BRINSONS & BIRT

Situated on one of the biggest plots on site of circa 0.5 acres of grounds, this bespoke, chalet style, detached, six bedroom home encompasses open plan family life beautifully, with large reception rooms flowing into one another seamlessly, as well as four double bedrooms, en suite master bedroom and wonderfully appointed family bathroom. It offers plenty of potential with an easily self contained annexe should a purchaser require. This particular plot was individually designed and is bespoke to the development, whilst also sits within the most spectacular, secluded gardens running down to the lakes below. The property boasts excellent scenic views due to it's elevation in Meiros Valley, Llanharan and is completely private to front and rear down it's own private lane, whilst still set within the heart of a thriving community.

Meiros Valley in itself is a development of Canadian style detached oak built dwellings in the rural part of the countryside, within close proximity to Llanharan. Built recently, their popularity has been unquestionable, mainly due to the countryside walks through the forest, landscaped gardens and beautiful lakes set within the grounds. The development is accessed via electric wrought iron gates that lead up past the lakes and communal public open space to the properties set into the hillside. The community carries out two annual events including summer festival and bonfire night extravaganza. The community being at the heart of all the work carried out here.

Accommodation
