Interior

Ground Floor:

A new stable door with porch opens to an inviting brand new kitchen/dining room fitted with timeless 'Shaker' units with integral dishwasher and dual fuel range cooker. Double aspect, with window to the front and 'French' doors to a sunny terrace, this room is filled with light that streams through from both sides, setting the scene for the rest of the house,- cosy, welcoming and full of character.

The rear lobby is set up as a utility space with plumbing ready for a washing machine, space for a tumble dryer, work top and cupboard units. This leads to a smart newly fitted bathroom to one side which also houses the new Vaillant combination boiler. A door gives access to a path that wraps around the cottage.

A separate sitting room is a delightful relaxing area with both a window and 'French' doors to a sunny terrace and affording views across the garden and beyond.

Additionally there is a further room on the ground floor, that could be used as a snug, large home office, hobby room or a generous bedroom with easy access to the downstairs bathroom, also with French doors to a terrace and garden.

First Floor:

The staircase leads to a bright landing serving two characterful double bedrooms set into the eaves, rebuilt attractive dormer windows that look over neighbouring countryside. Options for wardrobe space and access to loft space. A shower room with elegant suite completes the upstairs rooms.

Exterior

The secluded garden is irregular in shape adding to its charm with brand new fences to all sides, new turfed lawn, new hedging and a row of magnolia trees. There are two terraces to enjoy, both offer privacy and the opportunity to enjoy also the setting and the exterior of the cottage which has had the same care and attention to detail as the interior.
