Description

Entering the hallway, you will find stairs rising to the first floor which have useful understairs storage and there is also an additional built-in storage cupboard. The hallway opens into the kitchen at one end and there are doors into the lounge and into a ground floor cloakroom. The lounge and dining room are open plan to each other, but they still have very defined areas for relaxing and dining. There is plenty of natural lighting with a large window to the front aspect and sliding patio doors into the garden at the rear. A red brick, open fireplace in the lounge serves as a nice focal point and there is bespoke built-in storage to one side. The kitchen measures some 17'11" in length; it has been fitted in a range of Shaker style wall and base units with quartz work surfaces over and this provides ample storage options, including space for free standing appliances. From the kitchen you have access into the garden room which has a tiled floor and doors into the garden and to the rear of the integral garage.

There are three bedrooms located on the first floor, two doubles and a single, along with a family bathroom with panelled bath, wash hand basin, w.c and built-in storage. A further set of stairs from the first-floor landing rise to the second-floor level where you will find the spacious master bedroom 18'5" x 16', which has eaves storage.

A well-kept garden sits to the rear of the property, this has fenced boundaries, raised flowerbeds and pedestrian access to the side. To the front a block paved driveway provides parking for two vehicles, in addition to an integral garage. The remainder of the front is laid to lawn, offering the potential for further off-street parking if required.
