Part C

Whilst the owner has indicated that they are unaware of the presence of asbestos in the fabric of their property, asbestos was a building material used in the construction industry until 1999 therefore its absence cannot be guaranteed.

It has been noted that there are textured ceilings at the property. Up until 1985, low levels of asbestos were used in Artex. Since the age and type of texture used on the ceilings cannot be verified, the presence of asbestos cannot be confirmed.

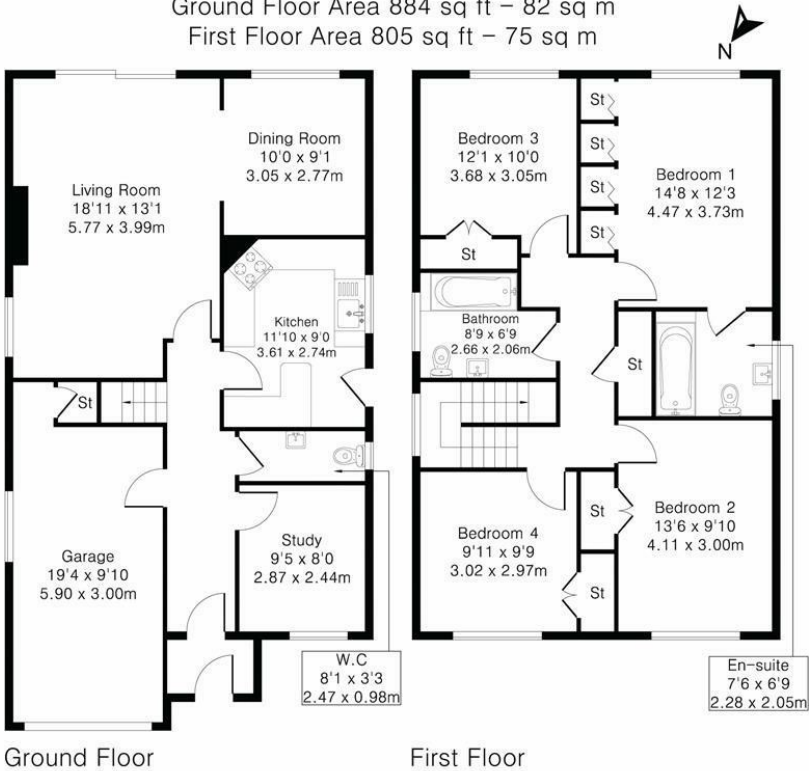

Flooding

We understand the surface water flood risk summary for the area around the property is considered high however, this information is not specific to this property. For further information please check the gov.uk website "long term flood risk".
