THE WINDMILL COTTAGE MILL LANE

High Ongar Ongar, CM5 9RQ

Asking Price £900,000

Set in a rural location in a quiet country lane is this unique, three-bedroom, two reception, cottage which has been beautifully presented and has an abundance of character features including beamed ceilings, wooden latch key doors and solid oak flooring. This charming home sits in grounds of just under ½ acre and overlooks stunning countryside to all elevations. Viewers will no doubt be interested to learn that The Windmill Cottage was originally an Essex Smock Mill constructed in the 1700s. The original architectural design incorporated an unusual octagonal shaped base with 3-foot-thick walls forming the feature sitting room of the property. The mill was still working in 1874 and was converted into a residential home in the 1990s. Whilst being in a rural location, the property is just a short walk to two restaurants, pub, primary school, post office and coffee shop and has great transport links and easy access to high street shopping in Chipping Ongar within a short drive of around 2 miles.

A door from the lounge gives access into a kitchen/diner with beamed, vaulted ceiling. The kitchen area has been fitted with a bespoke, country style kitchen with polished granite work surface, there is ample storage and there is space for a Range style cooker with extractor above and integrated Bosch dishwasher and fridge. Further space for appliances is provided in a separate utility room, where there are wall and base units along with a sink unit. A further hallway, with a stable door opening onto the courtyard, gives access to two ground floor bedrooms both with vaulted, beamed ceilings and solid wooden flooring. Both rooms are of good size, with one of the bedrooms having a lovely range of bespoke wardrobes to one wall. Furthermore, to the ground floor there is a fully tiled family bathroom with free standing roll top bath, shower cubicle, wash hand basin and w.c.

Rising to the first floor the master bedroom has a window to the rear aspect providing pleasant, far-reaching views over the surrounding countryside. Viewers will note that the first-floor landing space has been cleverly utilized, to create a spacious study area with bespoke fitted units and solid wooden desktop, perfectly set up for those looking to work from home.

As previously mentioned, the property sits on a beautiful plot, measuring in the region of 0.47 acres (stls) and being surrounded by stunning far reaching views. The gardens are made up of shingle courtyard and neatly manicured gardens planted with mature plants, shrubs and a small fruit orchard.
