*"We have felt so lucky living here, it feels like a nest above the city, close to everything yet so quiet and peaceful. The flat feels perfectly formed, light and well proportioned, yet the windows are probably its best feature, providing amazing natural light throughout the day and views to the hills beyond. Kingsdown itself is a beautiful area and has a wealth of amenities to enjoy, but we have also loved being able to walk to any neighbourhood from here, allowing us to really make the most of the area"*
