1 Bathrooms

"With this project, we have created high-quality accommodation for an increasingly popular area. Each apartment is a large one bedroom home, offering comfortable living with a high-quality finish. We have fitted each flat with AEG appliances, oak doors and flooring and high-end bathroom fittings. We have looked to leave the development with a good amount of outside space remaining on the plot, which gives an open feel to the development and also affords space for bike storage and gardens for the ground floor apartments. Being local developers, we know the area well but have really enjoyed speaking with neighbours and getting to know the community. We hope the flats will be a benefit to the area, whilst the new residents will also benefit from this great community, as well as the flats themselves."
