Exterior

There are two garages at the property with a combined off road parking area for three vehicles. One garage is a double with electric doors, storage in the roof space and a workshop within, the other is a single with an 'up and over' door and more additional loft storage space.

The rear garden, which is mainly lawn, has plenty of individual 'areas' which are great to capture the views and sunshine at different times of the day.

The summer house, with power and light, is on a raised platform and with its elevated point and double doors is a simply fabulous space to relax. Adjacent to the house is a patio area which can access the sitting room and has a wooden tiled canopy, giving cover from either rain or sunshine. Further down the garden is a decked area giving another space to view the ever changing vista. The greenhouse is situated close to the rear access to the store room which then gives way to the single garage.

Pontoon

A very short walk from the property is a pontoon with your own personal space that is capable of mooring a 38ft craft. This has a power and water supply and the pontoon itself is only used by the residents of Barge Lane.
