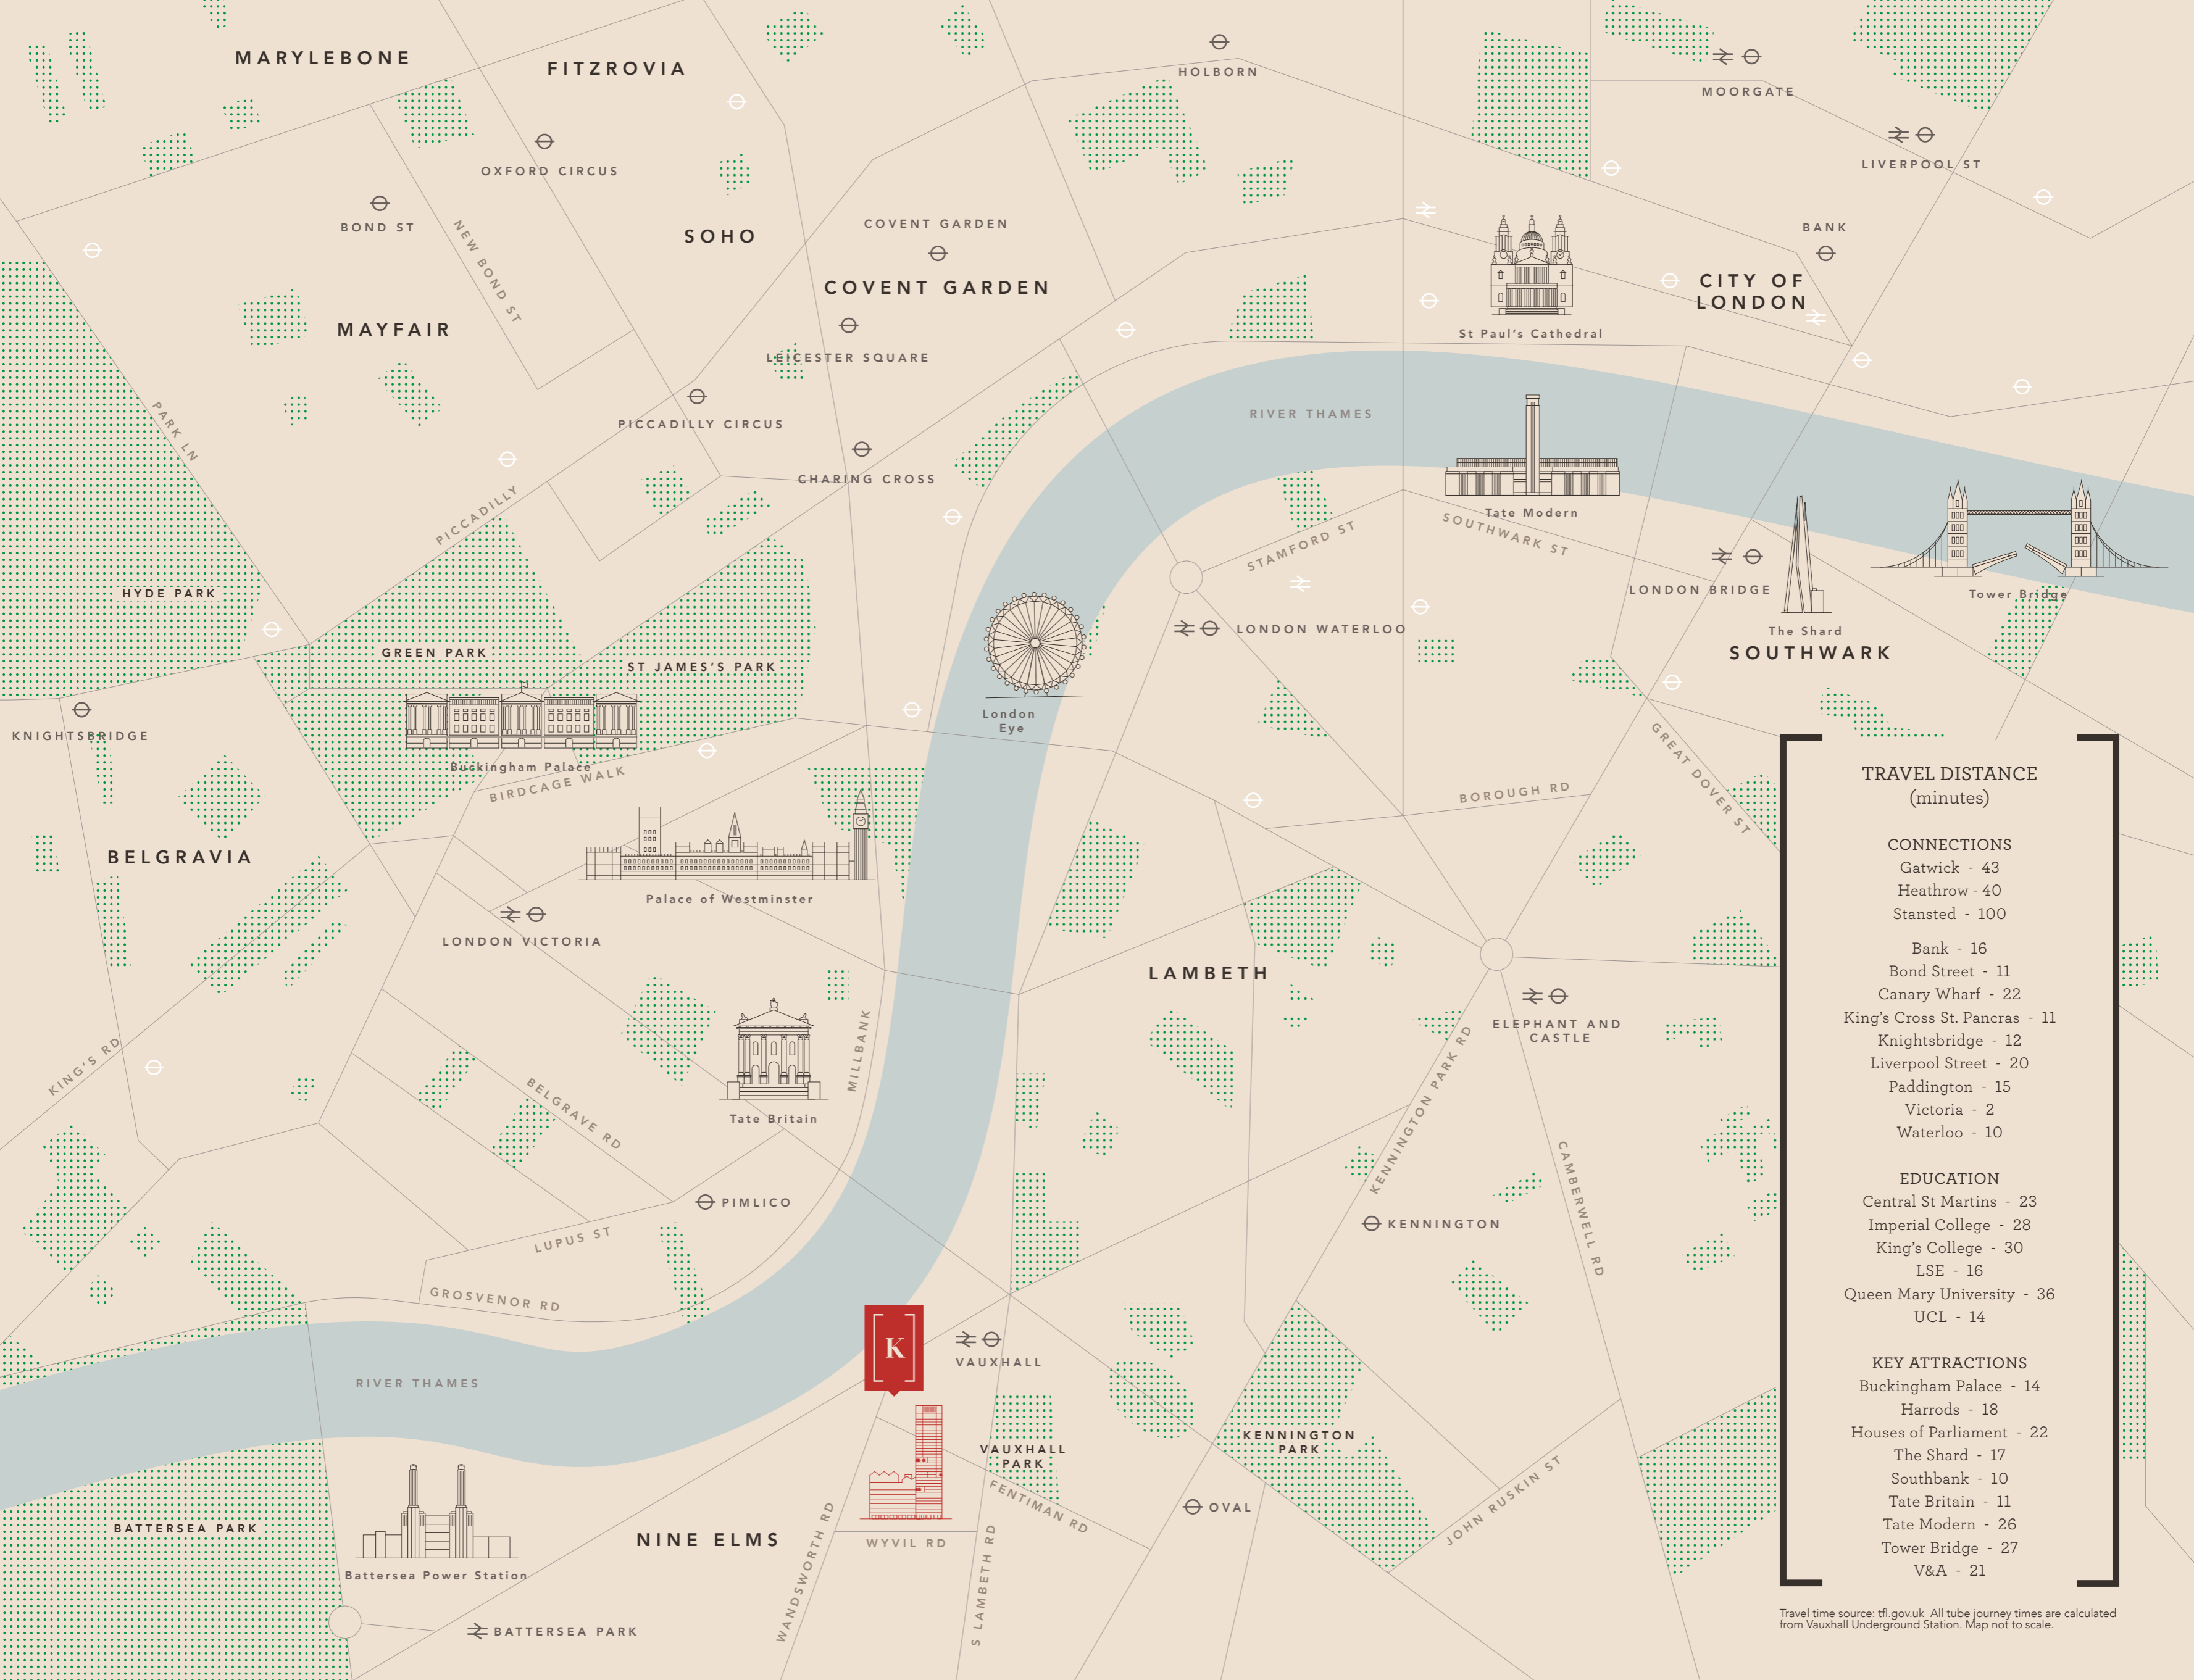

VAUXHALL LIFE

Be part of London's most exciting renaissance. With notable developments nearby, a new generation has made their home in a thriving area that effortlessly combines historic treasures with brand new pleasures. Vauxhall is a neighbourhood where fresh attractions are popping up all the time, and Keybridge puts you at the centre of it all.

Enjoy local life at your leisure. Cross the street and discover much-loved Vauxhall Park's leafy walks and lavender field. Stroll up to peaceful Bonnington Square with its charming café culture. Take a jog up to Battersea Park and cool off by the fountains, or enjoy relaxing walks along the Thames's regenerated riverbank.

