The 22ft long kitchen has been modernised in recent years, provides ample cupboard and worktop space, and is semi open plan to a further dining area/sun room with doors on to the terrace and garden. There is also a rear lobby with utility room and a study beyond the kitchen. A ground floor bedroom with 'Jack and Jill' shower room completes the ground floor.

The spiral staircase from the entrance hall rises to a good size landing with airing cupboard. The principal suite with fitted storage, opens to the bathroom area. Bedroom two, with rear aspect, is a good size double with fitted cupboard and bedroom three is a single room. There is also a family bathroom.

Outside, the gardens wrap around the property and provide large areas of lawn, private seating areas, a good size decked area ideal for outdoor dining/seating and a pathway that runs around the perimeter of the house.

The development of modern Middleton began after World War I and was largely the achievement of Captain Coldicott around the early 1920's. Later development of the estate was continued by the Linfoot family but always with a preference for well spaced properties using traditional designs and materials which is still evident today. The Sea Lane estate is now recognised as an 'Area of Special Character' and is regarded as being a highly desirable location.
