Energy Performance Certificate

Baytna, Mutton Hall Hill
HEATHFIELD
TN21 8NL

Dwelling type: Detached bungalow
Date of assessment: 17 December 2008
Date of certificate: 18 December 2008
Reference number: 8397-5835-3520-1496-6283
Total floor area: 82 m²

This home's performance is rated in terms of energy use per square metre of floor area, energy efficiency based on fuel costs and environmental impact based on carbon dioxide (CO₂) emissions.

The energy efficiency rating is a measure of the overall efficiency of a home. The higher the rating the more energy efficient the home is and the lower the fuel bills are likely to be.

The environmental impact rating is a measure of a home's impact on the environment in terms of carbon dioxide (CO₂) emissions. The higher the rating the less impact it has on the environment.

Estimated energy use, carbon dioxide (CO₂) emissions and fuel costs of this home

	Current	Potential
Energy use	298 kWh/m ² per year	233 kWh/m ² per year
Carbon dioxide emissions	4.0 tonnes per year	3.2 tonnes per year
Lighting	£70 per year	£37 per year
Heating	£523 per year	£435 per year
Hot water	£110 per year	£96 per year

Based on standardised assumptions about occupancy, heating patterns and geographical location, the above table provides an indication of how much it will cost to provide lighting, heating and hot water to this home. The fuel costs only take into account the cost of fuel and not any associated service, maintenance or safety inspection. This certificate has been provided for comparative purposes only and enables one home to be compared with another. Always check the date the certificate was issued, because fuel prices can increase over time and energy saving recommendations will evolve.

To see how this home can achieve its potential rating please see the recommended measures.

Certification mark

The address and energy rating of the dwelling in this EPC may be given to EST to provide information on financial help for improving its energy performance.

For advice on how to take action and to find out about offers available to help make your home more energy efficient, call **0800 512 012** or visit **www.energysavingtrust.org.uk/myhome**

About this document

The Energy Performance Certificate for this dwelling was produced following an energy assessment undertaken by a qualified assessor, accredited by Northgate Information Solutions, to a scheme authorised by the Government. This certificate was produced using the RdSAP 2005 assessment methodology and has been produced under the Energy Performance of Buildings (Certificates and Inspections) (England and Wales) Regulations 2007 as amended. A copy of the certificate has been lodged on a national register.

Assessor's accreditation number: NGIS705104
Assessor's name: Graham Redmayne
Company name/trading name: Niche Communications
Address: Salisbury House, Milton Road, Wokingham, RG40 1DB

Phone number: 0118 977 0690
Fax number: 0118 977 0691
E-mail address: epc@nichecom.co.uk
Related party disclosure:

If you have a complaint or wish to confirm that the certificate is genuine

Details of the assessor and the relevant accreditation scheme are as above. You can get contact details of the accreditation scheme from their website at <http://www.northgate-dea.co.uk/> together with details of their procedures for confirming authenticity of a certificate and for making a complaint.

About the building's performance ratings

The ratings on the certificate provide a measure of the building's overall energy efficiency and its environmental impact, calculated in accordance with a national methodology that takes into account factors such as insulation, heating and hot water systems, ventilation and fuels used. The average Energy Efficiency Rating for a dwelling in England and Wales is band E (rating 46).

Not all buildings are used in the same way, so energy ratings use 'standard occupancy' assumptions which may be different from the specific way you use your home. Different methods of calculation are used for homes and for other buildings. Details can be found at www.communities.gov.uk/epbd.

Buildings that are more energy efficient use less energy, save money and help protect the environment. A building with a rating of 100 would cost almost nothing to heat and light and would cause almost no carbon emissions. The potential ratings on the certificate describe how close this building could get to 100 if all the cost effective recommended improvements were implemented.

About the impact of buildings on the environment

One of the biggest contributors to global warming is carbon dioxide. The way we use energy in buildings causes emissions of carbon. The energy we use for heating, lighting and power in homes produces over a quarter of the UK's carbon dioxide emissions and other buildings produce a further one-sixth.

The average household causes about 6 tonnes of carbon dioxide every year. Adopting the recommendations in this report can reduce and protect the environment. You could reduce emissions even more by switching to renewable energy sources. In addition there are many simple everyday measures that will save money, improve comfort and reduce the impact on the environment. Some examples are given at the end of this report.

Visit the Government's website at www.communities.gov.uk/epbd to:

- Find how to confirm the authenticity of an energy performance certificate
- Find how to make a complaint about a certificate or the assessor who produced it
- Learn more about the national register where this certificate has been lodged
- Learn more about energy efficiency and reducing energy consumption

Recommended measures to improve this home's energy performance

Baytna, Mutton Hall Hill
HEATHFIELD
TN21 8NL

Date of certificate: 18 December 2008
Reference number: 8397-5835-3520-1496-6283

Summary of this home's energy performance related features

The following is an assessment of the key individual elements that have an impact on this home's performance rating. Each element is assessed against the following scale: Very poor / Poor / Average / Good / Very good.

Element	Description	Current performance	
		Energy Efficiency	Environmental
Walls	Cavity wall, filled cavity	Good	Good
Roof	Pitched, 100 mm loft insulation	Average	Average
Floor	Solid, no insulation (assumed)	-	-
Windows	Fully double glazed	Average	Average
Main heating	Boiler and radiators, mains gas	Good	Good
Main heating controls	Programmer and room thermostat	Poor	Poor
Secondary heating	Room heaters, electric	-	-
Hot water	From main system	Good	Good
Lighting	Low energy lighting in 10% of fixed outlets	Poor	Poor
Current energy efficiency rating		D 59	
Current environmental impact (CO₂) rating		D 57	

Low and zero carbon energy sources

None

Recommendations

The measures below are cost effective. The performance ratings after improvement listed below are cumulative, that is they assume the improvements have been installed in the order that they appear in the table.

Lower cost measures (up to £500)	Typical savings per year	Performance ratings after improvement	
		Energy efficiency	Environmental impact
1 Increase loft insulation to 270 mm	£39	D 62	D 60
2 Low energy lighting for all fixed outlets	£26	D 64	D 61
3 Upgrade heating controls	£21	D 65	D 63
Sub-total	£86		
Higher cost measures			
4 Replace boiler with Band A condensing boiler	£49	D 68	D 67
Total	£135		
Potential energy efficiency rating		D 68	
Potential environmental impact (CO₂) rating			D 67

Further measures to achieve even higher standards

The further measures listed below should be considered in addition to those already specified if aiming for the highest possible standards for this home. However you should check the conditions in any covenants, planning conditions, warranties or sale contracts.

5 Solar water heating	£21	C 69	C 69
6 Solar photovoltaic panels, 2.5 kWp	£150	C 80	C 79
Enhanced energy efficiency rating		C 80	
Enhanced environmental impact (CO₂) rating			C 79

Improvements to the energy efficiency and environmental impact ratings will usually be in step with each other. However, they can sometimes diverge because reduced energy costs are not always accompanied by a reduction in carbon dioxide (CO₂) emissions.

About the cost effective measures to improve this home's performance ratings

If you are a tenant, before undertaking any work you should check the terms of your lease and obtain approval from your landlord if the lease either requires it, or makes no express provision for such work.

Lower cost measures (typically up to £500 each)

These measures are relatively inexpensive to install and are worth tackling first. Some of them may be installed as DIY projects. DIY is not always straightforward, and sometimes there are health and safety risks, so take advice before carrying out DIY improvements.

1 Loft insulation

Loft insulation laid in the loft space or between roof rafters to a depth of at least 270 mm will significantly reduce heat loss through the roof; this will improve levels of comfort, reduce energy use and lower fuel bills. Insulation should not be placed below any cold water storage tank, any such tank should also be insulated on its sides and top, and there should be boarding on battens over the insulation to provide safe access between the loft hatch and the cold water tank. The insulation can be installed by professional contractors but also by a capable DIY enthusiast. Loose granules may be used instead of insulation quilt; this form of loft insulation can be blown into place and can be useful where access is difficult. The loft space must have adequate ventilation to prevent dampness; seek advice about this if unsure. Further information about loft insulation and details of local contractors can be obtained from the National Insulation Association (www.nationalinsulationassociation.org.uk).

2 Low energy lighting

Replacement of traditional light bulbs with energy saving recommended ones will reduce lighting costs over the lifetime of the bulb, and they last up to 12 times longer than ordinary light bulbs. Also consider selecting low energy light fittings when redecorating; contact the Lighting Association for your nearest stockist of Domestic Energy Efficient Lighting Scheme fittings.

3 Heating controls (thermostatic radiator valves)

Thermostatic radiator valves allow the temperature of each room to be controlled to suit individual needs, adding to comfort and reducing heating bills provided internal doors are kept closed. For example, they can be set to be warmer in the living room and bathroom than in the bedrooms. Ask a competent heating engineer to install thermostatic radiator valves. Thermostatic radiator valves should be fitted to every radiator except the radiator in the same room as the room thermostat. Remember the room thermostat is needed as well as the thermostatic radiator valves, to enable the boiler to switch off when no heat is required.

Higher cost measures (typically over £500 each)

4 Band A condensing boiler

A condensing boiler is capable of much higher efficiencies than other types of boiler, meaning it will burn less fuel to heat this property. This improvement is most appropriate when the existing central heating boiler needs repair or replacement, but there may be exceptional circumstances making this impractical. Condensing boilers need a drain for the condensate which limits their location; remember this when considering remodelling the room containing the existing boiler even if the latter is to be retained for the time being (for example a kitchen makeover). Building Regulations apply to this work, so your local authority building control department should be informed, unless the installer is registered with a competent persons scheme¹, and can therefore self-certify the work for Building Regulation compliance. Ask a qualified heating engineer to explain the options.

About the further measures to achieve even higher standards

Further measures that could deliver even higher standards for this home. You should check the conditions in any covenants, planning conditions, warranties or sale contracts before undertaking any of these measures. If you are a tenant, before undertaking any work you should check the terms of your lease and obtain approval from your landlord if the lease either requires it, or makes no express provision for such work.

5 Solar water heating

A solar water heating panel, usually fixed to the roof, uses the sun to pre-heat the hot water supply. This will significantly reduce the demand on the heating system to provide hot water and hence save fuel and money. The Solar Trade Association has up-to-date information on local installers and any grant that may be available.

