Location:

The site is located in the heart of Tavistock which is a UNESCO World Heritage Site. The market town is located on the western edge of Dartmoor, providing a "gateway to the moors". The town is a vibrant shopping location for locals and tourists with regular markets and the Pannier Market drawing people to it.

The site is located on Brook Street, which is the main street within the town. Nearby occupiers include Superdrug, Mountain Warehouse, White Stuff and Crew to name a few.

Description:

Situated in the heart of Tavistock this site has planning permission for the construction of two retail units. The previous building has been demolished to provide a clear site, and the pile foundations have been constructed which makes the planning permission an extant consent.

The blue outlined area on the plan will be demolished as part of the reconfiguration of the adjoining unit and will be included within this site, therefore providing a uniformly shaped site ready for development.

The first section of the units will provide an impressive double height vaulted ceiling area which will prove popular with retailers. 51 also has the benefit of a decking area to the rear.

The owner has received interest and offers from prospective tenants, so demand is good albeit the space is not being marketed as the owner wishes to sell rather than develop themselves.
