ADDITIONAL INFORMATION PLANNING

The cottage was two cottages until circa 1982 when the family bought the second cottage after a family member died and made it into 1 generous family home. The only change they made was to add an

opening in one wall from the sitting room in one cottage to allow access to the sitting room in the second. Should a potential buyer want to divide it back into two they would need full planning permission and changes to the deeds and to the land registry. A planning application has been made P/2024/1662 the planning office has suggested that subject to highways final opinion, it will be successful. has been passed however even if planning is given any changes will have to be delayed until the phosphate situation is resolved in Wrexham as all new planning applications which include an additional household have been put on hold in Wrexham City Council.
