## Ground Floor

### Entrance Hall

The property features a dated entrance hall that provides access to a generously sized lounge, complete with a useful storage cupboard. The hall also includes stairs leading to the first floor.

### Lounge

15'1" x 12'9" (4.6 x 3.9)

The spacious lounge features a window overlooking the front elevation, allowing for plenty of natural light. It also benefits from an understairs storage cupboard and a door leading through to the kitchen/diner at the rear.

### Kitchen/Diner

16'4" x 8'10" (5 x 2.7)

The kitchen/diner offers a spacious layout with plenty of potential for renovation. Currently fitted with dated wall and base units, the kitchen area benefits from a window to the rear elevation, allowing natural light to brighten the space. An archway leads through to the dining area, creating a semi-open plan feel that enhances the flow between the two spaces. The dining area is a bright and inviting space, thanks to the French doors that open directly onto the rear garden

## First Floor

### Bedroom One

9'10" x 11'5" (3 x 3.5)

Bedroom One features fitted wardrobes along the front elevation, providing useful storage space. However, the fittings are dated and would benefit from updating to suit modern tastes and maximise the room's potential.

### Bedroom Two

10'5" x 10'2" (3.2 x 3.1)

Bedroom Two offers a view over the rear gardens through a single window, allowing for natural light throughout the day. The room is in need of updating, presenting a great opportunity to refresh and personalise the space.

### Bedroom Three

7'6" x 7'6" (2.3 x 2.3)

Bedroom Three is the smallest of the three bedrooms and features a window overlooking the front elevation. The room is in need of modernisation, making it a blank canvas for a home office, nursery, or single bedroom.

### Family Bathroom

7'6" x 5'2" (2.3 x 1.6)

The family bathroom features an obscure window overlooking the rear elevation, providing both natural light and privacy. In need of a complete remodel, the current fittings include a pedestal sink, low flush W/C, and a standard bath. The space offers a great opportunity to create a modern and functional bathroom to suit contemporary living.

## Outside

### Rear Garden

The rear garden, once a much-loved outdoor space, is now overgrown and in need of updating. With a little care and attention, it has the potential to be transformed back into a charming garden retreat. The garden also offers practical access to the front of the property via a side gate, as well as direct access to the detached garage.

### Front Elevation

The front elevation features a driveway running alongside the property, providing off-road parking and access to the detached garage. The front garden is mainly laid to lawn and bordered by large hedges and mature shrubbery, which are currently overgrown and in need of cutting back to fully reveal the property's potential and enhance its kerb appeal.