6 Solar photovoltaic (PV) panels

A solar PV system is one which converts light directly into electricity via panels placed on the roof with no waste and no emissions. This electricity is used throughout the home in the same way as the electricity purchased from an energy supplier. The British Photovoltaic Association has up-to-date information on local installers who are qualified electricians and on any grant that may be available. Planning restrictions may apply in certain neighbourhoods and you should check this with the local authority. Building Regulations apply to this work, so your local authority building control department should be informed, unless the installer is appropriately qualified and registered as such with a competent persons scheme¹, and can therefore self-certify the work for Building Regulation compliance.

What can I do today?

Actions that will save money and reduce the impact of your home on the environment include:

- Ensure that you understand the dwelling and how its energy systems are intended to work so as to obtain the maximum benefit in terms of reducing energy use and CO₂ emissions.
- Check that your heating system thermostat is not set too high (in a home, 21°C in the living room is suggested) and use the timer to ensure that you only heat the building when necessary.
- Make sure your hot water is not too hot - a cylinder thermostat need not normally be higher than 60°C.
- Turn off lights when not needed and do not leave appliances on standby. Remember not to leave chargers (e.g. for mobile phones) turned on when you are not using them.
- Close your curtains at night to reduce heat escaping through the windows.
- If you're not filling up the washing machine, tumble dryer or dishwasher, use the half-load or economy programme.

A: Property Register

This register describes the land and estate comprised in the title.

EAST SUSSEX : WEALDEN

1 (09.10.1986) The Freehold land shown edged with red on the plan of the above Title filed at the Registry and being Baytna, Mutton Hall Hill, Heathfield.

2 The Conveyance dated 17 January 1963 referred to in the Charges Register contains the following provision:-

"IT IS HEREBY AGREED AND DECLARED that the Purchaser and his successors in title shall not become entitled to any easement or right of light or air or other easement or right which will restrict or interfere with the free use of the Vendors' said adjoining property edged green on the said plan by the Vendors or any persons deriving title under them for building or any other purpose Provided Always that any building erected on the western side of the said right of way opposite to the bungalow hereby conveyed shall not exceed Thirty feet to roof top height."

NOTE: The land in this title falls within the land edged green referred to and lies to the west of the right of way.

3 The land has the benefit of the following rights granted by a Conveyance of the land in this title dated 26 January 1967 made between (1) Donald Arthur Hancock and Audrey Violet Hancock (Vendors) (2) Eastbourne Mutual Building Society and (3) Arthur John Daniels and Doreen Rosemary Lucy Daniels (Purchasers):-

"TOGETHER with a right of way for the Purchasers and their successors in title (in common with the Vendors and their successors in title or other the owners or occupiers for the time being of the Vendors' adjoining property edged green on the said plan and also in common with the owners and occupiers for the time being of the adjoining property known as "Le Chalet" edged blue on the said plan) at all times and for all purposes in connection with the use and enjoyment of the property hereby conveyed over and along the roadway coloured brown on the said plan."

NOTE: The land edged green adjoins to the North. The land edged blue lies

A: Property Register continued

to the East. The land coloured brown referred to is tinted brown on the filed plan.

- 4 The Conveyance dated 26 January 1967 referred to above contains the following provision:-

"IT IS HEREBY AGREED AND DECLARED that the Purchasers and their successors in title shall not become entitled to any easement or right of light or air or other easement or right which may restrict or interfere with the free use of the Vendors' said adjoining property edged green on the said plan by the Vendors or any persons deriving title under them for building or any other purpose."

B: Proprietorship Register

This register specifies the class of title and identifies the owner. It contains any entries that affect the right of disposal.

Title absolute

- 1 (09.10.1986) Proprietor: FLORENCE ELSIE LUTMAN of Baytna, Mutton Hill, Heathfield, E Sussex.

C: Charges Register

This register contains any charges and other matters that affect the land.

- 1 A Conveyance of the land in this title and other land dated 26 April 1933 made between (1) Annie Elizabeth Knight (Vendor) and (2) Caroline Pettitt (Purchaser) contains covenants details of which are set out in the schedule of restrictive covenants hereto.
- 2 The land is subject to the rights granted by a Deed dated 7 July 1933 made between (1) Caroline Pettitt and (2) Walter Smith and Nellie Smith.

NOTE: Copy in Certificate.

- 3 The land is subject to the following rights excepted and reserved by an Assent dated 9 February 1942 made between (1) Frank Robert Pettitt and Kate Eliza Buckley and (2) Kate Eliza Buckley:-

EXCEPT AND RESERVED to the respective owner or owners for the time being of the lands coloured green and yellow on the plan drawn thereon.

(i) The right to enter upon the land thereby assured and which was coloured pink on the plan drawn thereon for the purpose of inspecting taking up cleansing repairing removing and renewing a sewage pipe laid on the land thereby assured and shown by a red line on the said plan drawn thereon and extending from the point marked D on the said plan across the land thereby assured and connecting with the main sewer in Mutton Hill at the point marked E doing as little damage as possible to the said land thereby assured and making compensation for all damage done in the exercise of the said rights.

(ii) In common with the owner or owners for the time being of the said lands coloured green and yellow on the plan drawn thereon the free and uninterrupted passage and flow of water and sewage through the said sewage pipe between the points marked D and E on the said plan shown by a red line on the said plan drawn thereon subject to the covenant as to fencing and to the restrictive covenants more particularly referred to in a certain Conveyance dated 26 April 1933 and made between (1) Annie Elizabeth Knight and (2) Caroline Pettitt and subject also to and with the benefit of the rights and privileges more particularly referred to in the said Deed of Grant dated 7 July 1933.

NOTE: Copy Plan in Certificate. Copy Plan filed.

- 4 The land is subject to the following rights granted by a Deed dated 16 February 1948 made between (1) Kate Eliza Buckley (Grantor) and (2) The Rural District Council of Hailsham (Council):-

C: Charges Register continued

1. The Grantor thereby granted unto the Council the right for the Council to construct the six inch sewer in and under the said land of the Grantor coloured brown on the said plan in the position indicated by a red line on the said plan alongside the said four inch drain and thereafter to use the same at all times for the passage of water and soil with liberty (in common with the others then entitled to exercise rights over the land coloured brown on the said plan in relation to the said four inch drain) from time to time to inspect take up maintain enlarge cleanse repair remove and replace the six inch sewer or any part thereof entering upon the said land as might be reasonably necessary and making good to the Grantor or her successors in title any damage caused thereby EXCEPT AND RESERVED unto the Grantor full right and liberty for the Grantor and the persons deriving title under her owner or owners for the time being of the land within the blue edging on the said plan or any part thereof to connect any houses to be erected thereafter on the said land within the blue edging to the six inch sewer.

2. The Council thereby covenanted with the Grantor and the persons deriving title under her owner or owners for the time being of the land within the blue edging on the said plan that the Council would (a) at their own expense connect the said four inch drain to the six inch sewer at the point X indicated on the said plan (b) maintain the said six inch sewer in good repair and condition at all times thereafter and (c) make good all damage occasioned in the exercise of the rights thereby granted.

3. The Grantor for herself and her assigns so as to bind not only herself but all other owners for the time being of the said land within the blue edging or any part thereof thereby covenanted with the Council that no trees nor shrubs should be planted nor should anything be placed or erected on the land coloured brown on the said plan which should impede or prevent free access to the said six inch sewer.

NOTE: Copy Plan in Certificate. Copy Plan filed.

5 The land is subject to the following rights granted by a Conveyance dated 17 January 1963 made between (1) Donald Arthur Hancock and Audrey Violet Hancock (Vendors) (2) Eastbourne Mutual Building Society and (3) Ronald Harry George Mortimer (Purchaser):-

"TOGETHER ALSO with the right to connect to the six inch public sewer shown on the said plan and thereon marked "Existing Sewer" AND TOGETHER ALSO with the right for the Purchaser and his successors in title (in common with the Vendors and their successors in title as aforesaid (including the said plot marked "A") to the free passage and running of water and soil through the sewer or drain constructed under the Vendors' said adjoining property leading into the said public sewer the approximate position of which said sewer or drain is shown by a broken red line on the said plan subject to the Purchaser and his successors in title paying a fair proportion of the cost of keeping the said sewer or drain in repair in the ratio that the property hereby conveyed bears to the total number of properties connected to the said sewer or drain AND TOGETHER ALSO with the right to enter on to all the Vendors' said adjoining property for the purposes of inspecting cleansing repairing maintaining and renewing the said sewer or drain as need or occasion may require the Purchaser and his successors in title making good however all damage occasioned to the Vendors' said adjoining property in the exercise of such rights."

NOTE: Copy Plan in Certificate. Copy Plan filed.

6 The land is subject to the following rights granted by a Conveyance dated 5 August 1965 made between (1) Donald Arthur Hancock and Audrey Violet Hancock (2) Eastbourne Mutual Building Society (3) Edith Lilian Cooper and (4) Eric Albert Hearn Cooper and Richard Eric Cooper:-

IN further pursuance of the said agreement and for the consideration aforesaid the Vendors as trustees for the sale hereby grant and the Society as mortgagee hereby grants and confirms unto the Purchasers the right (in common with the Vendors and the owners and occupiers of the adjoining property known as "Le Chalet" edged blue on the said plan) to the free passage and running of water and soil through the sewer or drain leading to the public sewer the approximate position of which is shown by a broken red line on the said plan subject to the Purchasers and their

C: Charges Register continued

successors in title paying a fair proportion of the cost of keeping the said sewer or drain in repair in the ratio that the property hereby conveyed bears to the total number of properties connected to the said sewer or drain And together also with the right to enter on to the adjoining property for the purpose of inspecting cleansing repairing maintaining and renewing the said sewer or drain when need or occasion may require the Purchasers and their successors in title making good however all damage occasioned to the said adjoining property in the exercise of such rights."

NOTE: Copy Plan in Certificate. Copy Plan filed.

Schedule of restrictive covenants

- 1 The following are details of the covenants contained in the Conveyance dated 26 April 1933 referred to in the Charges Register:-

The Purchaser thereby covenanted with the Vendor and her successors in title owner or owners for the time being of the Vendors adjoining property coloured blue on the said plan (to the intent that that covenant should be binding on the owner for the time being of and run with the property thereby conveyed but should be limited as regards personal liability therefor to the period of ownership of the property liable thereunder and so that the benefit of that covenant should run with and enure for the benefit of the present and future owners of the said adjoining property of the Vendor coloured blue on the said plan) that she the the Purchaser of her successors in title would at all times thereafter observe and perform the restrictive stipulations set out in the Schedule thereto.

