A stunning conversion of part of a grand stable block that now provides impressive and spacious accommodation of over 2800 square feet. The property is characterised by large rooms and high ceilings with extremely generous ground floor space. The grand gateway provides a stunning approach and the property is rounded off by a good sized garden that benefits from the tranquil atmosphere created by the trees of the neighbouring parkland. A really special property and one well worth a viewing for any discerning purchaser.

The delightful Victorian stable block is divided into 4 properties with the central courtyard now providing access to each and parking. The position of this property means the garden is west facing. With three bedrooms to the first floor there is also potential for an extra bedroom (or even two) on the ground floor using the current study and snug as such. The extremely spacious living room and kitchen are connected by double doors and are fabulous spaces with very high ceilings, both with a considerable number of tall windows to two aspects. The kitchen has been refitted by the current owners and provides an extensive range of units but also opens out onto the spacious decked area of the garden. Two of the bedrooms are very large doubles and the 3rd bedroom is a double as well. There is an en suite and further house shower room. The full accommodation briefly comprises: Entrance Hall, large Living Room, good sized Snug, Study, spacious Kitchen, WC Cloaks/Utility Room and to the first floor is a a Landing, large Master Bedroom with spacious En Suite Shower Room, a further large Double Bedroom, a 3rd Double Bedroom and House Shower Room. There is off street parking at the front of the property within the central courtyard with a car charging point. To the rear of the property is a spacious largely lawned garden with extensive area of timber decking, timber shed and double gates providing potential vehicular access from Redwood Drive.

A spacious, exceptional property in a delightful setting. Early viewing is essential but our 360 degree tour will also provide an excellent insight into all it offers.
