About the property

A fantastic, detached home with the most stunning sea views you could hope for from a coastal property, set in the heart of Ventnor. This wonderful home comes to the market with a southerly facing aspect, whilst offering lots of space internally and making the most of the views across the English Channel.

There's off road parking in the form of a driveway and detached garage with power & light, to the rear of the home. Outside, there are front and rear garden areas, with the latter being terraces into the unique landscape, whilst the front has a decked area to relax and watch the boats go by. The gardens are low maintenance and ready to enjoy and there's also a well sized, insulated workshop/summerhouse with power & light.

The ground floor comprises three double bedrooms, which are suitably catered for by a family shower room and there's also a handy utility area.

With two access points to the house on both the ground floor or the first floor, the home is very accessible.

The first floor's open hallway plays host to a separate cloakroom, storage cupboard and generous sized kitchen. The lounge is spacious, light and bright with large windows to ensure an airy feel to the property, whilst making the most of the stunning view!
