DESCRIPTION

Hadlands are delighted to offer to the market this exciting opportunity to purchase one of four beautiful new properties built by Millstone Homes. Finished to a high specification throughout, the development consists of two detached houses and one pair of semi-detached, situated within easy reach of Chesham town centre with its pedestrianised high street and Metropolitan Line Station offering a direct link to London (45 minutes).

Designed to suit the needs of the modern day family, all properties have been individually designed to offer classic architecture with contemporary interior design.

Please contact us for further information and plans, the site is now available for viewings, a choice of finishings is available for a limited time and subject to reservation.

LOCATION

Chesham can be described as having one foot in London and the other in Buckinghamshire.

Lively and colourful, it has a cosmopolitan air yet shares Buckinghamshire's most prized features: the inspiring countryside, the rare peace and the ancient feel of England's traditions.

Smart and increasingly well served by familiar High Street shops, Chesham's independent retailers provide everything residents need. A quality butcher, housewares shop, chemist and baker complement the coffee shops and supermarkets.

Known locally for its schools (prep school and grammar school) the wide expanses of the country are no more than five minutes' drive from the centre.

The dual identity of Chesham makes it an informed choice for those leaving urban centres but wishing to remain connected to the hum and variety the larger town brings.
