"We have really enjoyed living on Beckington Road, it will always have a special place in our hearts. It's such a friendly and peaceful road, surrounded by green space with great views of the city, but still very close to the centre and Bristol Temple Meads. All the neighbours are really friendly and supportive and we have made some great friends. We completely renovated the house in 2020, so almost everything is new, including full rewire, new boiler, kitchen, bathroom, roof and floors!"
