

WEST GROVE

ELEPHANT PARK

THE NEW GREEN HEART OF CENTRAL LONDON

“ Our vision is to create a place full of life in Central London’s new green heart. A vibrant, established neighbourhood, where everybody loves to belong.”

Elephant Park offers a unique opportunity to be part of a new green vision for city living. The 9.71 hectare development is set in a leafy park landscape and will accommodate over 3,000 new homes, over 50 shops, restaurants and cafés, as well as flexible workspaces that will give smaller businesses the opportunity to grow.

Elephant & Castle is an area rich in history, with an established local community and a vibrant neighbourhood character. The ambition for Elephant Park has been to build on these strengths, to create a place that not only enhances the local area but that sets the standard for sustainable urban developments around the world.

West Grove is the cornerstone of Elephant Park and comprises a range of stylish new homes and facilities designed to enable residents to explore new ways to work, live and socialise. Tranquil courtyards, vibrant shopping streets and a dynamic resident lobby space creates a place with community-spirit at its heart.

To live at Elephant Park is to enjoy the very best of London living – the convenience and connections of a Zone 1 location and a lifestyle that brings you closer to both nature and community.

Kristy Lansdown
Project Director
Lendlease

The background is a solid teal color with large, overlapping leaf patterns. The leaves are rendered in a lighter shade of teal, showing detailed vein structures. The leaves are arranged in a way that they appear to be layered, with some in the foreground and others behind, creating a sense of depth. The overall aesthetic is clean and modern, with a natural, organic feel.

THE ELEPHANT PARK STORY

AN EXTRAORDINARY STORY OF TRANSFORMATION

Elephant Park is part of a £2.5bn transformation of Elephant & Castle into one of London's most exciting new neighbourhoods. By 2025, the area will feature more than 3,000 homes, over 50 shops and a large new park that will restore nature in the heart of the city.

One The Elephant

2010
Regeneration Agreement signed between Southwark Council and Lendlease to carry out a **£2.5bn regeneration plan for Elephant & Castle**. The plans set to transform 28 acres of South London into one of the capital's **most exciting places to live, work and visit**

2013
Outline regeneration masterplan approved, proposing to split the site into three areas - Elephant Park, Trafalgar Place and One The Elephant

Lendlease breaks ground on site and **starts construction on Trafalgar Place**

2015
Trafalgar Place completes offering 235 high-quality new homes; the first residents are welcomed to Elephant Park

2016
Opening of Southwark Council's new state-of-the-art community Leisure Centre - **The Castle Centre**

One The Elephant completes, a 37-storey tower comprising 284 new homes

2017
Trafalgar Place completes offering 235 high-quality new homes; the first residents are welcomed to Elephant Park

2018
South Gardens – the first and most family-oriented phase of Elephant Park - completes, comprising 360 new homes including the only townhouses and the largest proportion of three and four-bedroom properties within the project

Sayer Street

2019
Elephant & Castle town centre secures **regeneration planning approval**

The prime retail street at Elephant Park - **Sayer Street** - **welcomes first tenants and visitors**

2020
Park & Sayer – the landmark tower at Elephant Park - secures planning approval for 229 one and two bedroom parkside apartments

'Living By Lendlease' – Lendlease's managed rental serviced apartments - launches **Park Central East and Park Central West**

2021 and beyond

A DAY IN THE LIFE

10:30am

TATE MODERN, BANKSIDE

25 minute walk

The vast turbine hall of Tate Modern, which occupies the former Bankside Power Station, leads visitors to a cascade of major works by Matisse, Rothko and many more. Small wonder the gallery attracts nearly five million visitors each year.

09:00am

HEJ ROASTERY, ELEPHANT PARK

7 minute walk

Self acclaimed 'coffee geeks', Hej (pronounced Hey) were the first permanent retailer to open at Elephant Park. Roasting their own coffee beans on site, their incredible coffee menu is paired with a tasty selection of fresh food and drink options served throughout the day.

*Travel times taken from Google Maps from Elephant Park

BOROUGH MARKET

23 minute walk

A haven for chefs and foodies, Borough Market brings together some of the country's finest food and drink producers under its wrought-iron roof. Find everything from artisan sourdough loaves and shade-dried limes to phials of white truffle oil.

12:30pm

3:00pm

COVENT GARDEN

17 minutes by bus

A shopping and entertainment hub in London's West End, Covent Garden epitomises London's culture and history in one place. Home to fashion stores, craft stalls, bars and restaurants, Covent Garden centres on the elegant Piazza and the many street entertainers who perform there every day.

5:45pm

NATIONAL THEATRE

10 minutes by bus

The National Theatre has produced more than 700 plays since it opened in 1963, including the hit comedy One Man, Two Guvnors. Equally impressive are the photographic exhibitions in the foyer, not to mention the range of on-site restaurants for pre or post-show dining.

09:30pm

AQUA, THE SHARD

8 minutes by tube

Discover contemporary British dishes using the finest seasonal ingredients and carefully crafted cocktails all within Western Europe's tallest building.

The spectacular space has floor-to-ceiling glass windows offering 360-degree views of London.