Everything's on the menu. Take breakfast at The Tea House Theatre, then sample global cuisine at Vauxhall Street Food Market. Experience the Brunswick House Cafe's quirky charms and visit Damien Hirst's Newport Street Gallery amid the thriving local art scene. Finally settle into a bar or gastropub like The Black Dog or Fentiman Arms, and round off your perfect Vauxhall day.

TIMELESS BRICK

London is a city of bricks. Regal terrace houses, robust railway arches, elegant mansion blocks and elaborate warehouses share this humble yet seemingly eternal material. Keybridge is a contemporary addition to this long and proud building tradition.

From the beginning, Keybridge was envisioned in brick. This choice has helped it better integrate with its immediate surroundings, while also differentiating itself from the glass and metal developments that characterise the emergent Nine Elms district.

Brick's longevity was also a factor; brick buildings improve with time, with beautiful weathering and patina. Our design also recalls the early 20th Century brick towers of Manhattan and Chicago; timeless, elegant and cherished buildings that still stand tall today.

INNER SPACE

The luxury of choice. Choose from three expertly created design palettes, each with a distinct aesthetic, yet all perfectly in keeping with Keybridge's signature industrial feel with heritage references. Move into an interior that best matches your personal style and reflects the way you want to live.

Bronze

An eclectic take on industrial cool, Bronze features a palette of contemporary urban yet luxurious tones – the warmth of copper, the gleam of bronze and the occasional flash of red.

Pewter

Inspired by the utilitarian feel of warehouse living, Pewter is our edgiest theme. With a palette of concrete grey, black steel and silver, it's quintessentially urban with a dash of London heritage.

Stone

Our softest and most minimal theme, Stone layers neutral tones with clean lines and a 'less is more' aesthetic. With its palette of off-whites and soft greys, it's light, contemporary and full of quiet luxury.

SKYLOFTS

THE VIEW FROM THE TOP

For those whose ambitions take them higher, the Skylofts are the jewels in the crown of Keybridge. Sitting proudly on the uppermost of Keybridge Lofts' 37 storeys, these two magnificent apartments offer double height ceilings, wraparound terraces and unrivalled views over central London, for an entirely new elevated perspective on capital living.

THE PERFECT VENTURE

Keybridge is a joint venture between award winning developers Mount Anvil and FABRICA, a partnership with a track record of success in London. Designed by architects Allies and Morrison and delivered by David Wood Architects, it features interior design and specification by Darling Associates and landscaping by Plant I E Landscape Architects, featuring artwork by Tom Price.

London homes,
the Mount Anvil way

MOUNT ANVIL

LONDON HOMES, THE MOUNT ANVIL WAY

Mount Anvil is Central London's specialist residential developer. Together with our joint venture partners, we have created more than 5,000 London homes. We plan to build 2,500 more by 2018.

We focus on legacy; creating exceptional homes in highly desirable locations, employing internationally acclaimed architects and interior designers, and meticulously selecting materials, so that our developments are unique, stand the test of time and add to London's world-class status.

Driven by our engaged, positive, proactive people – the majority of whom are shareholders in the company – it is an approach reflected in our high level of repeat and referred customers and the numerous awards we have won, including:

Developer of the year (up to 1,000 homes) at the RESI Awards for three consecutive years (2013, 2014 and 2015); Best London Home at the 2015 Evening Standard New Homes Awards; an Outstanding award for customer service in 2014, with a customer satisfaction rating of 98%. We have also been recognised as one of the Sunday Times 100 Best Small Companies to Work For in each of the last nine years (2007 – 2015) - a standout achievement in the British property industry.

LEXICON, EC1
A 36 storey residential tower blending bold intelligent design with comfort and luxury.

THE LANDAU, SW6
A boutique collection of 90 individually designed apartments set in a secluded area of Fulham.

THE FILAMENTS, SW18
340 private apartments over three buildings located in the heart of Wandsworth.

FABRICA

FABRICA

BETTER WAYS TO LIVE

FABRICA is an award winning property business, building thoughtfully designed homes in carefully considered locations. From high density urban developments to smaller rural schemes, every project reflects our dedication to high-quality, sustainable living and exceptional customer service. We're committed to reducing the environmental impact of building, and to creating homes which are meticulously designed and skilfully produced.

People are at the heart of everything we do and because we continue to own and manage the properties we develop, our commitment continues long after the final brick is laid. Our award winning estate management team constantly strive to provide excellent customer service to our residents.

