Description

There are steps up to the front door which give access into a bright porch, where you have a further door giving direct access into the playroom. The playroom opens into the living room and through to the kitchen, and there is a door which gives access into a spacious shower room/utility where there are wall and base units, plumbing for appliances, w.c. and wash hand basin, and a separate shower cubicle. The living room is lovely bright room with a window to the front aspect and French doors and further windows to the rear, allowing for plenty of natural lighting. There are stairs to one end which give access to the first-floor level. A further reception serves as a dining room which is open plan to a stylish kitchen. Bi-folding doors from the dining room give additional access to the garden. Having been previously extended to the side and rear, the current Vendors have transformed this space into a luxury kitchen with modern wall and base units and range of quality, integrated appliances. Amtico, 'Herringbone' style flooring extends through most of the ground floor, and there is an attractive, hexagonal tiled floor in the shower room/utility. There is underfloor heating to both the ground and first floor levels.

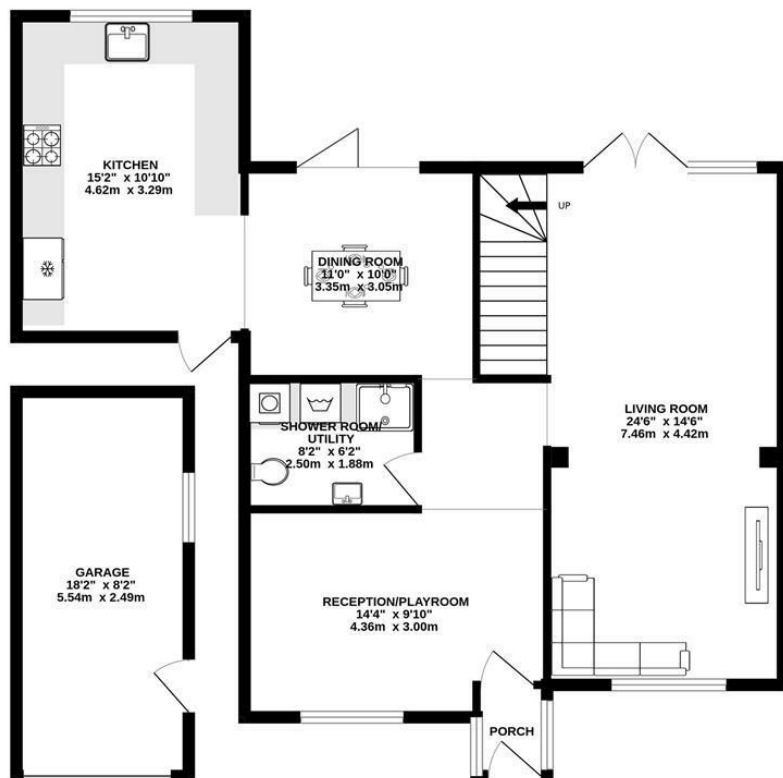

Located on the first-floor level there are four well-proportioned, double bedrooms. The two bedrooms to the front of the property have fitted wardrobes, and there is ample space in the remaining two bedrooms for freestanding or fitted furniture. Finishing the accommodation on this level is an attractive family bathroom with tiled panelled bath, wash hand basin inset into a modern vanity unit and a w.c. with hidden cistern.

The rear garden has been well-maintained and commences with a paved patio opening into a low maintenance artificial lawn, and there are sleeper edged flower beds. There is a further seating/patio area which is located to the rear of the kitchen. At the front of the property an extensively block paved driveway allows parking for several vehicles, in addition to a detached garage. There is a pedestrian gate allowing side access to the garage and into the kitchen, and there is an EV charging point at the front of the property. There have been plans passed for a single storey side extension, converting the garage and linking to the main dwelling. Plans can be viewed on the Brentwood Council Planning site using Ref.
