

The Old Mill

Llancafán, CF62 3AD

Price £1,250,000

HARRIS & BIRT

A most fascinating character property thought to date in parts from the 17th Century and up until 1938 it was used as a working corn mill. Interestingly the original water wheel and part of the mill race had been restored together with part of the internal machinery which is now on display internally and provides an incredible feature. The present owner has carried out a substantial programme of refurbishment very much in keeping with the original character of the property. The layout with its changes of levels gives scope for varying permutations on the accommodation. The present layout provides 6 bedrooms, 3 bathrooms and 3 living rooms together with large kitchen/breakfast room and utility room.

Llancarfan has long been regarded as one of the prettiest villages in the Vale of Glamorgan with it's high preponderance of character properties either side of the Nant Llancarfan which runs through the middle of the village and "The Old Mill" occupies a particularly pretty spot adjoining the old ford. Local village facilities include the parish church, the Fox and Hound village pub, catchment for Cowbridge Comprehensive, tennis club, church hall and a wide range of village social activities. A good place to live if you want to enjoy village community life. "The Old Mill" stand in a large private garden and is pleasantly private. Llancarfan is situated in the heart of the Vale of Glamorgan and is surrounded by some delightful countryside with countryside pursuits such as golf, riding, etc. all within easy reach. The heritage coastline is just a few miles to the South. Access to the main road network brings major centres including the Capital City of Cardiff, Newport, Swansea, Bridgend, Llantrisant, etc. all within comfortable commuting distance.
