This map displays nearby coal mine entrances and their classifications.

Mine Entry

- ✕ Adit
- ✕ Gutter Pit
- ✕ Shaft

The Coal Authority has records of over 175,000 mine entries within the UK captured in the National Coal Mining database, derived from sources including abandonment plans, geological and topographical plans.

Coal mining activity is recorded as far back as the 13th century, but prior to 1872 there was no requirement to deposit abandonment plans. It is therefore believed there may be many unrecorded mine entries of which the Authority has no information or knowledge. These entries do not, therefore, appear within the Authority's national dataset as shown on this map.

This map displays nearby official conservation areas. Every local authority in England has at least one conservation area. Most are designated by the Council as the local planning authority, though Historic England and the Secretary of State also have the power to create them.

Nearby Conservation Areas

-  1 Station Road and Winnington Road, Marple
-  2 Marple Bridge
-  3 Peak Forest Canal
-  4 All Saints', Marple
-  5 Mill Brow
-  6 Compstall
-  7 Chadkirk
-  8 Barlow Fold, Romiley
-  9 Church Lane, Romiley
-  10 Macclesfield Canal

Maps

Council Wards

LAWLER
& Co.

SALES AND LETTINGS

The UK is divided into wards that are used for local elections to elect local government councillors. Sometimes these are known as 'electoral divisions'. Population counts can vary substantially between wards, but the national average is about 5,500

This map displays the noise levels from nearby network rail and HS1 railway routes that affect this property...

Rail Noise Data

This data indicates the level of noise according to the strategic noise mapping of rail sources within areas with a population of at least 100,000 people (agglomerations) and along Network Rail and HS1 traffic routes.

The data indicates the annual average noise levels for the 16-hour period between 0700 - 2300.

Noise levels are modelled on a 10m grid at a receptor height of 4m above ground, polygons are then produced by merging neighbouring cells within the following noise classes:

5		75.0+ dB	
4		70.0-74.9 dB	
3		65.0-69.9 dB	
2		60.0-64.9 dB	
1		55.0-59.9 dB	

Flood Risk

Rivers & Seas - Flood Risk

LAWLER
& Co.

SALES AND LETTINGS

This map shows the chance of flooding from rivers and / or the sea, taking into account flood defences and their condition.

Risk Rating: Very low

The map does not contain sufficient information for it to be used to determine flood risk to individual properties, but it does give you an indication of whether your area may be affected by surface water flooding at this risk level.

- High Risk** - an area which has a chance of flooding of greater than 1 in 30 (3.3%) in any one year.
- Medium Risk** - an area which has a chance of flooding of greater than 1 in 100 (1.0%) in any one year.
- Low Risk** - an area which has a chance of flooding of greater than 1 in 1000 (0.1%) in any one year.
- Very Low Risk** - an area in which the risk is below 1 in 1000 (0.1%) in any one year.

Chance of flooding to the following depths at this property:

This map shows the future chance of flooding from rivers and / or the sea **between 2036 and 2069**, taking into account flood defences and their condition. The government climate change models cannot predict exactly when the chance of flooding will go up. It could happen at any time during the time period.

Risk Rating: Very low

The map does not contain sufficient information for it to be used to determine flood risk to individual properties, but it does give you an indication of whether your area may be affected by surface water flooding at this risk level.

Masts & Pylons

LAWLER
& Co.

SALES AND LETTINGS

Key:

-  Power Pylons
-  Communication Masts

What is Radon?

Radon is a natural radioactive gas, which enters buildings from the ground. Exposure to high concentrations increases the risk of lung cancer. The UK Health Security Agency (UKHSA) recommends that radon levels should be reduced in homes where the annual average is at or above 200 becquerels per cubic metre (200 Bq/m³).

Local Area Road Noise

LAWLER
& Co.

SALES AND LETTINGS

This data indicates the level of noise according to the strategic noise mapping of road sources within areas with a population of at least 100,000 people (agglomerations) and along major traffic routes. This indicates a 24 hour annual average noise level with separate weightings for the evening and night periods.

Noise levels are modelled on a 10m grid at a receptor height of 4m above ground, polygons are then produced by merging neighbouring cells within the following noise classes:

- 75.0+ dB
- 70.0-74.9 dB
- 65.0-69.9 dB

If you are

Testimonial 1

My partner and I purchased our first home through Lawler's Marple office recently and we were really impressed with the service. They were friendly and approachable and responded really quickly to any queries we had. They kept us updated regularly throughout the process and we'd definitely recommend them to our friends and family.

Testimonial 2

Use Lawlers in Marple to sell my late Aunties house which completed last month and I felt that they did a great job. Dealt mainly with Janine who updated us every step of the way, in a timely manner although all staff that I had contact with were friendly and helpful. Not easy to choose an Estate Agent to sell your house as they all charge roughly the same price but I would say that Lawlers Marple is a well run branch with knowledgeable staff.

Testimonial 3

Brilliant experience from Lawler when purchasing our house. Always very helpful and kept us in the loop throughout the process. It was always very easy to contact them and our move was completed successfully.

Testimonial 4

Lawlers were not our Estate Agent, but acted for the person we recently bought our house from in Marple. Given that we were not paying Lawlers any fee, Ellie (branch Manager of Marple) was fantastic. Ellie kept us upto speed throughout the conveyance, but really helped out once we had moved in. There were some niggly issues we needed help with. Ellie was quick replying to calls and emails has been a great help. Would happily recommend Lawlers...