THE SCHEDULE above referred to

1. Not more than one detached dwellinghouse with garage and or usual outbuildings should be erected on the property thereby conveyed.
2. No such house should be of less prime cost in labour and materials than £600 exclusive of the cost of such garage outbuildings and garden walls and fences.
3. No hut shed caravan house on wheels or other chattel adapted or intended for use as a sleeping or dwelling apartment nor any hoarding or board (other than "To Let" or "For Sale") should be erected made placed or used or be allowed to remain upon any part of the property thereby conveyed and nothing should be permitted or done thereon which might be or become a nuisance or annoyance to the Vendor or adjoining owners or occupiers.
4. No trade manufacture or business should be carried on on the property thereby conveyed and no such dwellinghouse should be used otherwise than as a private dwellinghouse.

NOTE: The adjoining property coloured blue referred to adjoins the western boundary of the land in this title.

End of register

These are the notes referred to on the following official copy

The electronic official copy of the title plan follows this message.

Please note that this is the only official copy we will issue. We will not issue a paper official copy.

This official copy was delivered electronically and when printed will not be to scale. You can obtain a paper official copy by ordering one from Land Registry.

This official copy is issued on 16 December 2008 shows the state of this title plan on 16 December 2008 at 12:59:37. It is admissible in evidence to the same extent as the original (s.67 Land Registration Act 2002). This title plan shows the general position, not the exact line, of the boundaries. It may be subject to distortions in scale. Measurements scaled from this plan may not match measurements between the same points on the ground. See Land Registry Public Guide *19 - Title Plans and Boundaries*.

HD/ART/3B/0088/1

Town and Country Planning General Development Order 1950

The Town and Country Planning (County of East Sussex) Direction 1959 relating to development of certain structures for the purpose of Poultry Production as specified in Class VI of the First Schedule to the Order.
Direction approved by the Minister of Housing and Local Government on 6th October 1959.

Land in the Parishes of Chalvington with Ripe, Chiddingly, East Hoathly, Heathfield and Waldron, Horam, Laughton, Warbleton.

Date of registration: 29/10/1959

1 PLANNING AND BUILDING REGULATIONS

1.1 Planning & Building Regulation Decisions & Pending Applications

Which of the following relating to the property have been granted, issued or refused or (where applicable) are the subject of pending applications -

1.1(a) Planning Permissions

There are no recorded entries in the planning register relating to this property

1.1(b) A Listed Building Consent

There are no recorded entries in the planning register relating to this property

1.1(c) A Conservation Area Consent

There are no recorded entries in the planning register relating to this property

1.1(d) A Certificate of Lawfulness of existing use or Development

There are no recorded entries in the planning register relating to this property

1.1(e) A Certificate of Lawfulness of proposed use or Development

Information not available, please check sections; 3) Notices, 9) Changes to the property & 10) Planning and building control of the Sellers Property Information form

1.1(f) Building Regulations Approval

None revealed

1.1(g) A Building Regulation Completion Certificate

Information not available, please check sections; 9) Changes to the property & 10) Planning and building control of the Sellers Property Information form

1.1(h) Any building regulations certificate or notice issued in respect of work carried out under a competent person self-certification scheme?

None

How can copies be obtained?

In Writing to Wealden District Council

1.2 Planning Designations and Proposals

1.2 What designations of land use for the property or the area, and what specific proposals for the property, are contained in any existing or proposed development plan?

Wealden District Council Local Plan Adopted December 2005

The Property is within: Development Boundary GD1,2

The Property is within 200m of: High Weald Area of Outstanding Natural Beauty

2 ROADS

Which of the roads, footways and footpaths named in the application for this search are:

2(a) Highways maintainable at public expense

Mutton Hall Hill and High Street are adopted.

Private Local Authority Search Report Terms & Conditions for HIP Compliant Searches

For the purposes of these terms and conditions any references to 'the company' means the compiler or deliverer shown on the front page and any third party organisations, search agencies, associates, partners or employees used during the course of legitimate business.

1. The company provides information and services relating to property searches carried out on properties in England and Wales only.
2. Search requests must be made via PiE-X, the company's proprietary on-line ordering system and include full postal address, location plan and the appropriate fee. Should no location plan be included, the company will not accept responsibility for any errors or omissions in the results of the search.
3. All of the company's third party organizations and search agencies work to the same Contract & Service Level Agreements and subscribe to the Search Code.
4. All searches are carried out by trained and competent Search Agents using reasonable care and skill so that all interested parties can rely on the report.
5. The information contained in the Local Authority Search Report has been obtained by a personal inspection of public and other registers made available by the local authority and any other relevant organisations in the public domain. The company accepts no responsibility for revealing incomplete or inaccurate information, where the error is a direct result of defective source material.
6. In the event that certain Con29 Part 1 questions cannot be answered due to Local Authority or other restrictions a note of the restriction and method of obtaining said answers will be included in the report.
7. Where information has been sourced from additional sources, the company will inform you of these sources within the report.
8. Where additional information forms an essential part of a search, it is the obligation of the client to inform the company at the outset.
9. Where such information is readily available at no cost, (e.g. adopted sewers, public rights of way etc.) it will be included within the results of a standard search with no charge.
10. Where such information is only available at an additional cost/time element, the company undertakes to inform the client of any additional fees that may be chargeable for obtaining such information up front.
11. Where the client requests 'copy documents' from the Local Authority, the company undertakes to inform the client in advance of any additional fees chargeable for this service.
12. Where the client requests additional Con 29 pt II enquiries the company undertakes to inform the client of any additional fees at the point of order.
13. The company aims to return all search results within five working days. However, this may not always be feasible due to Local Authority appointment systems or other reasons outside of the company's control. The company will not accept liability for any loss, financial or otherwise, incurred by the client, as a result of delayed search results.
14. Search Reports can be downloaded from the PiE-X web site. The company does not provide hard copies free of charge.
15. The client must update PiE-X to verify satisfactory receipt of the Search report within 7 days. In the event that no such update takes place, PiE-X will automatically complete the case after 7 days.
16. The Insured should be aware that this search report has the benefit of a property specific Insurance Policy as set out in the following pages of the report. The documentation should be read thoroughly before any contact is made with the parties mentioned in order to ensure the Insured does not render the Insurance Policy void or reduce a potential claim by their action as per 5.2 or 11 of the Insurance Policy. If the Insured wishes to make a claim as per the attached property specific Insurance Policy, the Insured must advise First Title in writing as soon as possible after becoming aware of any claim, or circumstance which might entitle that Insured to make a claim under the policy. Please see policy attached (specifically "Notification of a Claim" in paragraph 5). In the event that the insured suffers a material loss due to
 - a. any negligent or incorrect entry in the records searched; Please revert to the Local Authority shown on the front page of the report under "Local Authority" or;
 - b. any negligent or incorrect interpretation of the records searched; Please revert to the Search Agent shown on the front page of the report under "Compiled By" or;
 - c. any negligent or incorrect recording of that interpretation in the search report; Please revert to the Search Agent shown on the front page of the report under "Compiled By"
17. The company and any third party Search Agents liability will be limited to an amount not exceeding £2 million in respect of any individual claim.
18. If the Client chooses not to disclose the value of the property in the order process, the company will assume the value is less than £2 million. If the Client subsequently discovers that the property value exceeds £2 million they must inform the company within 7 days of receipt of the Private Local Authority Search report. The company reserves the right to charge the Client an additional premium to cover the increased insurance risk.
19. Drainage information provided as part of the search report is taken from public sewer records and only reveals the position of the nearest public sewers. No guarantee is given or implied that the searched property is connected to the sewer identified. Clients are recommended to obtain a full Water Report from the relevant Water Company.
20. Invoices and statements are submitted electronically. The company does not provide hard copies.
21. Search Reports remain the property of the company until all agreed terms have been fulfilled.
22. The company reserves the right to withhold results until payment has been received.
23. In relation to 5(6) of the HIP regulations 2007 this search may be copied without infringing copyright law, provided 21 and 22 have been met.
24. All information held by the company is covered by the Data Protection Act.
25. Each search is deemed to be an individual contract governed by English Law.
26. The company maintains contractual relationships with clients and suppliers who are involved in the production of Home Information Packs and the conveyancing process in the UK; To the knowledge of the company no person who;
 - a. Conducted the search
 - b. Prepared the search reporthas any undeclared interest, personal or business relationship with any persons involved in the sale of the property. The company cannot accept any liability for failing to disclose these relationships where the involvement of any of the parties in the transaction was not made known to the company at the time of compiling the search.
27. The companies complaints procedure is shown below.

The Company has a formal procedure for handling complaints quickly and fairly. If you wish to make a complaint about our services, it will be handled as follows;

1. The complaint will be acknowledged within 5 working days of receipt.
2. A complaint will normally be dealt with fully within 4 weeks of the date of its receipt. If there are valid reasons for the consideration taking longer, you will be kept fully informed in writing, via telephone or email as you prefer and receive a response at the very latest within 8 weeks
3. At your request, we will liaise with counselling organisations acting on your behalf.
4. A final decision will be in writing
5. If you are not satisfied with the final outcome, you may refer the complaint to the Independent Property Codes Adjudication Scheme. We will co-operate fully with the independent adjudicator during the consideration of a complaint and comply with any decision.

The complaint notification can be submitted to us in writing via post to; Property Information Exchange Ltd, 4/5 Hartley Mews, Hartley Wintney, Hampshire, RG27 8NX or via email to; admin@pie-x.com or by telephoning PIE on 01252 844 700. In order for us to deal with your complaint efficiently please summarise your concerns;

- Full name and company details where applicable
- Contact details
- Case number and address to which the complaint relates
- Full details of the complaint

If you are not satisfied with the final decision, you may refer the complaint to the Independent Property Codes Adjudication Scheme (IPCAS) shown on the following page. We will co-operate fully with the independent adjudicator during the consideration of a complaint by the IPCAS and comply with any decision.

Private Local Authority Search Report Terms & Conditions for HIP Compliant Searches

Property Information Exchange Ltd & The Complier are both registered with the Property Codes Compliance Board as subscribers to the search code.

Important Consumer Protection Information

The Search Code provides protection for homebuyers, sellers, conveyancers and mortgage lenders, who rely on property search reports carried out on residential property within the United Kingdom. It sets out minimum standards which organisations compiling and/or selling search reports have to meet. This information is designed to introduce the Search Code to you.

By giving you this information, your search organisation is confirming that they keep to the principles of the Search Code. This provides important protection for you.

