Dee Atkinson & Harrison

The Fold, Brandesburton, YO25 8FE

A rural, four-bedroom barn conversion just outside of the popular village of Brandesburton. This bungalow style property is over 2100 sq ft, sitting on a plot of around 0.4 acres. The property was developed by the current owners using some elements of the former agricultural buildings that occupied the site. A particular feature is the large living space with vaulted ceiling and exposed beams as well as the energy efficiency as a result of a Ground Source Heat Pump, solar panels and battery storage. There is also the potential to separately purchase the adjoining outbuildings and a parcel of land of approximately one acre that adjoins the garden from a neighbouring property owner. A superb opportunity for a buyer looking for something a little different with lots of space in a rural setting. The property was completed in 2015 and has been carefully thought out and attractively finished. The nearly 750 sq ft living space of The Fold is flooded with light due to windows to 3 aspects including the roof. It is currently arranged to provide 3 distinct areas, a study area, sitting area and dining area. Different purchasers will all wish to use it in their own particular way, but it provides a fantastic entertaining space with 2 sets of doors giving access to the garden along with the bifold doors in the adjoining kitchen allowing for great circulation among your guests. The kitchen is spacious and could comfortably accommodate a large dining table in its own right. There are 4 double bedrooms, of which the master and guest bedroom are en suite. There is also a smaller room which could be used as a 5th single bedroom or study. There is a house bathroom and a utility/cloak room. The accommodation benefits from underfloor heating and double glazing. Features such as 5kW solar panels with 17.4kWh battery storage and the EV charging point will all help with energy efficiency. Outside is to be found a gravelled parking area at the front of the property and a good sized lawned garden embracing two sides of the house. There is further parking available behind the property.

We have been informed that the owners of the adjoining property, Barff House, may be willing to sell the stables and storeroom that adjoin The Fold as well as the almost 1 acre of paddock that stretches from the garden of The Fold towards Hempholme Lane. The buildings may provide garaging and other storage space after conversion (subject to necessary permissions) and would include the area of hardstanding adjacent to them which is similar in size and shape to that at the front of The Fold. Please enquire for further information. Please note that this would be a separate purchase and is not included in the sale of The Fold.

Only a full internal inspection will allow you to properly appreciate all that the property offers and its rural location, however a review of our 360 degree tour will provide a useful overview in the first instance.

LOCATION

The property sits just to the west of the sought after East Yorkshire village of Brandesburton which is itself north east of Beverley and west of Hornsea. Brandesburton provides a useful range of amenities including a primary school, convenience store, 2 pubs, fish and chip shop, Berts (an Italian restaurant) and a golf course. Further local amenities are available in nearby Leven and at a further distance, Hornsea and Beverley. The location provides great access to the east Yorkshire coastline. The Fold is accessed via a right of way across the access to Barff House off Mill Lane by following the postcode YO25 8LX and the turning is located at the What3Words location: ///poppy.crunched.cake.
