Services

We have not tested any of the service installations and prospective occupiers must satisfy themselves independently as to the state and condition of such items prior to the transaction completing. The property benefits from mains gas, electricity, water and drainage.

Solar Panels

There are 32 built on solar panels that are fully owned by the property and will be transferred with the ownership of Garreg Wen. They create 32.2 kWH and generate on average around 70 kW per day. The property has two batteries for battery storage that will be transferred to the current owner upon completion. This essentially creates half the energy cost for the year for both the business and the property.

Boundary Walls

We are advised the vendor owns all of the boundary walls surrounding the property. We would advise checking with your solicitor upon exchange.

VAT

All figures quoted are exclusive of Value Added Tax (VAT). However, in this instance we understand that VAT is not applicable.

Anti Money Laundering

As part of our obligations under the UK Money Laundering Regulations 2017, Harris & Birt will require any purchaser or tenant to provide proof of identity along with any other supporting documents requested.