The Code's main commitments

The Search Code's key commitments say that search organisations will:

- Provide search reports which include the most up-to-date available information when compiled and an accurate report of the risks associated with the property.
- Deal promptly with queries raised on search reports.
- Handle complaints speedily and fairly.
- At all times maintain adequate and appropriate insurance cover to protect you.
- Act with integrity and ensure that all search services comply with relevant laws, regulations and industry standards

Keeping to the Search Code

How search organisations maintain compliance with the Search Code is monitored independently by the Property Codes Compliance Board (PCCB). If you have a query or complaint about your search, you should raise it directly with the search firm, and if appropriate ask for your complaint to be considered under their formal internal complaints procedure. If you remain dissatisfied with the firm's final resolution after your complaint has been formally considered or if the firm has exceeded the response timescales, you may refer your complaint to the Independent Property Codes Adjudication Scheme (IPCAS). IPCAS can award compensation of up to £5,000 to you if it finds that you have suffered loss as a result of your search provider failing to keep to the Code.

Please note that all queries or complaints regarding your search should be directed to your search provider in the first instance, not to IPCAS.

IPCAS Contact Details:

Telephone: 020 7520 3800

E-mail: info@idrs.ltd.uk

You can also get more information about the PCCB and IPCAS from the PCCB website at: www.propertycodes.org.uk.

PLEASE ASK YOUR SEARCH ORGANISATION IF YOU WOULD LIKE A COPY OF THE FULL SEARCH CODE.

Search Report Insurance Policy for HIP Compliant Searches

Policy Holder: Property Information Exchange Limited

Policy Number: 60-009-00059742

1. Definitions

In this policy unless the context otherwise requires:

- 1.1 "Actual Loss" (which in the case of a Buyer and Potential Buyer will not exceed the amount either reasonably believes to be the value of the Land at the Policy Date and assuming residential use of the Land) means:
 - 1.1.1 in respect of a Buyer:
 - (a) the difference between the Market Value of the Land without an Adverse Entry and the Market Value as reduced by the effect of an Adverse Entry
 - (b) the cost of demolishing, altering or reinstating any part of the Land to comply with an order made by an Appropriate Body
 - (c) the amount required to pay any charges or other financial liabilities registered against the Land
 - 1.1.2 in respect of a Potential Buyer: any sums actually expended by the Potential Buyer in contemplation of buying the Land
 - 1.1.3 in respect of a Seller: actual financial loss
 - 1.1.4 in respect of a Lender: the difference between the amount of loan outstanding at the time the Lender becomes aware of an Adverse Entry and the amount recovered by the Lender on sale of the Land.
- 1.2 "Adverse Entry" means a matter affecting the Land which should be disclosed in the information provided by an Appropriate Body for the purpose of compiling a Search Report.
- 1.3 "Appropriate Body" means a local authority or other public body providing information to be included in a Search Report.
- 1.4 "Authorised Expenses" means any costs, legal fees and expenses that First Title is obliged to pay under this policy and has approved in writing.
- 1.5 "Bordereau" means the form supplied by First Title to the Policy Issuer recording insurance given in respect of individual residential properties insured under the terms of this policy.
- 1.6 "Buyer" means a person buying an interest in the Land relying upon a Search Report prepared in relation to the Land.
- 1.7 "First Title" means First Title Insurance plc.
- 1.8 "HIP" means a Home Information Pack produced by the Policy Issuer in accordance with the Home Information Pack Regulations 2007.
- 1.9 "Insured" means all or any of:
 - 1.9.1 a Buyer
 - 1.9.2 a Potential Buyer
 - 1.9.3 a Seller
 - 1.9.4 a Lender
- 1.10 "Know, Known or Knowing" means having actual knowledge and not constructive knowledge or notice which may be imparted by matters appearing in public records established by local government or other relevant public bodies.
- 1.11 "Land" means the interest in an individual residential property specified in the Bordereau.
- 1.12 "Lender" means a person or body making a loan to a Buyer secured over the Land.
- 1.13 "Market Value" means the average of valuations carried out by independent and suitably qualified valuers appointed respectively by the Insured making a claim and by First Title.
- 1.14 "Policy Issuer" means Property Information Exchange Limited who will not be an insured under this Policy.
- 1.15 "Potential Buyer" means a person other than a Buyer who receives a HIP from the Seller or his agent and who relies upon a Search Report contained in it in contemplation of buying the Land.
- 1.16 "Search Report" means a report providing the information required by Regulation 9(1) of the Home Information Pack Regulations 2007 obtained from a private search provider and not directly from an Appropriate Body and incorporated within a HIP.
- 1.17 "Seller" means a person selling the Land.
- 1.18 "Policy Date" means the date on which the Search Report was prepared.

2. Coverage Statement

Subject to the terms and conditions of this policy and as the circumstances may require First Title will do either or both of the following:

- 2.1 indemnify each Insured against Actual Loss incurred by that Insured by reason of an Adverse Entry which existed at the Policy Date but was not fully disclosed to that Insured in the Search Report; and/or
- 2.2 at First Title's option, defend the Insured(s) for the risks insured by this policy. First Title will also pay any Authorised Expenses that it incurs in that defence. First Title can end this duty to defend by exercising any of the options listed in paragraph 8 of this policy.

3. Exclusions

First Title will not indemnify an Insured against Actual Loss, will not have a duty to defend and will not be obliged to pay Authorised Expenses resulting from any of the following matters:

- 3.1 risks that:
 - 3.1.1 that Insured creates, allows or agrees to at any time
 - 3.1.2 are known to that Insured but not to First Title and do not appear in any records established by the Appropriate Bodies on or before the date of the Search Report
 - 3.1.3 do not cause that Insured any loss
 - 3.1.4 occur, come into existence or are recorded in public records established by an Appropriate Body after the Policy Date
 - 3.1.5 are disclosed to the Insured during negotiation, correspondence or in reply to enquiries before contract
- 3.2 environmental contaminants or hazardous waste on or under the Land and/or liability arising by reason of environmental protection legislation, whether or not its existence would have been disclosed in response to question 3.12(a) to (d) in Form CON29
- 3.3 radon gas on or under the Land, whether or not its existence would have been disclosed in response to question 3.13 in Form CON29.

4. Continuation of indemnity

The coverage of any insurance given under this policy does not continue to protect any purchaser from a Buyer or Lender.

5. Notification of a claim

- 5.1 An Insured must advise First Title in writing as soon as possible after that Insured becomes aware of any claim or circumstance which might entitle that Insured to make a claim under this policy. The Insured must inform First Title Insurance plc in any one of the following formats also quoting the reference being the policy number and SRIP 05/07
 - 5.1.1 by post to Title House, 33-39 Elmfield Road, Bromley, Kent, BR1 1LT
 - 5.1.2 by fax to First Title Insurance plc on 0208 315 1338
 - 5.1.3 by e-mail to claims@firsttitle.eu

5.2 First Title's obligation to an Insured under this policy may be reduced in part or in whole if that Insured refuses to co-operate with First Title and any action or omission of that Insured in these respects adversely affects First Title's ability to dispute or defend any challenge or claim or to commence any action against other persons.

6. Defence and prosecution of actions and an Insured's duty to co-operate

- 6.1 First Title may at its own expense and without unreasonable delay defend the Insured in litigation concerning any adverse matter referred to in paragraph 2.1
- 6.2 First Title will be entitled to select the lawyer to act and First Title will not be liable for and will not pay the fees of any other lawyer.
- 6.3 First Title may pursue any litigation (including appeals) to final determination by a court and reserves the right in its sole discretion to appeal any judgment or order
- 6.4 First Title will consult with the Insured on all matters arising under a claim.

Search Report Insurance Policy for HIP Compliant Searches

Policy Holder: Property Information Exchange Limited

Policy Number: 60-009-00059742

7. Proof of loss

- 7.1 An Insured must give First Title a written statement detailing the amount of that Insured's loss and the method that that Insured used to compute that amount.
- 7.2 The statement must be given to First Title not later than 90 days after that Insured knows of the facts which will let the Insured establish the amount of the Insured's loss.

8. Settling claims and termination of liability

If an Insured makes a claim under this policy for which First Title is liable or in any other way First Title learns of a matter or circumstance for which First Title is or may be liable First Title can do one or more of the following:

- 8.1 pay that Insured the amount of indemnity cover in accordance with the definition of Actual Loss in paragraph 1.1 together with any Authorised Expenses; or
- 8.2 purchase the debt secured by a mortgage for the amount owed under it together with any interest and Authorised Expenses. In those circumstances the Lender must transfer or assign the mortgage together with any collateral securities and credit enhancements to First Title on receipt of payment and give all necessary notices of that transfer or assignment; or
- 8.3 pay or otherwise settle any claim with other parties for or in the Insured's name together with any Authorised Expenses; or
- 8.4 pay or otherwise settle with the Insured the Actual Loss provided for under this policy together with any Authorised Expenses.

9. Determination and extent of liability

The insurance given under this policy is a contract of indemnity against actual monetary loss. Subject to paragraphs 10 and 11 of this policy First Title's total liability under this policy (excluding Authorised Expenses) will not exceed the amounts defined as Actual Loss contained in paragraph 1.1.

10. Limitation of First Title's Liability

First Title will not be liable to indemnify an Insured:

- 10.1 if First Title removes any matter giving rise to that Insured's claim under this policy in a reasonably diligent manner by any method including litigation, or
- 10.2 if First Title makes a settlement with a third party;
- 10.3 until litigation, including appeals, in relation to a claim conducted by First Title (or by an Insured with First Title's authorisation) has been finally determined by a court;
- 10.4 for liability voluntarily assumed by an Insured in negotiating or settling any claim or litigation without First Title's prior written consent.

11. Reduction of indemnity and reduction or termination of First Title's liability

The amount of indemnity cover payable by First Title under this policy will be reduced or terminated (as the case may be) by any or all of the following:

- 11.1 all payments under this policy except for Authorised Expenses;
- 11.2 the payment by any person of all or part of the debt or any other obligation secured by a mortgage or other charge over the Land or any voluntary, partial or full satisfaction or release of such mortgage or charge to the extent of the satisfaction or release; and/or
- 11.3 the amount by which an Insured's acts or omissions have increased First Title's liability or reduced First Title's ability to recover amounts from third parties provided always that the interest of any Insured will not be prejudiced by any act or default of another Insured (not being such Insured) which might otherwise invalidate or reduce the indemnity provided by the Policy.

12. Payment of loss

When the extent of an Insured's loss and First Title's liability under this policy have been finally determined, First Title will pay that amount to that Insured within 30 days of its determination.