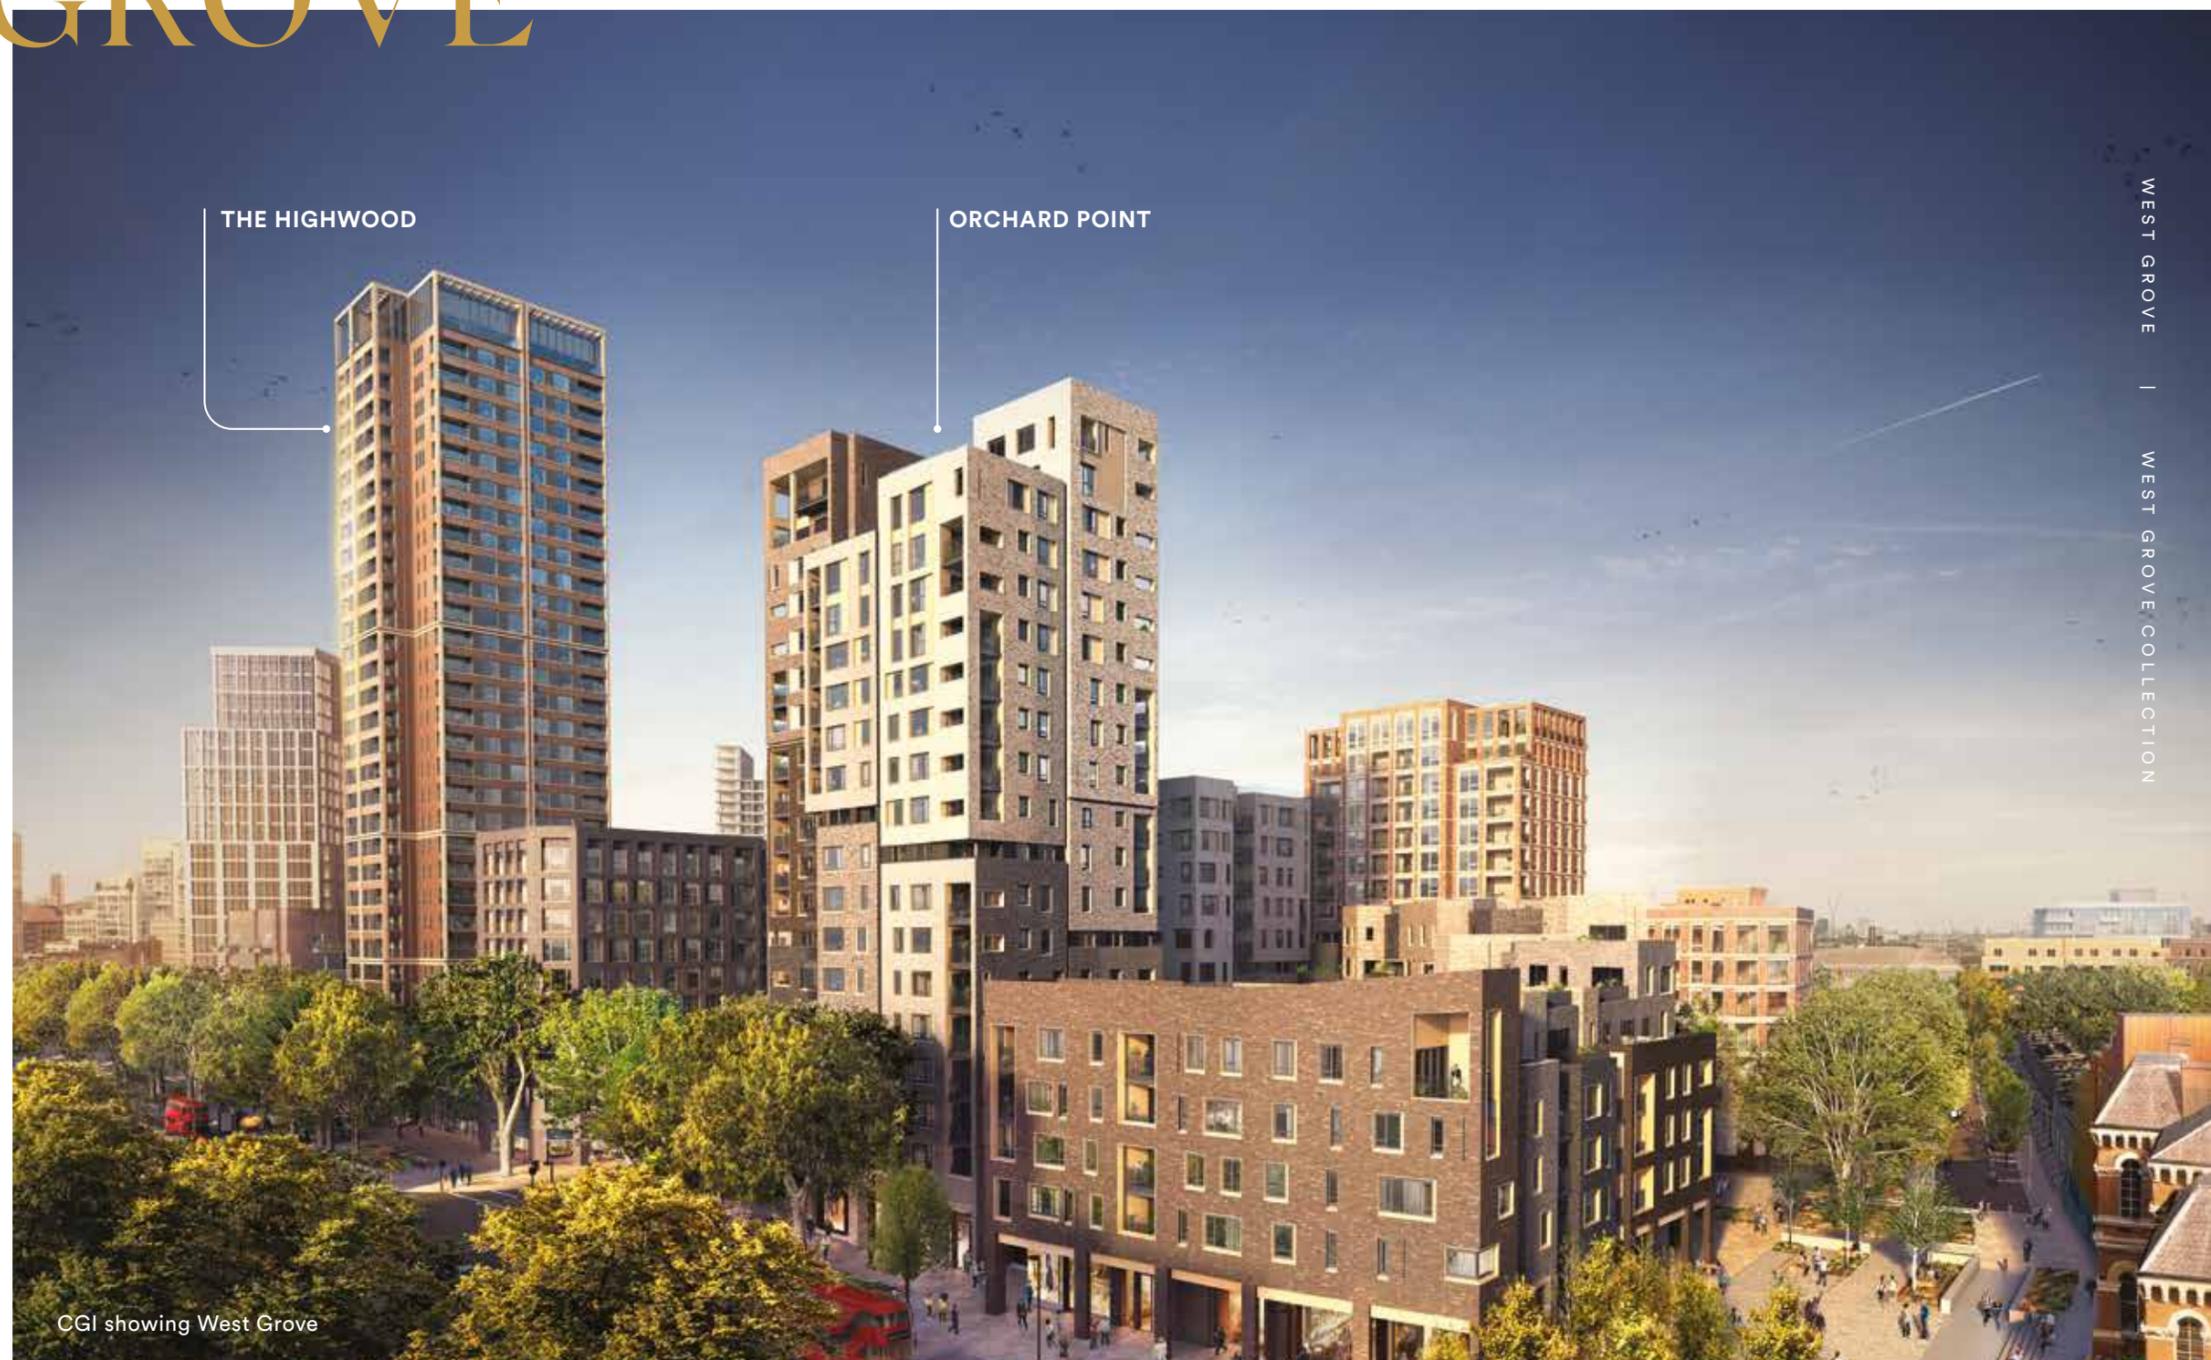

The background is a solid teal color with a pattern of white, stylized leaf veins. The leaves are arranged in a dense, overlapping manner, creating a textured, organic feel. The veins are thin and follow the natural shape of the leaves, with some showing a central midrib and others branching out.