FABRICA is part of the A2Dominion Group. With over 70 years of experience we are one of the largest developers in the UK and have a unique approach to house building. We don't just build houses, we invest all profits into projects which benefit communities and create better ways to live.

CITY WHARF, N1
Urban apartments located alongside the tranquil waters of the Wenlock Basin in London's Old Street district.

QUEENS WHARF, W6

ALLIES & MORRISON – DESIGN ARCHITECTS

Allies and Morrison is an architecture and urban planning practice based in London. We operate from our own studios at 85 Southwark Street – the RIBA London Building of the Year 2004.

We have completed projects throughout the UK, and in Ireland, India, Africa and the Middle East, and are currently also working in the Lebanon and in North America.

The work of the practice ranges from architecture, interior design and conservation on the one hand to planning, consultation and research on the other. 37 of our completed projects have won an RIBA Award and we have twice been shortlisted for the Stirling Prize – for the revitalisation of the Royal Festival Hall in 2008 and for New Court Rothschilds Bank in collaboration with OMA in 2012.

Allies and Morrison were also awarded the 2015 AJ120 Practice of the Year.

DARLING ASSOCIATES – INTERIOR DESIGN & SPECIFICATION

Darling Associates have a reputation as one of the leading London architectural practices in residential design. Established in 2003, Darling Associates have completed some of the most prestigious and exclusive developments in London winning many awards. Darling Associates have thrived through a belief in the elegance of design, accuracy in detailing, and the inherent beauty of natural materials.

The luxury interiors have been designed by Darling Associates. Darling Associates are driven by the pursuit of excellence, and work collaboratively to develop creative, considered and beautiful designs that embrace the aspirations of contemporary London living. At Keybridge, Darling Associates have drawn upon their expertise to create luxurious, unique and extremely special places to live in this vibrant and highly desirable location.

PLANIT I E LANDSCAPE ARCHITECTS – LANDSCAPE ARCHITECTS

P-IE (Planit Intelligent Environments) is a design practice with a passion for outside spaces and the part they play in our communities. For over 15 years they've been turning spaces into places for people to explore, engage with and most importantly, enjoy. From the UK's largest regeneration projects to bespoke single site commissions, their team of Landscape Architects, Urban Designers, Architectural Visualisers, 3D Animators and Graphic Designers are committed to design quality in the built environment – whatever the scale, whatever the challenge. Their studios in London and Manchester are led by Managing Partners – Ed Lister and Pete Swift – who are supported by three partners and the 40 strong P-IE family.

TOM PRICE – ARTIST

Thomas J Price studied at Chelsea College of Art (2001-2004) and received an MA at the Royal College of Art, Sculpture School (2004-2006). Thomas J Price's work takes a variety of forms, from stop-motion animation to cast bronze sculptures that are presented in a seemingly traditional manner. These works all share a fascination in the minutiae of body language and facial expression, and in turn, their ability to suggest a state of mind. His works are all amalgams of a whole plethora of individuals, invented and constructed with the help of people observed on the street, images from magazines, press cuttings and the body parts and expressions taken from historic sculpture. In 2013 during his second solo show with Hales Gallery, Price presented his first large space sculpture - Network. The work will subsequently be placed on display at the prestigious Yorkshire Sculpture Park. This coincided with Price's solo display at the Park in January - April 2014.

FUTURE CITY – PUBLIC REALM CONSULTANTS

Futurecity was founded in 2007 in response to the burgeoning interest in culture-driven regeneration, and is now the UK's largest public art consultancy, having launched over 100 projects and cultural strategies in the UK and abroad. Futurecity believe that culture is the creative "glue" of people and ideas that when used successfully, binds urban places together and makes them attractive to live in. Futurecity is interested in developing collaborative relationships between artists and other disciplines, whether science, architecture or technology.

We work with curators, galleries and clients from around the world, championing artists who are changing the way art is presented in an urban context. We curate major arts projects, devise cultural strategies, broker cultural partnerships and deliver art projects from inception to completion including Mark Wallinger's White Horse for Ebbsfleet, the Crossrail Culture Line and Richard Wilson's Slipstream at Heathrow Queens Terminal 2.
