Move Inn Estates present this substantial three-bedroom semi-detached home on Harlington Road, West Feltham, offering exceptional potential for full renovation and long-term value. With over 1,100 sq. ft. of internal space, generous room proportions and classic 1930s architecture, this property presents a rare opportunity to restore a family home to its former glory or create an impressive investment project.

Occupying a prominent position, the house features the desirable hallmarks of the era, including a wide bay-fronted living room, a separate dining room with garden access, and a traditional layout that lends itself perfectly to modern reconfiguration. The ground floor also hosts a kitchen area ready for complete redesign, ideal for buyers looking to install a contemporary open-plan arrangement.

Upstairs, the first floor comprises three well-sized bedrooms two with bay windows alongside a family bathroom and landing with good natural light. All rooms require significant updating, offering a blank canvas for those wishing to personalise every aspect of the home. Throughout the property, signs of long-term wear, damp, and disrepair mean refurbishment is essential, making this an ideal purchase for builders, developers, or buyers seeking a project with significant upside.

Externally, the house benefits from a large rear garden, currently overgrown but brimming with potential to create a landscaped outdoor space, extend the property (STPP), or add a garden studio. The front garden provides an attractive setback from the road with scope for kerb-appeal enhancements.