13. Subrogation

If First Title agrees to indemnify or defend an Insured under this policy in respect of any claim then regardless of whether or not actual payment has been made First Title will immediately be subrogated to any rights, contractual or otherwise, which that Insured may have in connection with that claim, the mortgage or the Land. If First Title asks, the Insured must transfer to First Title all of the Insured's rights and remedies against any person or property that, in First Title's opinion, might be necessary to perfect this right of subrogation.

14. Liability limited to this policy

This policy and any endorsements to it given in writing by First Title will be the entire contract between each Insured and First Title.

15. Severability

In the event that any provision of this policy is held to be invalid or unenforceable under any law, that provision may be severed from and will not be taken to have affected the remaining provisions.

16. Governing law and jurisdiction

This policy will be governed by the law of England and Wales and the courts of England and Wales.

17. Cancellation rights

No Insured will be entitled to cancel the insurance given to it so as to affect the rights of any other Insured and no refund of premium will be payable.

18. Notices

All notices required to be served on or given to First Title plc under this policy must include a reference SRIP 05/07 and the address of the Land and be delivered to the Claims Department, First Title Insurance plc, Title House, 33-39 Elmfield Road, Bromley BR1 1LT.

Policy Summary for Search Report Insurance Policy

1. This summary. This document provides a summary of the key features of the Search Report Insurance Policy under which insurance will be given to individual Buyers, Potential Buyers, Sellers and Lenders. This document does not contain the full terms and conditions of the Search Report Indemnity Insurance Policy. These can be found in the specimen policy document provided with this document. This summary is not part of the policy and it does not commit us to provide insurance on these or any other terms. It is important that you read the policy itself. The policy is a legally binding contract between each Insured and First Title Insurance plc.

2. The Insurer. First Title Insurance plc provides general insurance products and is authorised and regulated by the Financial Services Authority.

3. Type of insurance. The insurance given under the Search Report Insurance Policy protects against actual loss suffered because of any adverse circumstance which existed in the records of an Appropriate Body and affected the land at the Policy Date but was not fully disclosed in a search report compiled as part of a Home Information Pack (as defined in the Home Information Pack Regulations 2007). See Coverage statement in paragraph 2 of the policy.

4. What does the policy not cover? Among others, the insurance given under the Search Report Insurance Policy does not cover :
 environmental contaminants or hazardous waste on or under the Land
 loss or damage arising by reason of enforcement of environmental protection legislation
 the existence of radon gas on or under the Land.

All of these exclusions are detailed in paragraph 3 of the Search Report Insurance Policy. Please read this part of the policy carefully.

5. Limitations of the Policy. The insurance given under the Search Report Insurance Policy is a contract of indemnity against actual monetary loss and any payment under it will not exceed the amounts detailed in paragraph 1.1 of the policy, which should be referred to.

6. Cancellation Terms. Because the interests of a number of persons may all be protected at the same time by insurance given under the Search Report Insurance Policy in relation to each individual property, no person insured under the policy will have the right to cancel the insurance without the written agreement of all other persons who might benefit from the insurance. No refund of premium will be payable. See paragraph 17 of the policy.

7. Term of the policy. Cover under insurance given under the Search Report Insurance Policy protects only the persons specified in the policy as an "Insured" and does not continue to protect any purchaser from an insured. Each person who is insured should check periodically to ensure that the policy still meets their needs. Please refer to paragraph 2 of the policy.

8. Claims. Anyone wishing to claim under the insurance given under the Search Report Insurance Policy must advise First Title in writing as soon as possible after becoming aware of any claim or circumstance which might entitle them to make a claim. Please see paragraph 5 of the policy.

9. Queries. If you require further information or have any queries regarding the policy you should contact First Title Insurance plc at Title House, 33-39 Elmfield Road, Bromley, Kent BR1 1LT.

10. Complaints. If you wish to complain about any aspect of the service you have received regarding the insurance policy, please contact First Title Insurance plc at Title House, 33-39 Elmfield Road, Bromley, Kent BR1 1LT. Please quote the policy reference. SRIP/05/07. If your complaint is not dealt with to your satisfaction you may complain to the Financial Ombudsman Service, South Quay Plaza, 183 Marsh Wall, London E14 9SR. Telephone: 0845 080 1800. There are some instances where the Financial Ombudsman Service cannot consider your complaint. Making a complaint will not prejudice your right to take legal proceedings.

11. Compensation. Should First Title Insurance plc become unable at any time to meet claims against it the Financial Services Compensation Scheme will protect your interests. There are maximum levels of compensation you can receive under the Scheme. You will normally be covered for at least 90% of the payment due under your policy.

12. Price. The premium for the Search Report Insurance is £3.50 plus IPT

Search Report Insurance Policy

Demands & Needs Statement and Suitability

In connection with the Personal Local Search carried out in relation to the property, the transaction benefits from the inclusion of a Search Report Insurance Policy. This policy will cover you, the Insured, against Actual Loss incurred by you by reason of an Adverse Entry which existed at the Policy Date but was not fully disclosed to that you in the Search Report;

Under the Financial Services Authority regulations we are required to advise details of the contract of insurance recommended.

We only deal with First Title Insurance plc for Search Report Insurance, Our recommendation is based upon First Title Insurance plc being an insurance company authorised and regulated by the Financial Services Authority and a subsidiary of The First American Corporation, a Fortune 500 company listed on the New York Stock Exchange and are the world's leading provider of title information and property related services.

Please also refer to the attached policy summary and retain the document, along with this letter, for future reference.

INTERPRETATION of Drainage and Water Search

- 1 This report complies with the terms and expressions identified in Part 2 of Schedule 8 of Statutory Instrument 2007 No. 1667.

ENQUIRIES AND RESPONSES

- 2 Q: This Drainage and Water search complies with the requirements of Statutory Instrument 2007 No. 1667 Schedules 6 and 8 regulations (8(1)) as it contains the enquiries and the appropriate responses set out in Part 2 of this Schedule 8.
- A: The Water companies records were searched by James Tallant of SOUTH EAST WATER who has no, nor is likely to have, any personal or business relationship with any person involved in the sale of the property.

This search report was prepared by Alison Stickland of Southern Water Services, Southern House, Capstone Road, Chatham, Kent ME5 7QA who has no nor is likely to have, any personal or business relationship with any person involved in the sale of the property.

The following records were searched in compiling this report: the Map of Public Sewers, the Map of Waterworks, Water and Sewer Billing Records, Adoption of Public Sewer Records, Building Over Public Sewer Records, the Register of Properties subject to Internal Foul Flooding, the Register of Properties subject to Poor Water Pressure and the Drinking Water Register. All of these are either held by Southern Water Services Limited or the water company as appropriate.

Southern Water Services Limited is responsible in respect of the following:

- i. Any negligent or incorrect entry in the records searched;
- ii. Any negligent or incorrect interpretation of the records searched;
- iii. Any negligent or incorrect recording of that interpretation in the Search report; and
- iv. Any compensation payments in accordance with Schedule 6 Part 2, 7(b) and (c) of Statutory Instrument 2007 No. 1667.

The Complaints procedure in respect of this search report is attached.

Please refer to the attached Terms and Conditions.

PUBLIC SEWER MAP

3 Q: Where relevant, please include a copy of an extract from the public sewer map.

A: A copy of an extract from the public sewer map is included in which the location of the property is identified.

1. Public sewers are defined as those for which the company holds statutory responsibility under the Water Industry Act 1991.

2. The company is not generally responsible for rivers, watercourses, ponds, culverts or highway drains. If any of these are shown on the copy extract they are shown for information only.

3. Sewers indicated on the extract of the public sewer map as being subject to an agreement under section 104 of the Water Industry Act 1991 are not an 'as constructed' record. It is recommended that these details are checked with the developer, if any.

4. Assets other than public sewers may be shown on the copy extract, for information only.

FOUL WATER

4 Q: Does foul water from the property drain to a public sewer?

A: Records indicate that foul water from the property does drain to the public sewerage system.

1. Water Companies are not normally responsible for any private drains and sewers which connect the property to the public sewerage system, and do not hold details of these. The property owner will normally have sole responsibility for private drains serving the property and may have shared responsibility, with other users, if the property is served by a private sewer which also serves other properties. These may pass through land outside of the control of the seller and the buyer may wish to investigate whether separate rights or easements are needed for their inspection, repair or renewal.

2. An extract from the public sewer map is enclosed. This will show known public sewers in the vicinity of the property and it should be possible to estimate the likely length and route of any private drains and/or sewers connecting the property to the public sewerage system.

3. If foul water does not drain to the public sewerage system the property may have private facilities in the form of a cesspit, septic tank or other type of treatment plant.

SURFACE WATER

5 Q: Does surface water from the property drain to a public sewer?

A: Records indicate that surface water from the property does drain to the public sewer system.

1. Water Companies are not normally responsible for private drains and sewers that connect the property to the public sewerage system and do not hold details of these.

2. The property owner will normally have sole responsibility for private drains serving the property and may have shared responsibility, with other users, if the property is served by a private sewer which also serves other properties. These may pass through land outside of the control of the seller and the buyer may wish to investigate whether separate rights or easements are needed for their inspection, repair or renewal.

3. In some cases water company records do not distinguish between foul and surface water connections to the public sewerage system.

4. If on inspection the buyer finds that the property is not connected for surface water drainage, the property may be eligible for a rebate of the surface water drainage charge. Details can be obtained from the company.

5. An extract from the public sewer map is enclosed. This will show known public sewers in the vicinity of the property and it should be possible to estimate the likely length and route of any private drains and/or sewers connecting the property to the public sewerage system.

PUBLIC ADOPTION OF SEWERS AND LATERAL DRAINS

6 Q: Are any sewers or lateral drains serving or which are proposed to serve the property the subject of an existing adoption agreement or an application for such an agreement? If so, what stage of the adoption process has been reached, and is the agreement supported by a bond?

A: The property is not subject to an adoption agreement.

1. This enquiry is of interest to purchasers of new homes who will want to know whether or not the property will be linked to a public sewer.

2. Where the property is part of a very recent or ongoing development and the sewers are not the subject of an adoption application, buyers should consult with the developer to ascertain the extent of private drains and sewers for which they will hold maintenance and renewal liabilities.

3. Final adoption is subject to the developer complying with the terms of the adoption agreement under Section 104 of the Water Industry Act 1991.

PUBLIC SEWERS WITHIN THE BOUNDARY OF THE PROPERTY

7 Q: Does the public sewer map indicate, any public sewer, disposal main or lateral drain within the boundaries of the property?

A: The public sewer map included indicates that there is a public sewer, disposal main or lateral drain within the boundaries of the property.

