The first outbuilding is a workshop with three separate rooms, but could be converted to a one bedroom detached annex, with its own off-road parking, garden and garage. Currently used as a workshop with a door to the single garage and a separate room adjacent. Two further rooms are being used as a hobby room and an office, along with the annex having its own fuse box gas boiler. The conservatory to the end of the dwelling can be accessed via an outside door and is currently used as a log store. A second outside brick store comes with power and lighting connected; being double aspect with a lintel should the building be converted to a double garage. There is a separate single kennel with an outdoor run, with the rest of the property having a tarmac private driveway running along both sides of the dwelling providing parking for numerous vehicles. The side gated access opens up to the rear garden which is laid to patio and lawn, with field views to the rear, and Moulton River running behind the back boundary fence to the garden.
