## Local Information

The iconic 'Merrie Friars' building has stood proudly above the beach at Whitmore Bay for almost a century. One of the earliest buildings to accompany the fairground along the esplanade, its striking Art-Deco infused classical façade in brilliant masonry, contributes to the prominence as a keynote building.

Over the years it has played host as a café, dance hall, gym and amusement arcade with purveyors of fine confectionery delighting the countless visitors. Situated close to Friar's Point on the western side of the beach, there are expansive views across the bay and promenade gardens.

The sensitive restoration will give a commanding refresh to the Merrie Friars building, and as Elysium, the residents will enjoy an impressive internal transformation.