THE
COLLECTION —
AT WEST GROVE

INTRODUCING WEST GROVE

West Grove is made up of two beautifully landscaped neighbourhoods – Highwood Gardens and Orchard Gardens. Fronting onto the vibrant new central shopping street, the area comprises 593 new homes with 24-hour concierge service and a range of resident amenities.

Well-being and sustainability have been considered in every detail at West Grove; landscaped courtyards with both new and preserved mature trees to help clean the air and provide a rich landscape in the heart of the city. Inside the buildings, environmentally conscious design features include the use of timber that is certified by the Forest Stewardship Council (FSC) and solar energy collected from photovoltaic panels on building roofs.

CGI showing the elevated garden

THE HIGHWOOD — AT HIGHWOOD GARDENS

The Highwood is the striking landmark tower at Highwood Gardens which features 222 new homes across 31 floors, including one, two and three-bedroom apartments and four exceptional penthouses.

The courtyard in Highwood Gardens flows seamlessly into a garden terrace, leading to gym facilities and residents' rooms. Dappled with natural light, the landscaping is characterised by its rich, woodland planting.

“ Highwood Gardens was conceived as a forest and glade, reflecting the character of the Walworth Woods and the dense coverage of London plane trees that were there previously

Gillespies Duguid
Landscape designer

ORCHARD POINT — AT ORCHARD GARDENS

The tallest building in Orchard Gardens, Orchard Point is a 19-storey tower comprising 98 one, two and three-bedroom apartments. At its peak are two magnificent three-bedroom duplexes, offering extraordinary views across the city, whilst the intimate, gallery-like reception foyer welcomes residents and guests in from the Walworth Road entrance.

The buildings of Orchard Gardens are centred around a private courtyard orchard that is framed by intimate, secluded seating. Generous lawns, shaded by a light canopy from the trees, provide ample space for relaxation, creative play and residents' events.

