## THE PROPERTY

This most impressive building, being visible for many miles is the focal point for King Charles' prestigious development of national importance. The apartments, enjoying unrivalled views of the surrounding countryside, have been built to the highest specification. Poundbury is a master-planned community on the western edge of Dorchester, the historic County town of Dorset.

Between Queen Mother Square and Pavilion Green, this exceptional apartment building has its roots in the scale and design of traditional grand civic buildings, with classical stone colonnades, beautiful terraces with ornate ironwork and a signature new tower with triumphal arch.

Royal Pavilion is the design of Ben Pentreath, a London-based architect who specialises in buildings that seamlessly fit their environment, often drawing from classical inspiration the Royal Pavilion is the most significant commission for Poundbury to date. Named after one of Her Majesty Queen Elizabeth, the Queen Mother's racehorses, Royal Pavilion borrows its lineage from the famous seaside retreat built at Brighton in 1787 for George Prince of Wales, who became the Prince Regent in 1811.