1. The boundary of the property has been determined by reference to the Ordnance Survey record.

2. The presence of a public sewer running within the boundary of the property may restrict further development. The company has a statutory right of access to carry out work on its assets, subject to notice. This may result in employees of the company or its contractors needing to enter the property to carry out work.

3. Sewers indicated on the extract of the public sewer map as being subject to an agreement under Section 104 of the Water Industry Act 1991 are not an 'as constructed' record. It is recommended that these details be checked with the developer, if any.

PUBLIC SEWERS NEAR TO THE PROPERTY

8 Q: Does the public sewer map indicate any public sewer or a sewer, subject to an agreement under Section 104 of the Water Industry Act 1991, within 30.48 metres (100 feet) of any buildings within the property?

A: The public sewer map included indicates that there is a public sewer within 30.48 metres (100 feet) of a building within the property. (See supplied extract from the public sewer map.)

1. The presence of a public sewer within 30.48 metres (100 feet) of the building(s) within the property can result in the local authority requiring a property to be connected to the public sewer.

2. The measure is estimated from the Ordnance Survey record, between the building(s) within the boundary of the property and the nearest public sewer.

3. Sewers indicated on the extract of the public sewer map as being subject to an agreement under Section 104 of the Water Industry Act 1991 are not an 'as constructed' record. It is recommended that these details be checked with the developer, if any.

BUILDING OVER A PUBLIC SEWER, DISPOSAL MAIN OR DRAIN

9 Q: Has a sewerage undertaker approved or been consulted about any plans to erect a building or extension on the property over or in the vicinity of a public sewer, disposal main or drain?

A: There are no records in relation to any approval or consultation about any plans to erect a building or extension on the property over or in the vicinity of a public sewer, disposal main or drain. However, the sewerage undertaker might not be aware of a building or extension on the property over or in the vicinity of a public sewer, disposal main or drain.

1. Buildings or extensions erected over a sewer in contravention of building Control may have to be removed or altered.

MAP OF WATERWORKS

10 Q: Where relevant, please include a copy of an extract from the map of waterworks.

A: A copy of an extract from the map of the waterworks is included in which the location of the property is identified.

1. The "water mains" in this context are those which are vested in and maintainable by the water company under statute.

2. Assets other than public water mains may be shown on the plan, for information only.

3. Water companies are not responsible for the private supply pipes connecting the property to the public water main and do not hold details of these. These may pass through land outside of the control of the seller, or may be shared with adjacent properties. The buyer may wish to investigate whether separate rights or easements are needed for their inspection, repair or renewal.

4. The copy extract will show known public water mains in the vicinity of the property. It should be possible to estimate the likely length and route of any private water supply pipe connecting the property to the public water network.

5. The "water mains" in this context are those which are vested in and maintainable by the water company under statute .

ADOPTION OF WATER MAINS AND SERVICES PIPES

11 Q: Is any water main or service pipe serving or which is proposed to serve the property the subject of an existing adoption agreement or an application for such an agreement?

A: Records confirm that water mains or service pipes serving the property are not the subject of an existing adoption agreement or an application for such an agreement.

1. This enquiry is of interest to purchasers of new homes who will want to know whether or not the property will be linked to the mains water supply.

SEWERAGE AND WATER UNDERTAKERS

12 Q: Who are the sewerage and water undertakers for the area?

A: The sewerage undertaker for the area is Southern Water Services, Southern House, Yeoman Road, Worthing, Sussex BN13 3NX

The water undertaker for the area is South East Water Ltd 3 Church Road Haywards Heath West Sussex, RH16 3NY. Tel no: 0845 301 0845

CONNECTION TO MAINS WATER SUPPLY

13 Q: Is the property connected to mains water supply?

A: Records indicate that the property is connected to mains water supply.

1. Details of private supplies are not kept by the Water Undertaker. The situation should be checked with the current owner of the property.

WATER MAINS, RESOURCE MAINS OR DISCHARGE PIPES

14 Q: Are there any water mains, resource mains or discharge pipes within the boundaries of the property?

A: The map of the waterworks does not indicate any water mains, resource mains or discharge pipes within the boundaries of the property.

1. The boundary of the property has been determined by reference to the Ordnance Survey record.

2. The presence of a public water main within the boundary of the property may restrict further development within it. Water undertakers have a statutory right of access to carry out work on their assets, subject to notice. This may result in employees of the Water Undertaker or its contractors needing to enter to carry out work.

CURRENT BASIS FOR SEWERAGE AND WATER CHARGES

15 Q: What is the current basis for charging for water and sewerage services at the property?

A: The charges are based on actual volumes of water measured through a water meter ("metered supply")

1. Water and Sewerage undertakers' full charges are set out in their charges schemes which are available from the relevant Undertaker free of charge upon request.

2. The Water Industry Act 1991 Section 150, The Water Resale Order 2001, provides protection for people who buy their water and sewerage services from a person or company instead of directly from a water or sewerage company. Details are available from the Office of Water Services (Ofwat). Website: www.ofwat.gov.uk.

CHARGES FOLLOWING CHANGE OF OCCUPATION

16 Q: Will the basis for charging for sewerage and water services at the property change as a consequence of a change of occupation?

A: There will be no change in the current charging arrangements as a consequence of change of occupation.

1. Water and Sewerage Undertaker's full charges are set out in their charges schemes which are available from the relevant Undertaker free of charge upon request.

2. It is policy to meter all new water connections which would result in charges being levied according to the measured tariff.

3. The Water Undertaker may install a meter at the premises where a buyer makes a change of use of the property or where the buyer uses water for:

a. Watering the garden other than by hand (this includes the use of sprinklers).

b. Automatically replenishing a pond or swimming pool with a capacity greater than 10,000 litres.

SURFACE WATER DRAINAGE CHARGES

17 Q: Is a surface drainage charge payable?

A: Records confirm that a surface water drainage charge is payable for the property at £ 22.

1. Where surface water from a property does not drain to the public sewerage system no surface water drainage charges are payable.

2. Where surface water drainage charges are payable but if on inspection the buyer finds that the property is not connected for surface water drainage, the property may be eligible for rebate of the surface water drainage charge. Details can be obtained from the Sewerage Undertaker.

WATER METERS

18 Q: Please include details of the location of any water meter serving the property?

A: Records indicate that the property is served by a water meter, which is not located within the dwelling –house which is or forms part of the property, and in particular is located IN verge LH of PROP OPP hair dressers.

1. Where the property is not served by a water meter and the customer wishes to consider this method of charging they should contact:

South East Water Ltd 3 Church Road Haywards Heath West Sussex, RH16 3NY. Tel no: 0845 301 0845

SEWERAGE BILLS

19 Q: Who bills the property for sewerage services?

A: The property is billed for sewerage services by Southern Water Services, Southern House, Yeoman Road, Worthing, Sussex BN13 3NX.

WATER BILLS

20 Q: Who bills the property for water services?

A: The property is billed for water services by South East Water Ltd 3 Church Road Haywards Heath West Sussex, RH16 3NY. Tel no: 0845 301 0845

RISK OF FLOODING DUE TO OVERLOADING PUBLIC SEWERS

21 Q: Is the dwelling house which is or forms part of the property at risk of internal flooding due to overloaded public sewers?

A: The property is not recorded as being at risk of internal flooding due to overloaded public sewers.

1. A sewer is "overloaded" when the flow from a storm is unable to pass through it due to a permanent problem (e.g. flat gradient, small diameter). Flooding as a result of temporary problems such as blockages, siltation, collapses and equipment or operational failures are excluded.

2. "Internal flooding" from the public sewers is defined as flooding, which enters a building or passes below a suspended floor. For reporting purposes, buildings are restricted to those normally occupied and used for residential, public, commercial, business or industrial purposes.

3. "At Risk" properties are those that the water company is required to include in the Regulatory Register that is reported annually to the Water Services Regulatory Authority. These are defined as properties that have suffered or are likely to suffer internal flooding from the public foul, combined or surface water sewers due to overloading of the sewerage system more frequently than the relevant reference period (either once or twice in ten years) as determined by the Sewerage Undertaker's reporting procedure.

4. Flooding as a result of storm events proven to be exceptional and beyond the reference period of one in ten years are not included on the at Risk register.

5. Properties may be at risk of flooding but not included on the Register where flooding incidents have not been reported to the Sewerage Undertaker.

6. Public Sewers are defined as those for which the Sewerage Undertaker holds statutory responsibility under the Water Industry Act 1991.

7. It should be noted that flooding can occur from private sewers and drains which are not the responsibility of the Sewerage Undertaker. This report excludes flooding from the private sewers and drains and the Sewerage Undertaker makes no comment upon this matter.

RISK OF LOW WATER PRESSURE OR FLOW

22 Q: Is the property at risk of receiving low water pressure or flow?

A: Records confirm that the property is not recorded on a register kept by the water undertaker as being at risk of receiving low water pressure or flow.

1. *The boundary of the property has been determined by reference to the Ordnance Survey record.*

2. *"Low water pressure" means water pressure below the regulatory reference level which is the minimum pressure when demand on the system is not abnormal.*

3. *Water Companies are required to include in the Regulatory Register that is reported annually to the Water Services Regulatory Authority properties receiving pressure below the reference level, provided that allowable exclusions do not apply (i.e. events which can cause pressure to temporarily fall below the reference level).*

4. *The reference level of service is a flow of 9 litres/minute at a pressure of 10metres head on the customers side of the main stop tap (mst). The reference level of service must be applied on the customers side of a meter or any other company fittings that are on the customers side of the main stop tap.*

The reference level applies to a single property. Where more than one property is served by a common service pipe, the flow assumed in the reference level must be appropriately increased to take account of the total number of properties served.

For two properties, a flow of 18 litres/minute at a pressure of 10metres head on the customers' side of the mst is appropriate. For three or more properties the appropriate flow should be calculated from the standard loadings provided in BS6700 or Institute of Plumbing handbook.

5. *Allowable exclusions*

The Company is required to include in the Regulatory Register properties receiving pressure below the reference level, provided that allowable exclusions listed below do not apply

6. *Abnormal demand:*

This exclusion is intended to cover abnormal peaks in demand and not the daily, weekly or monthly peaks in demand which are normally expected.

Companies should exclude from the reported DG2 figures properties which are affected by low pressure only on those days with the highest peak demands. During the report year companies may exclude, for each property, up to five days of low pressure caused by peak demand.

7. *Planned maintenance:*

Companies should not report under DG2 low pressures caused by planned maintenance.

It is not intended that companies identify the number of properties affected in each instance. However, companies must maintain sufficiently accurate records to verify that low pressure incidents that are excluded from DG2 because of planned maintenance are actually caused by maintenance.