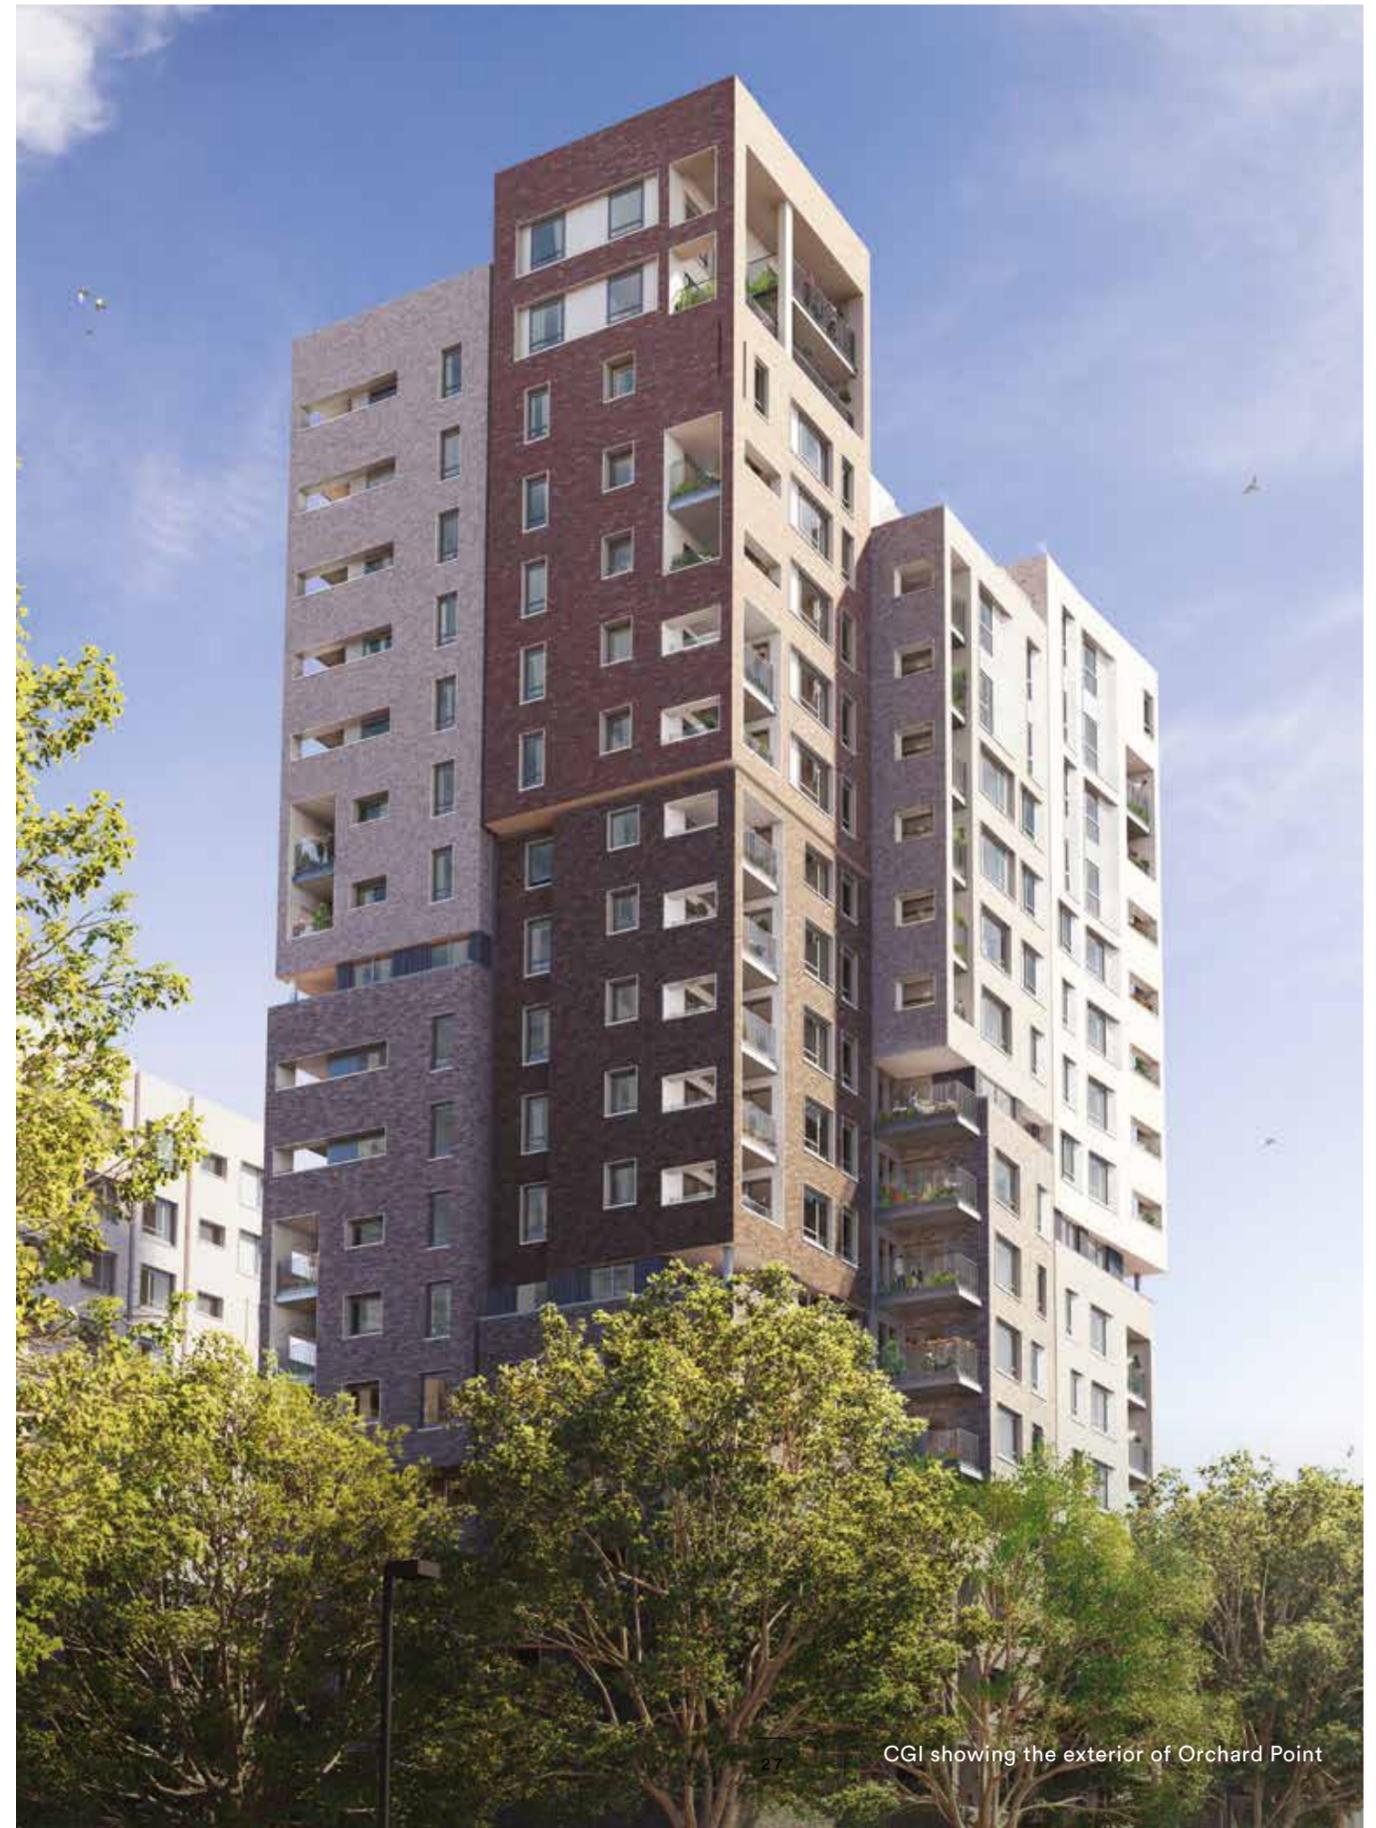

CGI showing the elevated garden

“

Perhaps the most impressive architectural feature is the asymmetrical corner balconies attached to the Orchard Point building. Each one frames a long and horizontal panoramic view that has been carefully chosen for the details of the cityscape it absorbs.

Simon Hudspith
Architect for Orchard Gardens.

CGI showing the exterior of Orchard Point

THE HEIGHT OF SMART INVESTMENT

The Prime Collection at West Grove affords Elephant Park's highest living experience. The luxury of resident amenities make it a smart investment in a home for the future and the future of London.

Over the next five years house prices in Elephant & Castle are forecast to rise by 15%, with rental values also forecast to increase by 15% by 2024 (as at Q3 2020). These strong figures, along with the multi-billion pound regeneration plans, improved education facilities and projections of a boost in employment opportunities indicate that Elephant & Castle is well-positioned for economic growth over the coming years.

LIVING AREA

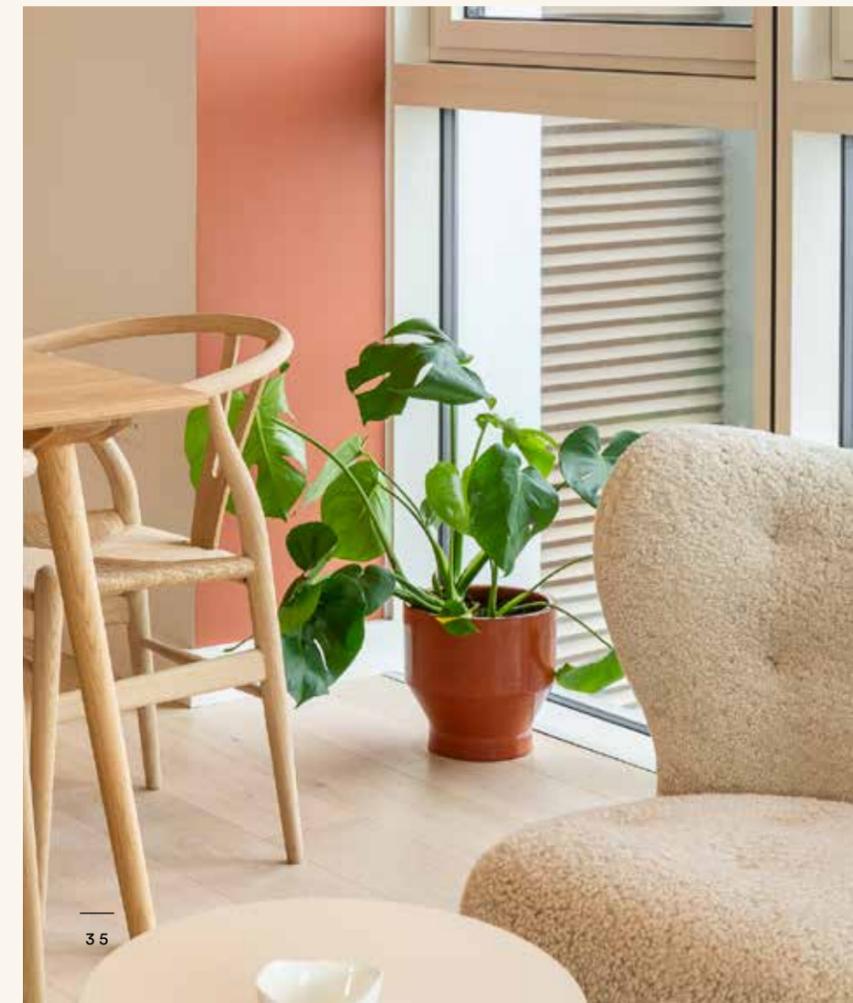

Modern and stylish, the homes in West Grove reflect a keen appreciation for space, texture and high-quality finishing.

With its clean lines and harmonious tones of white, nougat and dove grey, the contemporary colour palette of the interior design creates a calming, airy living environment, where minimalist design is softened by the warmth of natural materials.

NATURAL LIGHT

Expansive white walls and light, reflective surfaces enhance the natural daylight that streams into the rooms.

