This map displays nearby coal mine entrances and their classifications.

### Mine Entry

- ✕ Adit
- ✕ Gutter Pit
- ✕ Shaft

The Coal Authority has records of over 175,000 mine entries within the UK captured in the National Coal Mining database, derived from sources including abandonment plans, geological and topographical plans.

Coal mining activity is recorded as far back as the 13th century, but prior to 1872 there was no requirement to deposit abandonment plans. It is therefore believed there may be many unrecorded mine entries of which the Authority has no information or knowledge. These entries do not, therefore, appear within the Authority's national dataset as shown on this map.

This map displays the noise levels from nearby network rail and HS1 railway routes that affect this property...

### Rail Noise Data

This data indicates the level of noise according to the strategic noise mapping of rail sources within areas with a population of at least 100,000 people (agglomerations) and along Network Rail and HS1 traffic routes.

The data indicates the annual average noise levels for the 16-hour period between 0700 - 2300.

Noise levels are modelled on a 10m grid at a receptor height of 4m above ground, polygons are then produced by merging neighbouring cells within the following noise classes:

|   |  |              |             |
|---|--|--------------|-------------|
| 5 |  | 75.0+ dB     | <div></div> |
| 4 |  | 70.0-74.9 dB | <div></div> |
| 3 |  | 65.0-69.9 dB | <div></div> |
| 2 |  | 60.0-64.9 dB | <div></div> |
| 1 |  | 55.0-59.9 dB | <div></div> |

# Flood Risk

## Rivers & Seas - Flood Risk

This map shows the chance of flooding from rivers and / or the sea, taking into account flood defences and their condition.

Risk Rating: Very low

The map does not contain sufficient information for it to be used to determine flood risk to individual properties, but it does give you an indication of whether your area may be affected by surface water flooding at this risk level.

-  **High Risk** - an area which has a chance of flooding of greater than 1 in 30 (3.3%) in any one year.
-  **Medium Risk** - an area which has a chance of flooding of greater than 1 in 100 (1.0%) in any one year.
-  **Low Risk** - an area which has a chance of flooding of greater than 1 in 1000 (0.1%) in any one year.
-  **Very Low Risk** - an area in which the risk is below 1 in 1000 (0.1%) in any one year.

Chance of flooding to the following depths at this property:

# Flood Risk

## Rivers & Seas - Climate Change

This map shows the future chance of flooding from rivers and / or the sea **between 2036 and 2069**, taking into account flood defences and their condition. The government climate change models cannot predict exactly when the chance of flooding will go up. It could happen at any time during the time period.

Risk Rating: Very low

The map does not contain sufficient information for it to be used to determine flood risk to individual properties, but it does give you an indication of whether your area may be affected by surface water flooding at this risk level.

- High Risk** - an area which has a chance of flooding of greater than 1 in 30 (3.3%) in any one year.
- Medium Risk** - an area which has a chance of flooding of greater than 1 in 100 (1.0%) in any one year.

## Masts & Pylons

**Key:**

-  Power Pylons
-  Communication Masts

### What is Radon?

Radon is a natural radioactive gas, which enters buildings from the ground. Exposure to high concentrations increases the risk of lung cancer. The UK Health Security Agency (UKHSA) recommends that radon levels should be reduced in homes where the annual average is at or above 200 becquerels per cubic metre (200 Bq/m<sup>3</sup>).

This data indicates the level of noise according to the strategic noise mapping of road sources within areas with a population of at least 100,000 people (agglomerations) and along major traffic routes. This indicates a 24 hour annual average noise level with separate weightings for the evening and night periods.

Noise levels are modelled on a 10m grid at a receptor height of 4m above ground, polygons are then produced by merging neighbouring cells within the following noise classes:

- 75.0+ dB
- 70.0-74.9 dB
- 65.0-69.9 dB
- 60.0-64.9 dB
- 55.0-59.9 dB

### Martin & Co Guisborough

---

Martin & Co Guisborough is perfectly located, with a prime high street shop front. We have a large network of offices throughout the UK. We believe in delivering a high quality service to all our clients and continually invest in the latest technology, ideas and people to ensure we deliver the best possible outcome for our clients.

We believe that a reputation is maintained by hard work and honesty. A substantial amount of our business is generated from personal recommendations; we recognise how imperative it is to uphold our high standards in order to meet our clients' satisfaction. We would be delighted to provide you with free sales or lettings advice, without obligation, and welcome your call.

### Financial Services

---

Need a Mortgage?

Why be restricted to your current or high street lenders rates?

Especially when Martin & Co can introduce you to our Mortgage Advisor with access to whole of market mortgages (including a range of selected off market products), offering potential savings against your current lender.

Please call today to arrange a ten-minute (no obligation, or cost) telephone consultation (at a time to suit you).

One quick call could potentially save you thousands of pounds over the course of your mortgage.

### Testimonial 1

Super service from start to finish. Martins offered us a personalized service which provided valuable practical advice, coupled with prompt responses and regular updates on progress. All staff ensured we got an efficient, polite, and helpful experience to guide us through the marketing and sale of the property. This resulted in a sale being agreed within 7 days. Highly professional.

### Testimonial 2

Very professional team. Moving into our new home was amazing thanks to them.

### Testimonial 3

Excellent! Coleen is soo enthusiastic & Lucy, these two girls are great, no problems, sold my property in 4 day's!!!
