Description

A small porch at the front of the property gives access into the hallway, where you will find stairs rising to the first floor and door into the study, ground floor cloakroom, living room and the kitchen. A spacious under-stairs cupboard provides good storage space. The ground floor cloakroom is fitted in a two-piece suite, with w.c. and wash hand basin. A good-sized study, away from the other reception rooms, provides a quiet and ideal space for those looking to work from home. Set at the rear of the property are two further reception rooms, a bright and spacious living room and a separate dining room, both with views over the garden to the rear, and with the living room having a door opening to the garden and directly onto the patio area. The kitchen has been fitted in a range of wood effect wall and base units providing ample storage and includes integrated, double oven and hob with inset space for a microwave oven. Further space for free standing appliances is available in a spacious utility room off the kitchen, and there is further access into the garden from this room.

Rising to the first floor, viewers will find that the property has four spacious and well-proportioned bedrooms (three double and one single) all having fitted wardrobes with sliding doors. Bedrooms two, three and four are all located to the rear and have lovely views of the garden and fields beyond. The master bedroom benefits from an en-suite shower room with shower cubicle, w.c. and wash hand basin and there is also a family bathroom on this level fitted in a white, three-piece suite.

To the rear of the property there is a lovely, mature rear garden of a good size. Extra land has been previously purchased to the bottom of the garden, making it larger than the neighbouring properties by some degree, the garden is mainly laid to neat lawn with trees and shrubs to the borders. Immediately to the rear of the house there is a patio area, which can be accessed from the living room. There is side pedestrian access through to the front of the property where you will find a large gravel driveway providing excellent off-street parking, in addition to a double width garage with pedestrian access to the side.
