MARINE PLACE - A NEW VIEW

Set on the seafront of historic Clevedon with uninterrupted views towards the Pier and the Bristol Channel beyond, Marine Place has been designed to maximise the breathtaking location from every aspect.

A collection of just nine contemporary 3 and 4 bedroom townhouses with parking, the homes at Marine Place feature a sea facing living room and bedrooms with private terraces and balconies allowing you to capture the essence of the seafront panorama.

Close to the range of boutique shops, cafes and bars on Hill Road and within a few minutes' walk of the Pier and promenade, Marine Place offers the opportunity to enjoy the spectacular seascape with all the comforts of modern living.

THE SCENIC VICTORIAN TOWN OF CLEVEDON

The town of Clevedon is steeped in Victoriana, from the Pier which opened in 1869, to the historic buildings and public spaces throughout the town.

Marine Place is within a few minutes' walk of the town centre which features a mixture of national and independent local traders, that gives Clevedon a character of its own. The community-run Curzon Cinema is one of the oldest cinemas in the world, maintaining Clevedon's heritage and historic past. The popular Hill Street area is home to a variety of boutiques, local bakers and delicatessens, as well as a range of coffee shops, bars and restaurants, appealing to residents and visitors alike.

The Grade I listed pier and promenade dominate the shoreline of Clevedon and provide a more sedate pace of life for those wishing to escape the hustle and bustle of modern living. The local parks and walks provide an alternative to the popular seafront location, all within easy reach of Marine Place. For those seeking a more active lifestyle, Clevedon's leisure amenities include a golf club, tennis club, leisure centre and a wide range of sports clubs and activities. The surrounding countryside offers fantastic scenery for walking and cycling activities.

BEYOND MARINE PLACE AND CLEVEDON

Less than 2 miles from the M5 at Junction 20, Marine Place is ideally located for commuting along the M5 corridor towards Bristol or Taunton or for those wishing to enjoy the very best of the surrounding area.

The City of Bristol is less than 15 miles away and provides everything you would expect from one of the UK's fastest growing and prosperous cities. Bristol boasts a top performing University, excellent private schools and many shopping, leisure and entertainment options to suit all tastes including Clifton Village and the popular Cabot Circus.

Located at Cribbs Causeway, just off junction 17 of the M5, is The Mall and The Venue both of which offer a range of leisure and retail outlets just 30 minutes drive away.

The vibrant marina and diverse high street at Portishead offers a range of cafes, bars, restaurants and shops and is just a 15 minute drive away. If you're feeling more adventurous you could walk the 6 miles from Clevedon to Portishead along the Coast Path which provides beautiful scenery and stunning views of the coastline.

MARINE PLACE - OUR VISION

Our vision for Marine Place was to create a new terrace of light filled, modern townhouses overlooking the sea in historic Clevedon, close to the beautifully restored Clevedon Pier. We have strived to create a new terrace that complements the predominantly Regency and Victorian character of the seaside town, and much care has been taken to ensure its incorporation into the existing setting. The entrance to the houses is via an intimate landscaped private mews just off Marine Parade.

However, like an iceberg, the true size of these houses only reveal themselves once you enter and work your way through 3 storeys onto one of the many sea-facing

terraces. The houses benefit from open plan living areas, large balconies and feature gable windows giving fantastic views over the Severn Estuary, along with the added protection of triple glazing to protect your home from the elements.

Externally, the use of pitched slate roofs, render and stone on the seafront elevations ensure that the homes compliment the existing landscape and local architecture whilst retaining a contemporary ethos.