KITCHEN

The bespoke kitchens offer sleek, contemporary joinery and integrated, energy efficient appliances.

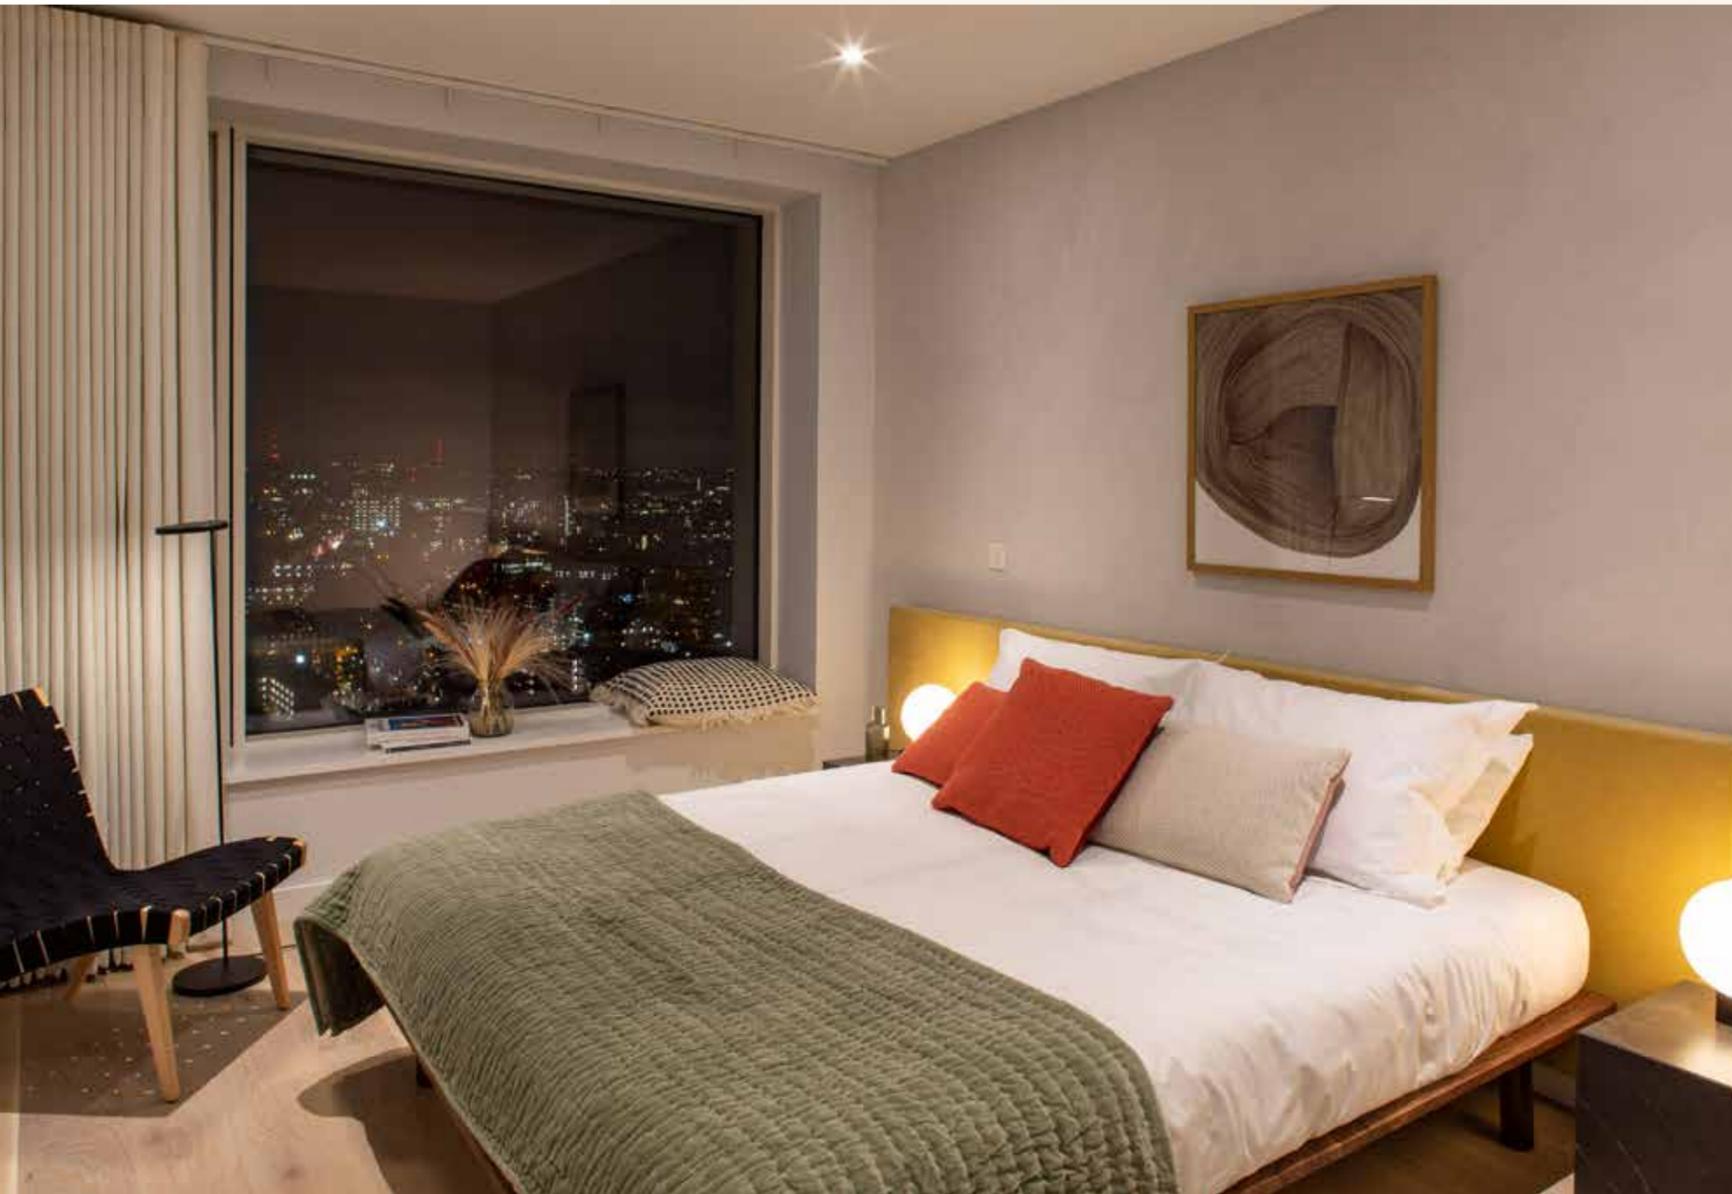

Typical two-bedroom premium apartment

Typical three-bedroom premium apartment

BEDROOMS

The homes at West Grove are built with comfort and well-being in mind. Individually controlled underfloor heating to the living and bedrooms provide a constant source of warmth in each room, with filtered ventilation systems constantly circulating fresh air throughout the apartment.

