Individually designed and built in the 1930's, this distinctive detached house was for many years a private school before being converted in the 1960's into two spacious apartments.

Now owned by the same family and available as a single Freehold, this represents an exciting opportunity for the next owners to adopt or re-configure the house for extended family occupation, or to convert to a single substantial and imposing house. In this high-value location, there is even the option to completely replace the building with a modern mansion.

The gardens are mainly level and have a high degree of natural privacy. The broad frontage has an In and Out carriage driveway that provides ample parking in addition to the detached double garage.

Both apartments have been updated and include modern kitchens, bathrooms and shower rooms and both have double-glazing and gas central heating. A property with so much versatility.
