The Property

Cwmamliw is an impressive equestrian smallholding located equidistant between the towns of Builth Wells & Llandrindod Wells. Enjoying a rural setting but with these town only 4.5 miles away the property is in an excellent location to pop to the shops or run the children to school.

The red brick house is a substantial detached property which has been extended by the current owner to offer impressive, well-maintained accommodation which is extremely well presented for sale. As you enter the property you step into an entrance porch which was part of the extension. This offers a great area to take off those wet coats and shoes before stepping into the kitchen. The farmhouse style kitchen is fitted with

ample units with a central serving island, and as all good farmhouses it has an Aga. The room is light with windows to the rear and two openings to the wrap around extension.

The wonderful extension has transformed the property, with extensive windows overlooking the gardens and grounds it is a great area within the house. The room is extremely light with wonderful far-reaching views and for the winter months a wood burner is tucked away in the corner as you cosy around the television on a winter's night.

To the rear of the kitchen is a useful utility room, and a ground floor shower room, which is a short distance from the ground floor bedroom. There is a rear entrance hall with a storeroom to the side and an external door which is close to the stables. Ideal to kick those dirty wellies off after feeding the horses! The ground floor bedroom is a large double with a walk-in dressing room to the side.

The first-floor accommodation offers two further double bedrooms and a generous single. Also accessed off the landing is a compact office and a family bathroom, a white suite with a separate shower and bath.

Outside

Accessed via a gravelled track (as

shown on the plan) you pass a detached shed/store before approaching the yard, alongside the latter part of the track you pass the woodland area with the stream meandering through, which offers a lovely setting. The yard has access to the house, barns and fields and is flanked by a detached garage/carport. The house is surrounded by large gardens, mainly laid to lawn with flowering borders and mature plants. There is a raised decked seating area accessed off the sunroom which overlooks the garden and fields to appreciate the stunning views.

The detached stone barns are in good order, they are predominantly used for stabling and a hay store with direct access to the field for the horses. The stables have rubber matting, with lighting and water nearby. In 2019, planning permission was obtained to convert the barn into a detached dwelling. Details of which can be found on Powys County Councils website using the planning reference number - 18/0448/FUL. A hard copy of the plans will be available to view at the time of any viewing.

The land which is mainly to the southwest side of the house is gently sloping with good quality pasture. The main part of the land is subdivided into two large fields with a small

paddock to the rear of the barn. There are grazing rights on the adjoining hill and therefore you can enjoy excellent outriding. The graziers have given permission for an adjoining part of the hill to be fenced off and used by the current owner. This also may be available to the purchasers, subject to agreeing this with the graziers.
