This modern development of industrial and workshop units is arranged over 5 terraces with ample yard and car parking facilities.

Each of the newly refurbished units has access via commercial doors, as well as a separate personnel door. Internally, the units offer an open-plan workshop with a kitchenette and WC facilities.

The construction of the unit consists of a steel portal frame with profiled metal sheeting to the upper elevation under pitched roofs. The lower external walls are of brickwork construction with concrete block construction internally.