Typical bedroom in a three-bedroom premium apartment

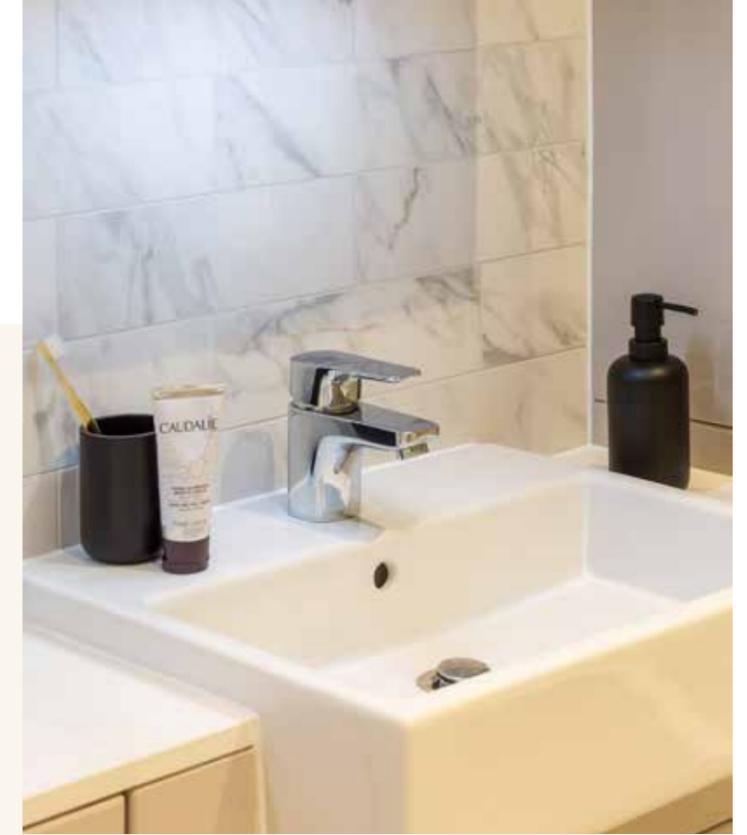

Typical bathroom in a premium apartment

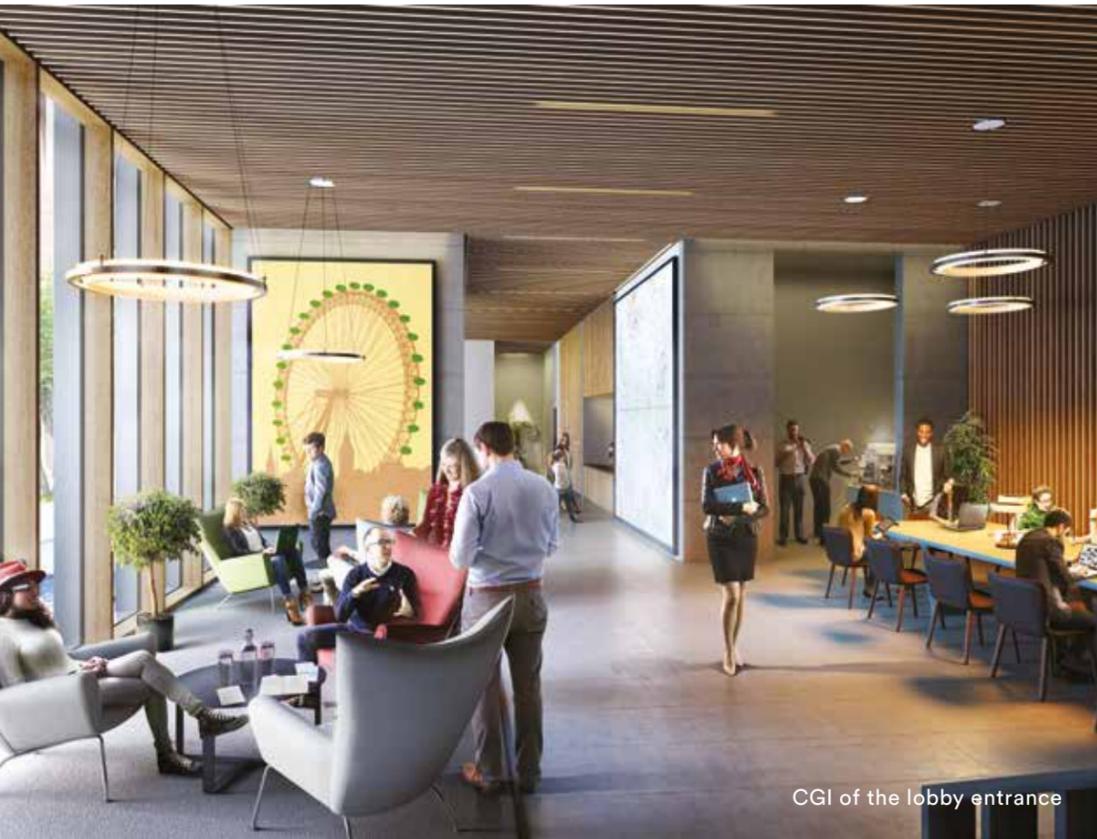

BATHROOMS

The light, contemporary bathroom suites feature full height wall tiling, composite stone vanity tops and mirrored storage cabinet.

The background is a solid teal color with a pattern of overlapping, stylized leaf shapes. Each leaf is filled with fine, parallel lines that follow the contour of the leaf, creating a textured, organic effect. The leaves are arranged in a way that they appear to be part of a larger plant, with some overlapping others.

LIFESTYLE AT
WEST GROVE

CGI of the lobby entrance

“ We’ve carefully considered how people will interact with the space and how they will want to use it. The result is a place for people; one that makes it easier than ever to catch up with friends, family and neighbours, and one where residents can really be part of a community

Scott-James Eley
Head of Social Impact, Lendlease

AMENITIES

With flexible spaces, slick design and imaginative touches, The West Grove lobby facilities are set to transform the way residents work, socialise and relax at home.

The spacious lobby and flourishing courtyards of The Highwood building offer residents a variety of places to relax, get together and be closer to nature.

Two lounge areas provide a comfortable space for meeting friends and neighbours, while a more intimate space, tucked away in an alcove, offers a flexible working area.

