On entering the home, the hallway offers two useful storage cupboards, a refitted ground floor WC with traditional 'crapper' sanitary ware, the stairs to the first floor and doors to the living room and kitchen. The living room is set to the front of the property with a large box bay window and central fireplace which offers the potential of fitting an open fire/wood burner. The kitchen has been fitted with a range of natural oak units with surface areas, a range of integrated appliances and overlooks the rear garden. From here is access to both the dining room and extended family room. The dining room is currently used as a music room with inset patio doors leading out to the rear garden, whilst to the opposite side of the kitchen, the extended family room, which could be opened into the kitchen (STNBR) provides an ideal area for the family to relax or dine. Inset doors lead out to the rear garden and a door to the utility room. Here there are further units and plumbing for the washing machine and an integral door to the garage. To the first floor there are five bedrooms, some with an array of fitted furniture, a modern fitted family bathroom with under floor heating, further three piece shower room and a hobby room/home office.

Outside the property, there are lawned and landscaped gardens with the front offering driveway parking meeting the single integral garage. Gated access leads to the rear garden which has been landscaped into three main areas, the first being a patio terraced seating area leading onto a lawned garden with inset shrubs which meets a timber pergola and terrace.
