Why You'll Love It

Set on a quiet cul-de-sac within the popular Standish Bank development, this stunning four-bedroom detached home offers an ideal mix of modern design and family-friendly living. From the moment you step inside, the thoughtful layout, natural light, and high-quality finish make a lasting impression.

The heart of the home is the expansive open-plan kitchen, dining, and living area, a bright, sociable space perfect for both family life and entertaining. The rear extension has transformed the ground floor, creating a seamless flow between cooking, dining, and relaxing areas. The kitchen features sleek cabinetry and integrated appliances, offering a contemporary yet practical space to prepare meals while still being part of the action.

Bi-folding doors open directly onto the garden, bringing the outside in and providing an easy transition to outdoor dining in the warmer months. The rear garden is both manageable and inviting, offering space for children to play, barbecues in summer, or simply a peaceful spot to unwind.

The ground floor also includes a stylish family bathroom and a utility area, keeping laundry and storage neatly tucked away. This practical addition enhances the home's functionality without compromising on style.

Upstairs, you'll find four well-proportioned bedrooms, each offering space and flexibility for family, guests, or a home office. The main bedroom enjoys the luxury of an ensuite shower room, adding an extra layer of comfort and privacy. A further family bathroom serves the remaining bedrooms, featuring modern fittings.

Throughout, the home is beautifully presented and finished to a high standard, allowing new owners to simply move in and enjoy. From the beautiful décor and modern flooring to the attention to layout and light, this property flows beautifully from room to room, the very definition of a well-thought-out family home.

To the front, there is off-road parking for multiple vehicles, with easy access to the property and side pathways leading to the rear garden.