CGI is indicative only

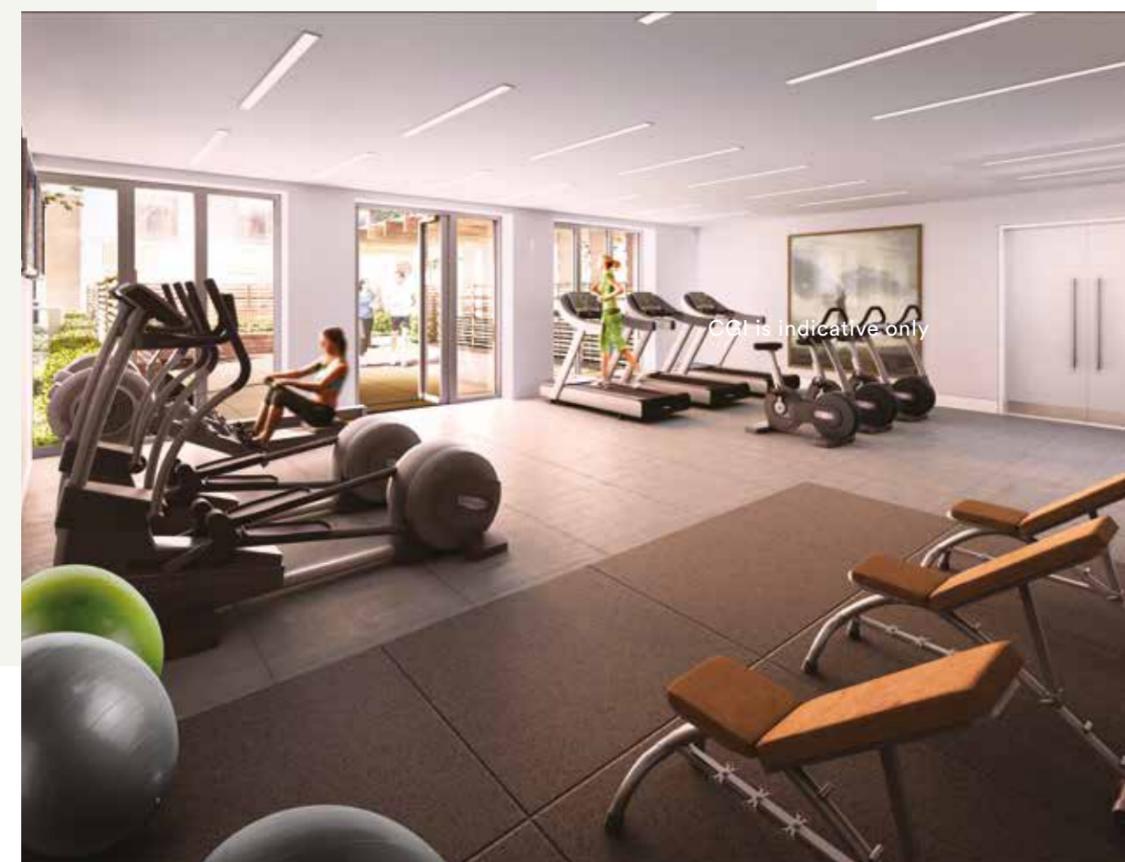

RESIDENTS' ROOM

The residents' room provides the perfect place to celebrate special occasions or enjoy an intimate movie night with friends. The room benefits from a beautiful garden terrace, and is complete with kitchenette and bathroom facilities.

RESIDENTS' GYM

The residents' gymnasium overlooking the courtyard of Highwood Gardens offers a range of exercise equipment including treadmills, bikes and rowing machines. The adjacent terrace provides the perfect space for outdoor exercise or yoga sessions.

CGI is indicative only

GARDEN RETREAT

The landscaped courtyard of Highwood Gardens is filled with rich, woodland planting that complements the architectural material selection of the surrounding buildings.

At the southernmost part of the space are a series of grow gardens, giving residents the opportunity to socialise with one another whilst planting and nurturing a wide range of vegetables and herbs.

CGI showing the elevated residents' grow garden

CGI showing Sayer Street

“ The key driver of the retail experience is ‘local things for local people’. A large proportion of our retail is dedicated to promoting great local businesses and independent retailers, because that is what creates real individuality.

Guy Thomas,
Head of Leasing, Retail at Lendlease.

ON YOUR DOORSTEP

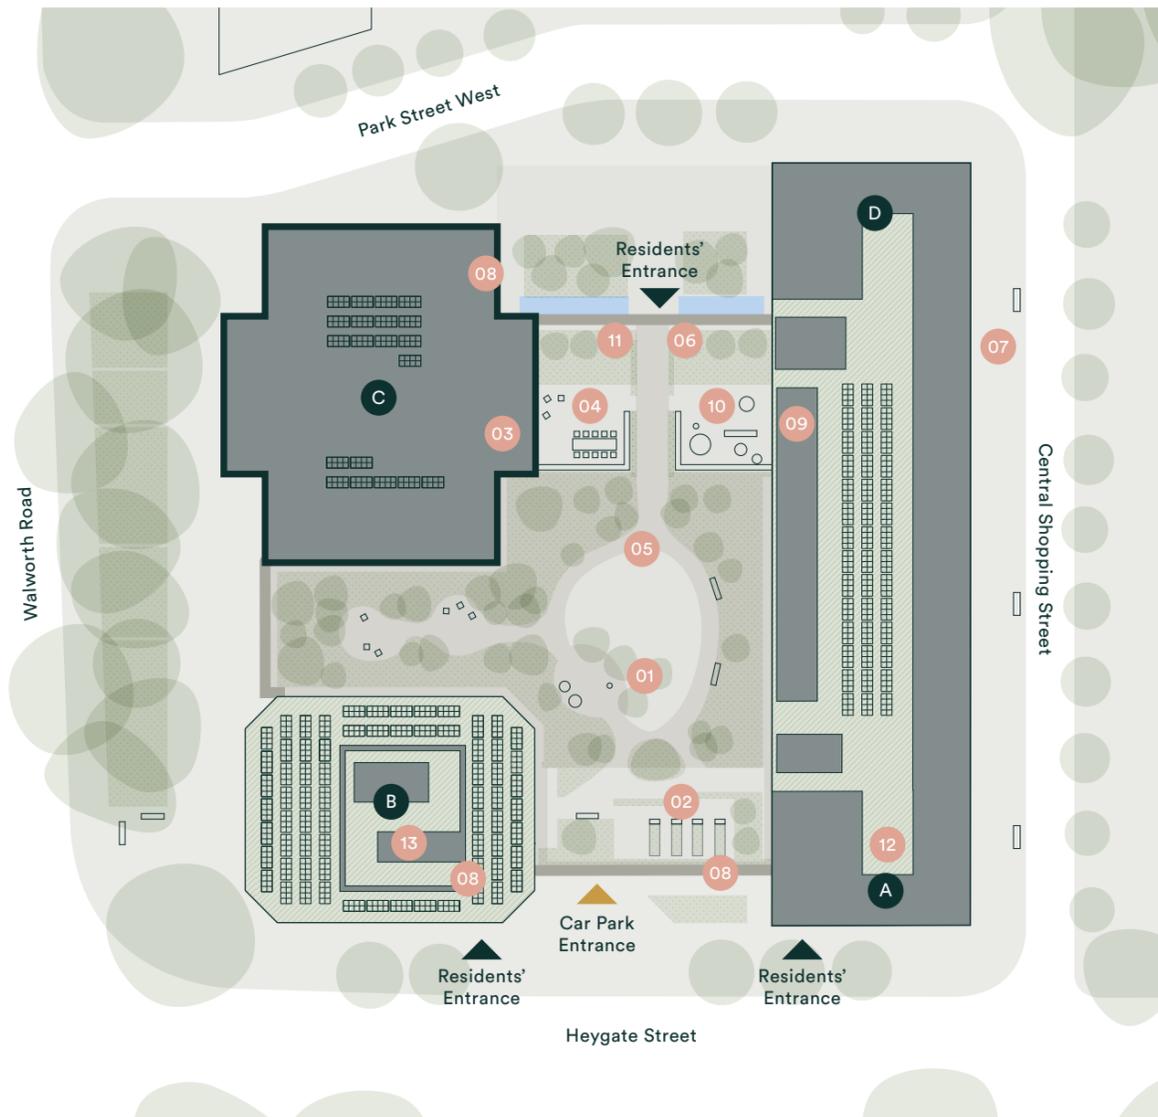

Sayer Street runs through the heart of Elephant Park; a vibrant new hub offering a truly global culinary experience, residents will have the chance to discover independent cafés, bars and restaurants.

