*"It is so convenient to have a separate reception (with dining) and lounge in the house, for when you need a more private space. Our favourite spot is definitely the lounge and we've kept the moodboard to match the vibe. Another spot that we love is our garden and the patio; it is quite big and has got no obstructions from any sides. If you like bright, airy spaces then our house is perfect; with french doors and full-sized windows."*