8. *One-off incidents:*

This exclusion covers a number of causes of low pressure; mains bursts; Failures of company equipment (such as PRVs or booster pumps);

Firefighting; and Action by a third party. However, if problems of this type affect a property frequently, they cannot be classed as one-off events and further investigation will be required before they can be excluded.

9. *Low pressure incidents of short duration:*

Properties affected by low pressures which only occur for a short period, and for which there is evidence that incidents of a longer duration would not occur during the course of the year, may be excluded from the reported DG2 figures.

WATER QUALITY ANALYSIS

23 Q: Please include details of a water quality analysis made by the water undertaker for the water supply zone in Respect of the most recent calendar year

A: The analysis confirmed that tests failed to meet the standards prescribed by the 2000 Regulations or the 2001 Regulations, please find a report attached.

1. Water companies have a duty to provide wholesome water that meets the standards of the Water Supply (Water Quality) Regulations 2000.

However, the householder is responsible for any deterioration in water quality that is a result of the domestic distribution system (the supply pipe and the plumbing within the property) that results in the standards not being met.

2. In England and Wales these Regulations implement the requirements of the European Drinking Directive 98/83/EC. The 2000 Regulations impose standards for a range of parameters, which are either health based to ensure the water is safe to drink or to ensure the water is aesthetically acceptable. They also require that drinking water should not contain any element, organism or substance (whether or not a parameter) at a concentration or value which would be detrimental to public health.

3. Water quality is normally tested at the tap used for domestic consumption normally the kitchen. However, the householder is responsible for any of deterioration in water quality that is a result of the domestic distribution system (the supply pipe and the plumbing within the property) that results in the standards not being met.

4. If there are concerns that lead pipes within the property may be causing high levels of lead in your drinking water please contact your water company (give contact details) for further advice.

5. The water company undertakes a monitoring programme to establish water quality that includes random sampling from domestic properties. It will notify the consumers of any failures to meet the water quality standards that are due to the condition or maintenance of the domestic distribution system.

6. The data collected by the company is subject to external review by the drinking water inspectorate (DWI) and by local and health authorities. In addition to reviewing quality data the DWI also carry out audits during which any area of the company's operational can be examined.

7. If there are concerns that lead pipes within the property may be causing high levels of lead in your drinking water please contact the company (see below) for further advice.

WATER QUALITY STANDARDS

24 Q: Please include details of any departures, authorised by the Secretary of State under Part 6 of the 2000 Regulations from the provisions of Part 3 of those regulations.

A: There are no such authorised departures for the water supply zone.

1. Authorised departments are not permitted if the extent of the departure from the standard is likely to constitute a potential danger to human health.

2. Please contact your water company if you require further information.

SEWERAGE TREATMENT WORKS

25 Q: Please state the distance from the property to the nearest boundary of the nearest sewage treatment works.

A: The nearest sewage treatment works is 3.45 kilometres North of the property. The name of the sewage treatment works is MERES FARM MAYFIELD WTW, which is responsibility of Southern Water Services, Southern House, Capstone Road, Chatham, Kent ME5 7QA company.

1. The nearest sewerage treatment works will not always be the sewerage treatment works serving the catchment within which the property is situated.

2. The Sewerage undertaker's records were inspected to determine the nearest sewerage treatment works.

3. It should be noted therefore that there may be private sewerage treatment works closer than the one detailed above that have not been identified.

DRAINAGE & WATER ENQUIRY (DOMESTIC). **TERMS AND CONDITIONS**

The Customer the Client and the Purchaser are asked to note these terms, which govern the basis on which this drainage and water report is supplied

Definitions

'The Company' means Southern Water Services Limited who produces the Report.

'Order' means any request completed by the Customer requesting the Report.

'Report' means the drainage and/or water report prepared by The Company in respect of the Property.

'Property' means the address or location supplied by the Customer in the Order.

'Customer' means the person, company, firm or other legal body placing the Order, either on their own behalf as Client, or, as an agent for a Client.

'Client' means the person, company or body who is the intended recipient of the Report with an actual or potential interest in the Property.

'Purchaser' means the actual or potential purchaser of the Property including their mortgage lender.

1.0 Agreement

1.1 The Company agrees to supply the Report to the Customer and the Client subject to these terms. The scope and limitations of the Report are described in paragraph 2 of these terms. Where the Customer is acting as an agent for the Client then the Customer shall be responsible for bringing these terms to the attention of the Client and the Purchaser.

1.2 The Customer the Client and the Purchaser agree that the placing of an Order for a Report and the subsequent provision of a copy of the Report to the Purchaser indicates their acceptance of these terms.

2.0 The Report

2.1 Whilst The Company will use reasonable care and skill in producing the Report, it is provided to the Customer the Client and the Purchaser on the basis that they acknowledge and agree to the following:-

2.2 The information contained in the Report can change on a regular basis so The Company cannot be responsible to the Customer the Client and the Purchaser for any change in the information contained in the Report after the date on which the Report was produced and sent to the Client.

2.3 The Report does not give details about the actual state or condition of the Property nor should it be used or taken to indicate or exclude actual suitability or unsuitability of the Property for any particular purpose, or relied upon for determining saleability or value, or used as a substitute for any physical investigation or inspection. Further advice and information from appropriate experts and professionals should always be obtained.

2.4 The information contained in the Report is based upon the accuracy of the address supplied by the Customer or Client.

2.5 The Report provides information as to the location & connection of existing services and other information required to comply with the provisions of the Home Information Pack Regulations in relation to drainage and water enquiries and should not be relied on for any other purpose. The Report may contain opinions or general advice to the Customer the Client and the Purchaser The Company cannot ensure that any such opinion or general advice is accurate, complete or valid and accepts no liability therefore.

2.6 The position and depth of apparatus shown on any maps attached to the Report are approximate, and are furnished as a general guide only, and no warranty as to its correctness is given or implied. The exact positions and depths should be obtained by excavation trial holes and the maps must not be relied on in the event of excavation or other works made in the vicinity of The Company's apparatus.

3.0 Liability

3.1 The Company shall not be liable to the Client or the Purchaser for any failure defect or non-performance of its obligations arising from any failure of or defect in any machine, processing system or transmission link or anything beyond The Company's reasonable control or the acts or omissions of any party for whom The Company are not responsible.

3.2 Where a report is requested for an address falling within a geographical area where two different companies separately provide Water and Sewerage Services, then it shall be deemed that liability for the information given by either company will remain with that company in respect of the accuracy of the information supplied. A company supplying information which has been provided to it by another company for the purposes outlined in this agreement will therefore not be liable in any way for the accuracy of that information and will supply that information as agent for the company from which the information was obtained.

3.3 The Report is produced only for use in relation to individual domestic property transactions which require the provision of drainage and water information pursuant to the provisions of the Home Information Pack Regulations and cannot be used for commercial development of domestic properties or commercial properties for intended occupation by third parties. When the Report is used for land only transactions the Company's entire liability (except to the extent provided by clause 3.4) in respect of all causes of action arising by reason of or in connection with the Report (whether for breach of contract, negligence or any other tort, under statute or statutory duty or otherwise at all) shall be limited to £5,000.

3.4 The Company shall accept liability for death or personal injury arising from its negligence.

4.0 Copyright and Confidentiality

4.1 The Customer the Client and the Purchaser acknowledge that the Report is confidential and is intended for the personal use of the Client and the Purchaser. The copyright and any other intellectual property rights in the Report shall remain the property of The Company. No intellectual or other property rights are transferred or licensed to the Customer the Client or the Purchaser except to the extent expressly provided

4.2 The Customer or Client is entitled to make copies of the Report but may only copy Ordnance Survey mapping or data contained in or attached to the Report, if they have an appropriate licence from the originating source of that mapping or data

4.3 The Customer the Client and the Purchaser agree (in respect of both the original and any copies made) to respect and not to alter any trademark, copyright notice or other property marking which appears on the Report.

4.4 The maps contained in the Report are protected by Crown Copyright and must not be used for any purpose outside the context of the Report.

4.5 The Customer the Client and the Purchaser agree to indemnify The Company against any losses, costs, claims and damage suffered by The Company as a result of any breach by either of them of the terms of paragraphs 4.1 to 4.4 inclusive.

5.0 Payment

5.1 Unless otherwise stated all prices are inclusive of VAT. The Customer shall pay for the price of the Report specified by The Company, without any set off, deduction or counterclaim. Unless the Customer or Client has an account with The Company for payment for Reports, The Company must receive payments for Reports in full before the Report is produced. For Customers or Clients with accounts, payment terms will be as agreed with The Company.

6.0 General

6.1 If any provision of these terms is or becomes invalid or unenforceable, it will be taken to be removed from the rest of these terms to the extent that it is invalid or unenforceable. No other provision of these terms shall be affected.

6.2 These terms shall be governed by English law and all parties submit to the exclusive jurisdiction of the English courts.

6.3 Nothing in these terms and conditions shall in any way restrict the Customer the Clients or the Purchasers statutory or any other rights of access to the information contained in the Report.

6.4 These terms and conditions may be enforced by the Customer the Client and the Purchaser

These Terms & Conditions are available in larger print for those with impaired vision.

Southern Water: Residential Drainage and Water Search.
Complaint Procedure

As a minimum standard

1. We will endeavour to resolve any telephone contact at the time of the call, however, if that is not possible, we will advise you on how soon we can respond. If you are not happy with our initial response, we will advise you to write in via email, fax or letter explaining the reasons why you are not satisfied.
2. We will investigate and research the matter in detail and provide a written response within 5 working days of receipt of your written complaint.
3. Depending on the scale of investigation required, we will keep you informed of the progress and update you with new timescales if necessary.
4. If we deem your complaint to be justified, or we have made any substantial errors in your search result, we will automatically provide you with a revised search free of charge. We will also undertake such works to put things right as may be reasonably possible; and we will take this action as soon as is reasonably practical. Customers will be kept informed of the progress of any action required.

If you are still not satisfied with our response or action, we will refer the matter to a Senior Manager/ Company Director for a response.

Water Quality failure report for South East Water quality supply zone 0325

The following samples failed during the calendar year ending 31/12/2007:-

Parameter tested	No. of samples taken	No. of samples failed
Coliforms	36	1
E. Coli	36	1

Water companies investigate all infringements of water quality standards thoroughly & take appropriate action to resolve any problems. If there was any risk to public health from the quality of drinking water supplied the Company would inform customers immediately & advise them not to drink the water until the risk had been removed.