The wider development will also be served by the nearby Elephant & Castle shopping centre, which is set to transform in the coming years. West Grove also forms an attractive edge to the new Walworth Square; a new public space and home to the Southwark Memorial, which will play host to public events, celebrations and commemorations throughout the year.

The leaves are arranged in a way that they seem to grow from a central point, with some overlapping others, creating a sense of depth and movement.

SPECIFICATION —

LENDLEASE AND SUSTAINABILITY

Our sustainability strategy focuses on three imperatives that drive our vision; supporting sustainable economic growth, creating vibrant and resilient communities and cities, and ensuring a healthy planet and people. These imperatives are supported by environmental and social focus areas under which we set specific targets and ambitions.

Recognising the impact of the built environment on climate change, we are committed to trying to help ensure that the planet is warmed by no more than 1.5°C and will therefore aim to eliminate carbon emissions from the global business by 2040, whilst creating lasting social value. In practice, our approach to sustainability means that we focus on generating prosperity for communities through promoting things like local procurement.

We conserve natural resources like water and select sustainably sourced materials whilst aiming to eliminate waste when constructing and operating our buildings. We strive to continuously improve our energy efficiency, use renewable energy and work with our homeowners to try and reduce carbon emissions. Our developments also aim to enhance biodiversity and provide opportunities for people to connect with nature.

WEST GROVE

The buildings that make up West Grove are designed to achieve the high standards set by the Code for Sustainable Homes Level 4, meaning they are resource efficient and built to last. As each home is also designed to achieve the 'Lifetime Homes' standard, you can adapt your spaces to suit your needs as they change over time.

A low carbon energy centre will provide power for the homes, with additional sustainability features contributing to them being approximately 30% more energy efficient than current regulations require. You will also find healthier choices for travelling across London, with 90 new cycle-hire docking points, over 3,000 bicycle spaces and charging ports for electric cars being delivered at Elephant Park. Signposted cycle routes, along with pedestrian pathways, further ensure a well-rounded green route network.

West Grove STANDARD SPECIFICATION

INTERIOR FINISHES

- Three interior palette options each influenced by a distinct architectural style
- Engineered timber flooring to hallway, kitchen and living room.
- Carpet to bedrooms (timber flooring available as a customer upgrade*)
- White painted plasterboard ceilings, walls, skirtings and architraves
- White painted internal apartment doors
- Contemporary high quality ironmongery
- Utility cupboards housing washer/dryer, MVHR, data, and heat exchange system
- Built-in wardrobe to master bedrooms (and second bedroom in three-bed homes)
- Double glazed windows with sliding or casement doors to balconies and terraces
- 100% FSC Certified Timber used throughout

KITCHENS

- Bespoke contemporary kitchen
- Composite stone worktop
- Under-counter stainless steel sink with chrome mixer tap
- Bespoke kitchen splash back to suit each palette's style
- Energy-efficient ceiling down lighters and under-cabinet lights
- Energy efficient appliances throughout (A or B rated) Bosch (or similar)
- Integrated stainless steel fronted electric oven
- Integrated stainless steel microwave oven
- Integrated induction hob and ventilation hood
- Integrated full-height fridge/freezer
- Integrated multi-function dishwasher
- Space saving recycling bin

HEATING

- Centralised Combined Heat and Power (CHP) system providing individually metered heat and hot water to each home
- Underfloor heating to living room and bedroom(s)
- Individual thermostatic temperature controls to living room and bedroom(s)

BATHROOMS / EN-SUITES

- White contemporary sanitaryware as indicated on plan
- White bath with shower over bath and glass shower screen
- White shower tray with glass screen to en-suite (where indicated on plans)
- Chrome thermostatic bath/shower mixer with shower head
- White semi-inset basin with chrome Monoblock mixer tap
- Composite stone vanity top
- White dual flush WC with concealed cistern and soft close seat
- Floor and full-height wall tiling designed to each palette's style
- Panelised vanity unit
- Storage cabinet with mirrored door, integrated shaver socket and undercabinet lighting
- Bathroom / En-suite mirror demisters
- Heated chrome towel rail

BALCONIES / TERRACES

- Well-proportioned balconies and terraces with glass or metal railing balustrades
- Timber effect decking, tiled or paved finish to terrace or balconies

BUILDING FABRIC

- Reinforced concrete frame and slabs on pile and raft foundations
- The Highwood utilises a panelised façade composed of high performance window systems and anodised aluminium
- Soundproofing of walls and floors separating homes to outperform current building regulations

ELECTRICAL FITTINGS

- Energy-efficient (LED) recessed ceiling downlighters throughout
- Television points and data sockets to living room and master bedroom (Sky+ to living room)
- Condensing washer/dryer unit in utility cupboard
- Filtered fresh air mechanical ventilation with heat recovery to each home
- Task lighting to underside of kitchen wall units

THE TEAM

MASTER DEVELOPER

LENLEASE

MASTER DEVELOPER FOR ELEPHANT PARK

Lendlease believes that how and why we do things are just as important as what we do. For over 50 years, they have created sustainable new communities, productive workplaces and successful retail destinations, all underpinned by their determination to find the best way to minimise their impact on the environment and design places where people can live well – now and in the future.

Their broad global experience, creative approach and collaborations with expert partners enable them to turn imaginative visions into reality. Some of their proudest UK achievements include the London 2012 Olympics Athletes' Village, which was the fastest delivery of sustainable homes achieved on this scale, and Bluewater Shopping Centre has set the benchmark for the ultimate shopping and leisure experience.

As specialists in urban regeneration, they are working with communities across the world to transform areas in need of investment and revitalisation into thriving and sustainable neighbourhoods. Alongside the Elephant & Castle regeneration, they are delivering The International Quarter in Stratford which is the UK's largest new commercial development and set to be a world-class business location and they are also the biggest city regeneration partner of Australia's New South Wales Government, on track to build Australia's first carbon-positive community in Sydney.

Whether it's BBC media studios, Manhattan skyscrapers, or large-scale health and lifestyle facilities, their communities, clients and partners trust them to create positive legacies through healthier environments, exceptional design, a sense of belonging and an improved way of life.

THE ARCHITECTS

ALLFORD HALL MONAGHAN MORRIS ARCHITECTS OF HIGHWOOD GARDENS

Allford Hall Monaghan Morris Stirling prize winning architectural firm that has won many prestigious awards, including the RIBA National Award, Civic Trust award and AJ100 and Building Magazine Practice of the Year.

Their design work on Highwood Gardens fuses diverse historical influences, and each building has its own character, while retaining a timeless and classic aesthetic. AHMM also developed the dynamic West Grove homes' interior design palette, drawing on the local area's rich history for inspiration.

Paul Monaghan
Director

PANTER HUDSPITH ARCHITECTS OF ORCHARD GARDENS

Panter Hudspith has been recognised with a series of accolades for both residential and commercial projects, including RIBA, Civic Trust and Brick awards, as well as being longlisted for the Stirling Prize.

The buildings they have created within Orchard Gardens are notable for their extraordinary variety and sculptural forms, which are brought to life by diverse brickwork and asymmetrical corner balconies. These have been designed to frame long and horizontal panoramas that have been carefully chosen for the details of the cityscape they reveal.
