Viewings highly recommended

This impressive four double bedroom detached property is set in an exclusive cul-de-sac location in the popular seaside town of Porthcawl. Thoughtfully designed with architectural flair, the home blends generous living space with modern convenience. Located just a short distance from Porthcawl's town centre, renowned beaches, and scenic coastal walks, it offers the perfect balance between tranquillity and vibrant seaside living. Entered via a PVCu double glazed door flanked by a glazed panel, the spacious entrance hallway features a large storage cupboard, staircase to the first-floor landing, and doors leading to four well-proportioned reception rooms and a kitchen. The kitchen is fitted with a range of solid wood units with worktop space over, space for integrated dishwasher, sink unit with mixer tap, and a built-in eye-level double oven. Dual-aspect windows to the rear and side elevations allow plenty of natural light, with a doorway providing access to the utility room and external access to the garage side door. The utility room offers plumbing and space for two appliances, base units with worktop, a sink with mixer tap, a large built-in storage cupboard, continuation of the vinyl flooring, and a PVCu double glazed door leading to the side of the property. Two doors from the hallway open into the dining room and lounge, which are separated by a striking stone-fronted fireplace with gas fire. Both rooms overlook the large rear garden through French doors flanked by full-length windows. The lounge also benefits from an additional window to the side elevation. Coving to the ceilings adds a touch of elegance. The remaining two versatile reception rooms also lead off the hallway and feature front-facing PVCu double glazed windows, ideal for use as a home office, playroom, snug or music room. Upstairs, a spacious landing provides access to all bedrooms and the family bathroom, with a loft inspection point and a double storage cupboard. A separate doorway leads to a large eaves area at the front of the property, currently used for storage but offering potential for conversion into a

further bedroom or office space, subject to the necessary permissions. Three double bedrooms span the rear of the property, each with PVCu double glazed windows overlooking the garden. The principal suite boasts bespoke fitted bedroom furniture by Sigma and a private en suite bathroom featuring a four-piece suite comprising bath, shower cubicle, vanity unit wash hand basin, and WC. The ensuite also benefits from marble-effect PVCu wall panelling, clad ceiling, tiled flooring, a heated towel rail, and a window to the side elevation. The fourth bedroom, located to the front of the property, features a PVCu double glazed window and coved ceiling. The family bathroom is fitted with a three-piece suite including bath with overhead shower, built-in wash hand basin, and WC. A PVCu double glazed window to the side provides natural light, and the bathroom also benefits from a heated towel rail, marble-effect PVCu wall panelling, tiled flooring, and a storage cupboard with potential for a free standing shower. Externally, the front of the property is enclosed by a stone wall and accessed via electric gates. The large front garden is predominantly laid to lawn with

a patio seating area, a generous gravelled driveway leading to the garage with an electric sectional door and offering ample parking. To the rear is a spacious, enclosed garden bordered by walling and hedgerow, primarily laid to lawn with a patio area ideal for outdoor dining and entertaining. The property also features a comprehensive security suite with external cameras and internal alarm system for added peace of mind. Viewings are highly recommended to fully appreciate the location, design, and opportunity on offer with this unique coastal home.

Rules on letting this property

Properties can be let if they have an energy rating from A to E.

You can read guidance for landlords on the regulations and exemptions <https://www.gov.uk/guidance/landlords>

Energy rating and score

This property's energy rating is D. It has the potential to be C.

[See how to improve this property's energy efficiency](#)

The graph shows this property's current and potential energy rating.

Properties get a rating from A (best) to G (worst) and a score. The better the rating and score, the lower your energy bills are likely to be.

For properties in England and Wales, the average energy rating is D, the average energy score is 60.