Random water sampling is carried out regularly from customer's taps & the test results accumulated for each water supply zone. The chances of this result being from the actual search property address are very low.

Key facts on water quality

Here are some key facts on substances that customers may be concerned about. For more detailed information visit www.southeastwater.co.uk or telephone 0845 301 0845

Ammonium

A salt occurring naturally in the environment which may also be linked with fertilisers. Ammonium salts do not in themselves cause health problems.

Benzo (a) Pyrene

The usual source in drinking water is from old coal tar lined pipes.

Coliform bacteria

These bacteria are usually harmless in themselves but if present can show that there is a possibility of contamination of drinking water. Some of the bacteria we find are from dirty taps in houses but in all cases where bacteria are found we respond urgently to ensure supplies are safe.

Copper

Generally arises from copper pipes & plumbing.

Escherichia Coli (E. Coli)

Bacteria sometimes found in untreated raw water. Disinfection during treatment removes them. They sometimes appear in tests in small numbers, but follow up tests usually show the mains water is satisfactory.

Iron

Iron is found naturally in some underground water. At sources where levels are high treatment may be installed to remove it. Can also arise from old iron plumbing. It does not cause health problems.

Lead

There is virtually no lead in water as it leaves treatment works. Lead in drinking water originates from service pipes & plumbing mainly found in older houses. Lead pick up is more prevalent in soft water areas. Southern Water areas are generally classed as hard. The best way of reducing lead in water supplied from taps is to replace lead plumbing.

Nickel

A substance rarely found in drinking water. Minute quantities are sometimes detectable & can come from coatings on modern tap fittings.

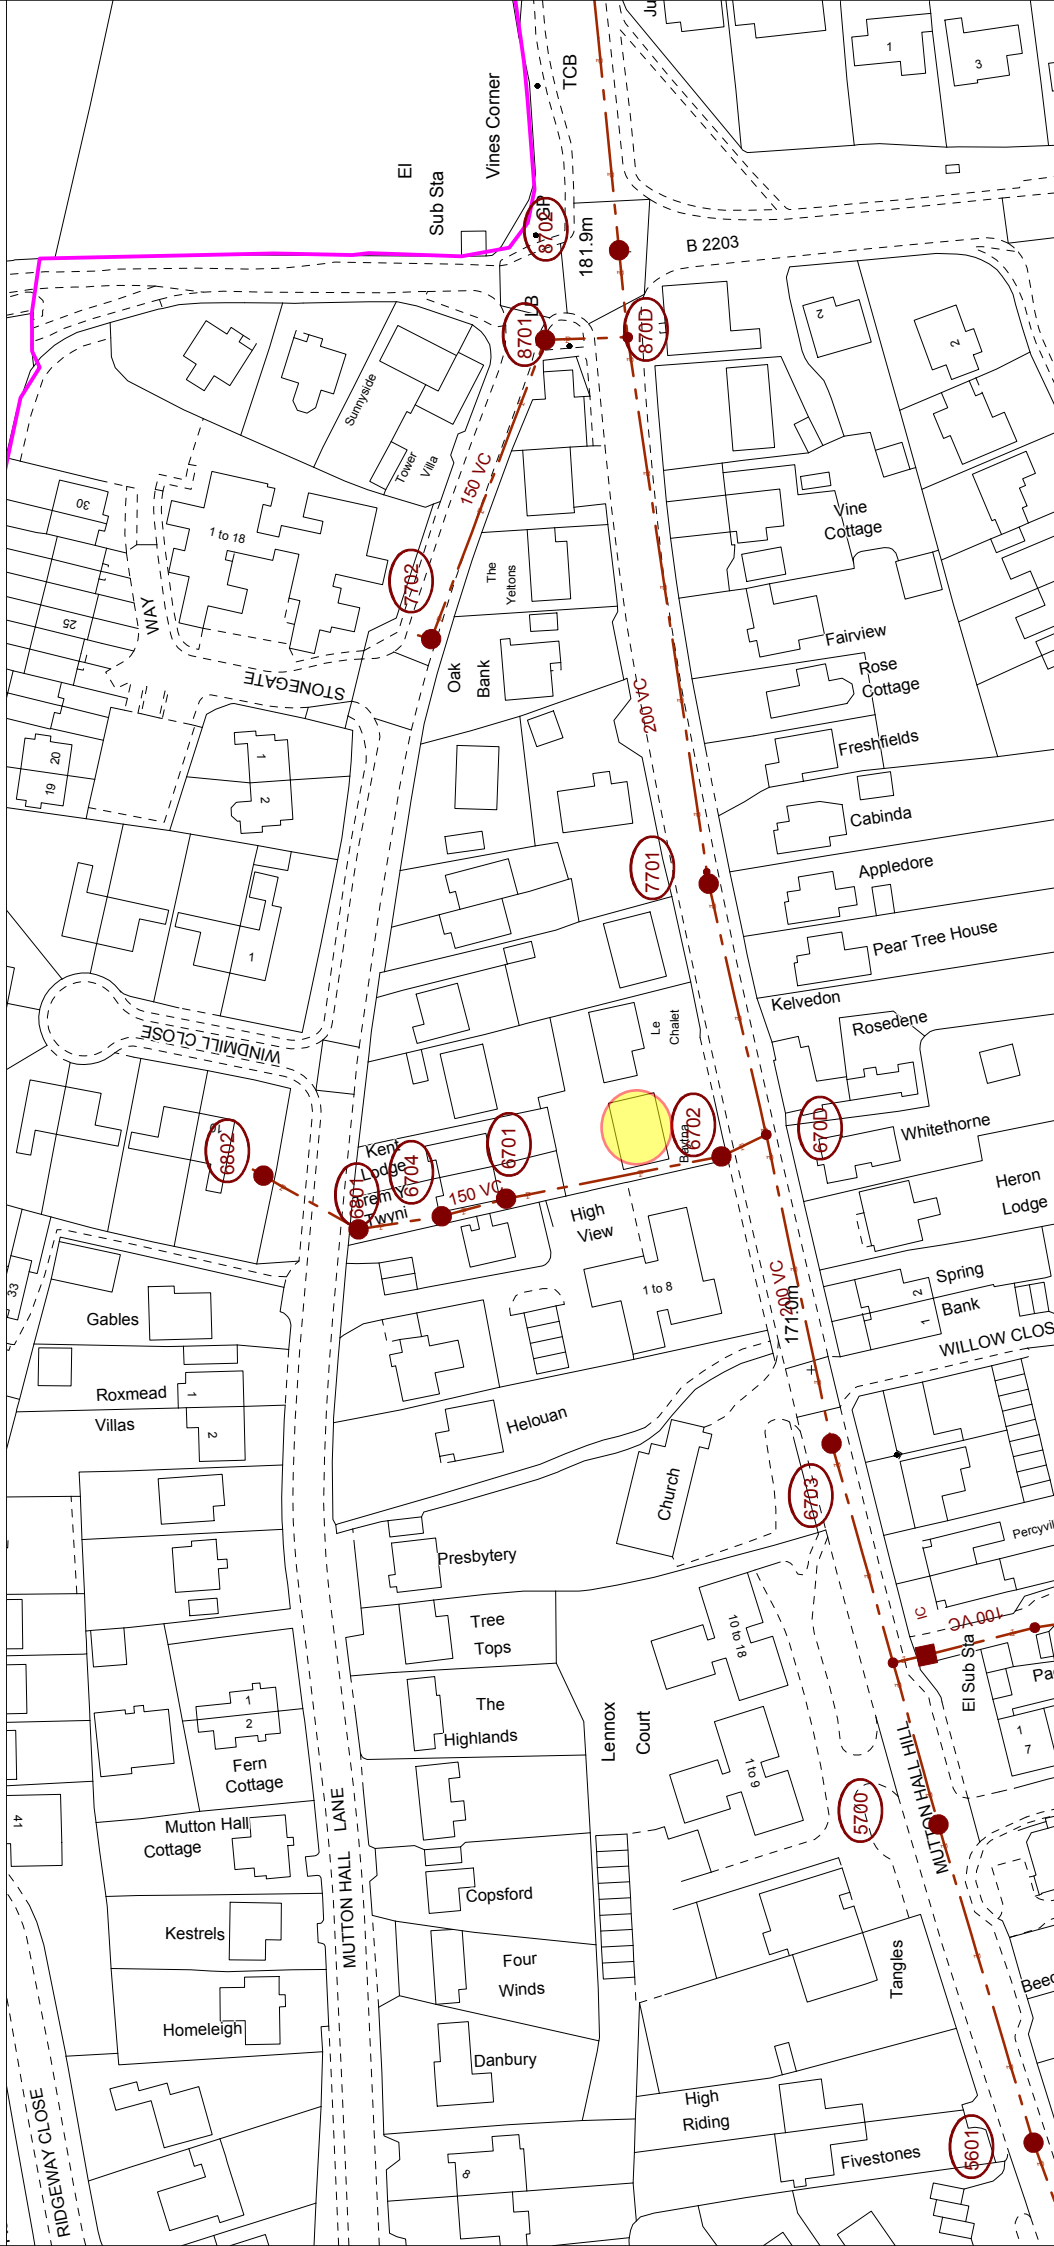

Odour

An aesthetic test carried out by a panel to check water. Odour indications may lead to further investigation.

Taste

An aesthetic test carried out by a panel to check water taste.

Consumer Information Registered Firms under the HIP Code

Important Protection

The Home Information Pack (HIP) Code provides protection for homebuyers, sellers, conveyancers and mortgage lenders, who rely on information included within a Home Information Pack provided on residential property within England and Wales. It sets out minimum standards which organisations providing HIPs have to meet. This information is designed to introduce the HIP Code to you.

By giving you this information, your Home Information Pack provider is confirming that they keep to the principles of the HIP Code. This provides important protection for you.

The Code's main commitments

The HIP Code's key commitments say that HIP organisations will:

- Provide HIPs promptly and include the most up-to-date available information when compiled.
- Handle complaints speedily and fairly.
- Respond promptly to queries raised on a HIP, to ensure improved understanding.
- At all times maintain adequate and appropriate insurance cover to protect you.
- Act with integrity and ensure that all HIP services comply with relevant laws, regulations and industry standards

Keeping to the HIP Code

How HIP organisations keep to the HIP Code is monitored independently by the Property Codes Compliance Board. And, complaints under the Code may be referred to the Independent Property Codes Adjudication Scheme. This gives you an extra level of protection as the service can award compensation of up to £5,000 to you if you suffer as a result of your Home Information Pack provider failing to keep to the Code.

Contact Details

The Property Codes Compliance Board:
