## Description

The entrance hall has stairs rising to the first floor and a door giving access into a bright and spacious living room with 'Herringbone' effect wooden flooring and a fireplace with log burning stove. A door to the end of the living room opens into a separate dining room with sliding patio doors opening onto the rear garden. The dining room opens into the kitchen which has been fitted in a lovely modern range of white, gloss wall and base units with brick effect tiled splashbacks. There is an integrated oven built into a large alcove space which would be large enough for a Range style cooker if desired. An inner lobby off the kitchen has further access into the garden from the side and a doorway into the ground floor cloakroom.

The first-floor landing has a useful storage/airing cupboard and doors to all rooms. All bedrooms are of a good-size and proportion, and there are three doubles and one single. Bedroom two has built-in storage with sliding doors. A family bathroom with fully tiled walls has a panelled bath with shower over and a wash hand basin and w.c. set into a built-in unit.

The rear garden is low maintenance being predominantly laid to paving with flower beds to the sides. At the bottom of the garden there is a spacious outbuilding/garden room with power, light, and internet connection. For those working from home, this room would be ideal for use as a home office. There are two sets of double French doors to the front and side allowing for lots of natural lighting. One set of doors open onto a raised decking area to the side which provides a nice spot to sit and relax. The property has an integral garage with sliding door at the rear which gives access into the inner lobby, and there is further parking provided to the front for several vehicles on the driveway. The remainder of the front is laid to lawn and has potential for further parking spaces if required. There is pedestrian access to the side of the house which leads through to the rear garden.
